Brown, 1988 *Principles of Physical Education and Sports Studies, and Research in All Nations* Noriaki Osada, 2010

Noriaki Osada, a teacher and philosopher, first published his revolutionary book *Theory of International Physical Education and Sports Studies for the Achievement of Peace*. With the offering before you, *Principles of Physical Education and Sports Studies and Research in All Nations*, Mr. Osada continues his quest elaborating on the theory of enlisting sports in the service of mankind as a means of promoting world peace. Today the Olympic Games represent a similar endeavor, but Mr. Osada's works not only create a broader vision but provide practical methods for making that dream a reality. The specific sports covered here are martial arts, skating, gymnastics, skiing, and dance, but the principles can be applied to all sports. An absolute must for physical education experts, this is an exciting and powerful work.

About the Author: Noriaki Osada was born in Kyoto, Japan, on March 19, 1949. He has a bachelor's degree from Osaka Physical Education College and an M.A. from National Osaka Education College. He also studied philosophy at Kyoto University as an auditing student. Mr. Osada continues his work in international physical education and sports studies as the founder of Olympic Education for people around the world. He is a lifetime member of ICHPERSD (International Council for Health, Physical Education, Recreation, Sports, Dance) and is also a member of AAHPERD (American Alliance for Health, Physical Education, Recreation, and Dance).
