Sexual Health in Drug and Alcohol Treatment Douglas Braun-Harvey, 2009-07-27 Braun Harvey's manual deserves to become widely adopted at treatment centers across the United States and beyond His approach offers an effective method for mitigating the shame that binds people to their addictions In doing so it may help pave the way to protracted recovery Journal of Groups in Addiction and Recovery The curriculum provides a vision for chemical dependency treatment I have attempted to address for many years This looks like an approach

that finally meets this need Eli Coleman PhD Director of the Program in Human Sexuality University of Minnesota In this new evidence based curriculum Doug Braun Harvey challenges our attitudes and beliefs as well as our traditional ways of providing treatment This material on sexual health can help to provide a missing piece for many recovering addicts Stephanie S Covington PhD LCSW Author Women and Addiction A Gender Responsive Approach For men and women in addiction recovery sexual behavior linked with drug or alcohol use is too often the primary reason for relapse When sexuality is not directly and positively addressed in drug and alcohol treatment it can result in treatment failure or relapse This group facilitator s guide introduces a pioneering evidence based curriculum designed to integrate concepts of sexual health current sex research and recent developments in relapse prevention research With this guide group facilitators can offer clients a positive and safe forum within which to understand and change their sex drug linked behaviors Key Features Requires no specialized training and can be integrated into a wide variety of treatment programs with all types of clientele Contains lesson plans on dating and relationships spirituality and sexuality non consensual sex out of control sexual behavior and more Complete with suggested group activities guided discussions questions role plays and more Has been proven to improve client retention and decrease sexual behavioral problems [The Man Who Invented Gender](#) Terry Goldie,2014-07-31 In 1955 the controversial and innovative sexologist John Money first used the term gender in a way that we all now take for granted to describe a human characteristic Money s work broke new ground and gave currency to medical ideas about human sexuality As an ardent advocate for sexual liberation he became something of a fixture in the popular imagination This book cuts through Money s talent for polemic and self promotion by digging into the substance of Money s theories and achievements It offers for the first time a balanced and probing textual analysis of this pioneering scholar s writing to assess Money s profound impact on the debates and research on sexuality and gender that dominated the last half of the twentieth century Through his analysis Goldie recovers Money s brilliance and insight from simplistic dismissals of his work due to his involvement in the tragic David Reimer case while never losing sight of his flaws **A Clinical Guide to Treating**

Treating Out of Control Sexual Behavior Douglas Braun-Harvey, Michael A. Vigorito, 2015-11-05 Out of control sexual behavior referred to variously as sex addiction sexual compulsivity and hypersexuality among other terms has been a controversial and attention getting issue since it first captured both public and professional attention over 30 years ago Previous discussions of this behavior have been grounded in conceptualizing it as a pathologized medical issue on par with substance abuse addictions or in backlash as simply irresponsible behavior indicating weakness in the individual In keeping with the call from many leaders in the mental health and sexual health areas to move beyond these two polarized conceptualizations of these sexual behavior problems the authors present a model for working with clients in both group and individual treatment settings Based on their experience with hundreds of clients this book provides a comprehensive and practical conceptualization of out of control sexual behavior framed as a sexual health problem within a larger model of human behavior not a psychiatric or addictive disorder The book includes step by step tools for assessment treatment

planning as well as treatment implementation It describes a process for professionals to guide clients to define and be accountable for their own personal vision of sexual health as the foundation on which they regain sexual behavior control The authors provide rich and varied composite case examples based on 20 years of clinical experience that demonstrate clinician sexual health treatment conversations and tools as well as stories of hope and guidance so essential to individuals wanting to understand how sexual health can be the essential ally in changing their sexual behavior **Sin, Science, and the Sex**

Police John Money, 2010-12-30 Controversial sexual medicine icon Dr John Money has been on the leading edge of sex research for decades Supporters and students call him a powerful genius who has changed the face of sex research blazing new pathways for future scientists and sexologists especially in the murky area of gender identification and disorders **Sin Science and the Sex Police** contains twenty nine selections covering both the study of sex sexology and the ideology of sex sexosophy in which Money the man who coined the terms gender and lovemap ponders the many dimensions of human sexuality its biology the natural coding of sex assignments how we identify ourselves sexually the sex roles we play and more These fascinating essays explore the compelling topics of eroticism the ideology of homosexuality the concept of gender role and sexual identity antisexualism in history and religion Freud paraphilia gendermaps and loveblots lust in humans and animals evolutionary sexology the Kama Sutra masturbation sexological disorders sex reassignment orgasm body image and much more Money proclaims that while societies have cherished medicine and philosophy as sciences sex has unfortunately failed to be properly embraced Always on the cutting edge always far beyond his time Money enlightens and fascinates

Patterns of Desire William G. Herron, Rafael Art Javier, 2006 This new and important book reformulates the importance of sexuality in psychoanalysis through an integrated theory reflecting contemporary multiculturalism The disappearance of sex as a drive has been a function of the focus on sex as a relationship This focus has been a useful antidote to the lack of intersubjectivity that seemed to dominate drive theory but relational theory has unduly diminished the role of sexual desire Self theory has made an attempt to retain a drive like character for sexuality and in the process made a case for psychic energy personal agency and libidinal motivation but appears to stumble in an excessive emphasis on the power of agency as well as the need to eliminate instinctive causality This book challenges the prevailing paradigm in psychology in general and psychoanalysis in particular That is the over reliance on specific theoretical formulations that do not provide adequate opportunities to understand and truly appreciate the dilemma that patients normally bring to a practice **Discursive Intersexions** Michaela Koch, 2017-06-15 Life narratives and fiction that represent experiences of hermaphroditism and intersex are at the core of Michaela Koch's study The analyzed texts from the 19th to the early 21st century are embedded within and contrasted with contemporary debates in medicine psychology or activism to reveal the processes of negotiation about the meaning of hermaphroditism and intersex This cultural studies informed work challenges both strictly essentialist and constructivist notions It argues for a differentiated perspective on intersex and hermaphrodite experiences as historically

contingent fully embodied and nevertheless discursive subject positions **Straight** Hanne Blank,2012-01-31 It s surprising that the term heterosexuality is less than 150 years old and that heterosexuality s history has never before been written given how obsessed we are with it In *Straight* independent scholar Hanne Blank delves deep into the contemporary psyche as well as the historical record to chronicle the realm of heterosexual relations a subject that is anything but straight and narrow Consider how Catholic monasticism the reading of novels the abolition of slavery leisure time divorce and constipation of the bowels have all at some time been labeled enemies of the heterosexual state With an extensive historical scope and plenty of juicy details and examples *Straight* provides a fascinating look at the vagaries schisms and contradictions of what has so often been perceived as an irreducible fact of nature **Psychiatry in Law / Law in Psychiatry, Second Edition** Ralph Slovenko,2009-03-03 *Psychiatry in Law / Law in Psychiatry* 2nd Edition is a sweeping up to date examination of the infiltration of psychiatry into law and the growing intervention of law into psychiatry Unmatched in breadth and coverage and thoroughly updated from the first edition this comprehensive text and reference is an essential resource for psychiatry residents law students and practitioners alike **The Continuum Complete International Encyclopedia of Sexuality** Robert T. Francoeur,Raymond J. Noonan,2004-01-01 A completely updated one volume edition of the 4 volume *International Encyclopedia of Sexuality* Includes nearly 60 countries and places 12 not previously covered by more than 200 authorities It is the only reference work of its kind in any language **Transgender Emergence** Arlene Istar Lev,2013-01-11 Explore an ecological strength based framework for the treatment of gender variant clients This comprehensive book provides you with a clinical and theoretical overview of the issues facing transgendered transsexual people and their families *Transgender Emergence Therapeutic Guidelines for Working with Gender Variant People and Their Families* views assessment and treatment through a nonpathologizing lens that honors human diversity and acknowledges the role of oppression in the developmental process of gender identity formation Specific sections of *Transgender Emergence Therapeutic Guidelines for Working with Gender Variant People and Their Families* address the needs of gender variant people as well as transgender children and youth The issues facing gender variant populations who have not been the focus of clinical care such as intersexed people female to male transgendered people and those who identify as bigendered are also addressed The book examines the six stages of transgender emergence coming out transgendered as a normative process of gender identity development thinking outside the box in the deconstruction of sex and gender the difference between sexual orientation and gender identity as well as the convergence overlap and integration of these parts of the self the power of personal narrative in gender identity development etiology and typographies of transgenderism treatment models that emerge from various clinical perspectives alternative treatment modalities based on gender variance as a normative lifecycle developmental process Complete with fascinating case studies a critique of diagnostic processes treatment recommendations and a helpful glossary of relevant terms this book is an essential reference for anyone who works with gender variant people Handy tables
