**Rhys Davies** Huw Edwin Osborne, 2009-07-01 Davies was the holder of a complex identity he was a gay man who grew up as a shopkeeper's son in the Rhondda who left Wales to write about his homeland in England This book unravels a national experience that is deeply bound up in complex negotiations of class sexuality and gender and follows a career that was predicted to be that of the representative Welshman The book is divided into three sections the first begins with Davies's childhood in Blaenclydach and the ways in which his memories of his childhood reinforce continuing themes in his stories and novels the second will place Davies in literary London and address Davies's struggle to enter the privileged circles of literary production circulation and reception the final section considers the established Davies of the 1940s 50s and 60s

*Print of a Hare's Foot* Rhys Davies, 1969      New Territories in Modernism Laura Wainwright, 2018-03-15 Until very recently Welsh literary Modernism has been critically neglected both within and outside Wales This is the first book devoted solely to the study of Welsh literary Modernism revealing and examining eight key Anglophone Welsh writers Laura Wainwright demonstrates how their linguistic experimentation constituted an engagement with the unprecedented linguistic social and cultural changes that were the making of modern Wales and formed the crucible for the emergence of a distinct Welsh Modernism This study of Welsh Modernism challenges conventional literary histories and in more than one sense takes Modernism and Modernist studies into new territories

**The Rise of the Modernist Bookshop** Huw Osborne, 2016-03-09 The trade in books has always been and remains an ambiguous commercial activity associated as it is with literature and the exchange of ideas This collection is concerned with the cultural and economic roles of independent bookstores and it considers how eight shops founded during the modernist era provided distinctive spaces of literary production that exceeded and yet never escaped their commercial functions As the contributors show these booksellers were essential institutional players in literary networks When the eight shops examined first opened their doors their relevance to literary and commercial life was taken for granted In our current context of box stores online shopping and ebooks we no longer encounter the book as we did as recently as twenty years ago By contributing to our understanding of bookshops as unique social spaces on the thresholds of commerce and culture this volume helps to lay the groundwork for comprehending how our relationship to books and literature has been and will be affected by the physical changes to the reading experience taking place in the twenty first century

**Writing the 1926 General Strike** Charles Ferrall, Dougal McNeill, 2015-02-19 Charles Ferrall and Dougal McNeill's book analyses the vast literary response to the 1926 General Strike The Strike not only drew writers into political action but inspired literature that served to shape twentieth century British views of class culture and politics While major figures active at the time wrote on or responded to this crucial moment this is the first volume to address their respective works Ferrall and McNeill show how novels then in progress such as Virginia Woolf's *To the Lighthouse* and D H Lawrence's *Lady Chatterley's Lover* were affected by the Strike as well as the ways in which it has been

remembered from the 1930s to the present Their study sheds new light on the relationship between politics and literature of the modernist era      *Encyclopedia of the British Short Story* Andrew Maunder,2015-04-22 Provides a comprehensive reference to short fiction from Great Britain Ireland and the British Commonwealth featuring some of the most popular writers and works      *The Facts on File Companion to the British Short Story* Andrew Maunder,2007 A comprehensive reference to short fiction from Great Britain Ireland and the British Commonwealth With approximately 450 entries this A to Z guide explores the literary contributions of such writers as Joseph Conrad James Joyce D H Lawrence Rudyard Kipling Oscar Wilde Katherine Mansfield Martin Amis and others      *Letters from Wales* Sam Adams,2023-04-07 Letters from Wales stands alone as an invaluable guide to Welsh writing Sam Young Wales Arts Review In these columns as impressive for their depth as they are for their intellectual breadth Adams analyses the work of acclaimed Welsh writers with scholarly panache Joshua Rees Buzz Magazine illuminating and entertaining Jon Gower Nation Cymru Since 1996 Sam Adams s Letter from Wales column has been appearing in PN Review one of the most highly regarded UK poetry magazines offering insight and appreciation of Welsh writing culture and history This landmark volume collects these letters a quarter century of work and offers one of the most unique independent and passionate critical voices on the writing and cultural output of Wales during this period Here you will find erudite appreciations of the work of a wide range of recent and contemporary Welsh writers from Gillian Clarke to Roland Mathias RS Thomas to Rhian Edwards Alongside this Adams offers us lyric essays to Welsh history and clear eyed examinations of the institutions of Welsh culture Collected for the first time in this volume the letters are among the most significant and sustained attempts during this period to present Welsh writing to an audience throughout the UK and beyond      *Churchill as Home Secretary* Charles Stephenson,2023-02-22 There can be few statesmen whose lives and careers have received as much investigation and literary attention as Winston Churchill Relatively little however has appeared which deals specifically or holistically with his first senior ministerial role that of Secretary of State for the Home Office This may be due to the fact that of the three Great Offices of State which he was to occupy over the course of his long political life his tenure as Home Secretary was the briefest The Liberal Government of which he was a senior figure had been elected in 1906 to put in place social and political reform Though Churchill was at the forefront of these matters his responsibility for domestic affairs led to him facing other major challenges departmentally this was a time of substantial commotion on the social front with widespread industrial and civil strife Even given that Home Secretaries never do have an easy time his period in office was thus marked by a huge degree of political and social turbulence The terms Tonyandy and Peter the Painter perhaps spring most readily to mind Rather less known is his involvement in one of the burning issues of the time female suffrage and his portrayal as the prisoners friend in terms of penal reform Aged 33 on appointment and the youngest Home Secretary since 1830 he became empowered to wield the considerable executive authority inherent in the role of one of His Majesty s Principal Secretaries of State and he certainly did not shrink from doing so There were of course

commensurate responsibilities and how he shouldered them is worth examination Rhys Davies Meic Stephens,2001 Rhys Davies dedicated his life to writing and is regarded as one of the most accomplished Welsh prose writers in English This volume contains essays on major aspects of his life and work from the literary social and national contexts within which he wrote to issues of gender sexuality and race
