**In the Maelstrom** Myroslav Shkandrij, 2023-03-15 An estimated 25 000 Ukrainians served in the Fourteenth Waffen SS Galicia Division. Conflicting accounts of their reasons for enlistment and continuing accusations of wartime criminality have fuelled controversial debate for decades. The first comprehensive study of the division to address both its wartime experience and its postwar fate. In the Maelstrom draws on archival research that includes interrogation records, interviews, memoirs, testimonies and creative literature. The accounts of veterans often begin with being drafted into the force in their teenage years and continue into postwar life in Italian and British internment camps. These reminiscences are compared with wartime records and recent narratives. Myroslav Shkandrij discusses the commissions of inquiry into war crimes during the 1980s, recent debates over the issue of monuments and commemoration and different ways in which veterans, the diaspora community, Western governments and researchers have approached the division and its history. In the Maelstrom brings to light the underexplored Ukrainian experience in the Galicia Division during and after the war, an experience that resonates strongly today.

**Priorytety** Myroslav Malet[?]s[?]kyi, 1996 **In the Labyrinth of the KGB** Olga Bertelsen, 2022-02-15 2024 Winner Kjetil Hatlebrekke Memorial Book Prize King's College Centre for the Study of Intelligence. This book focuses on the generation of the sixties and seventies in Kharkiv, Soviet Ukraine, a milieu of writers who lived through the Thaw and the processes of de-Stalinization and re-Stalinization. Special attention is paid to KGB operations against what came to be known as the dissident milieu and the interaction of Ukrainians, Jews and Russians in the movement, their persona, friendships, formal and informal interactions and the ways they dealt with repression and arrests. This study demonstrates that the KGB unintentionally facilitated the transnational and intercultural links among the Kharkiv multi-ethnic community of writers and their mutual enrichment. Post-Khrushchev Kharkiv is analyzed as a political space and a place of state violence aimed at combating Ukrainian nationalism and Zionism, two major targets in the 1960s-1970s. Despite their various cultural and social backgrounds, the Kharkiv literati might be identified as a distinct bohemian group possessing shared aesthetic and political values that emerged as the result of de-Stalinization under Khrushchev. Archival documents, diaries and memoirs suggest that the 1960s-1970s was a period of intense KGB operations, active measures designed to disrupt a community of intellectuals and to fragment friendships, bonds and support among Ukrainians, Russians and Jews along ethnic lines, domestically and abroad.
