**America** H. Bruce Franklin, 1998-06-01 Harrowing in their frank detail and desperate tone the selections in this anthology pack an emotional wallop Should be required reading for anyone concerned about the violence in our society and the high rate of recidivism Publishers Weekly Includes work by Jack London Nelson Algren Chester Himes Jack Henry Abbott Robert Lowell Malcolm X Mumia Abu Jamal and Piri Thomas *American Prisons* David Musick, Kristine

Gunsaulus-Musick, 2017-05-18 Imprisonment has become big business in the United States Using a history of ideas approach this book examines the cultural underpinnings of prisons in the United States and explores how shared ideas about imprisonment evolve into a complex loosely connected nationwide system of prisons that keeps enough persons to populate a small nation behind bars razor wire and electrified fences Tracing both the history of the prison and the very idea of imprisonment in the United States this book provides students with a critical overview of American prisons and considers their past their present and directions for the future Topics covered include a history of imprisonment in America from 1600 to the present day the twentieth century prison building binge the relationship between U S prisons and the private sector a critical account of capital punishment less visible prison minorities including women children and the elderly and sex violence and disease in prison This comprehensive book is essential reading for advanced courses on corrections and correctional management and offers a compelling and provocative analysis of the realities of American penal culture from past to present It is perfect reading for students of criminal justice corrections penology and the sociology of punishment

**Prison Riots in Britain and the USA, 2nd ed** R. Adams, 2016-07-27 This is among the handful of prison books they include George Jackson s Soledad Brother and BB Michael Ignatieff s A Just Measure of Pain which moves and informs The sociology of prison riots MM the causes of outbreak and the nature of the reactions are subjects which have been largely ignored and need to be understood by those who either study criminal justice or work in the system His Honour Judge Stephen Tumin This challenging book is essential reading for everyone with an interest in penal policy and practice It uses extensive documentary evidence to demonstrate that prison riots in Britain and the US have shifted from traditional riots in which prisoners made no specific demands to consciousness raising riots where they often challenged the dominant penal philosophy of rehabilitation The book illustrates the violent nature both of many prison riots and of responses to them by the authorities It concludes that the challenge to all involved in debates about penal policy and practice is to project a future for prisons which goes beyond the patterns of confrontation which have been so much a feature of prison riots in the past

*Prisons and Crime in Latin America* Marcelo Bergman, Gustavo Fondevila, 2021-03-11 This groundbreaking work

examines Latin America's prison crisis and the failure of mass incarceration policies. As crime rates rose over the past few decades, policy makers adopted incarceration as the primary response to public outcry. Yet as the number of inmates increased, crime rates only continued to grow. Presenting new cross-national data based on extensive surveys of inmates throughout the region, this book explains the transformation of prisons from instruments of incapacitation, deterrence, and rehabilitation to drivers of violence and criminality. Bergman and Fondevila highlight the impacts of internal drug markets and the dramatic increase in the number of imprisoned women. Furthermore, they show how prisons are not isolated from society; they are sites of active criminal networks with many inmates maintaining fluid criminal connections with the outside world. Rather than reducing crime, prisons have become an integral part of the crime problem in Latin America.

Encyclopedia of American Prisons Marilyn D. McShane, Frank P. Williams, 2004-08-02 Original essays by corrections experts. The United States has the lightest incarceration rate in the world, and crime is one of the major driving forces of political discourse throughout the country. Information about penal institutions, imprisonment, and prisoners is important to everyone, from judges on the bench to citizens on the street. Now, for the first time, a comprehensive reference work presents a full overview of incarceration in America. The Encyclopedia features original essays by leading U.S. corrections experts who offer historical perspectives, insights into how and why the present prison system developed where we are today and where we are likely to be in the future. Every important aspect of American prisons is covered, from the handling of convicts with AIDS to juvenile delinquents behind bars, from boot camps to life without parole, from racial conflict to sexual exploitation. Features more than 160 signed articles. More than 160 signed articles by recognized authorities are presented alphabetically by topic. The articles, ranging from 1,000 to 6,000 words, provide an overview of each subject and include a selective bibliography. The coverage introduces readers to individuals noted for their work with prisons: James Bennett, Dorothea Dix, Howard Gill, facilities renowned for setting precedents: Walnut Street Jail, Alcatraz, Marion. Current policy, procedure, and program-oriented descriptions: contraband, boot camps, classification, technology, concise discussions of current prison issues: prisoners' rights, gangs, visits by the children of incarcerated women. Frequently, the articles chart the historical evolution of a subject area, explore current issues, and predict future trends. Discusses vital issues. The Encyclopedia also surveys and analyzes policies and procedures used in the past, such as chain gangs, building tenders, and Sacred Straight programs, as well as legislation that has shaped prison policy, such as the Ashurst-Summers Act and the Civil Rights of Institutionalized Persons Act. Offering a wealth of useful facts, this important new reference work contains a comprehensive name and subject index, internal cross-references, and a chronology of important events in prison history. The coverage encompasses historical and contemporary aspects of correctional institutions in the United States, discusses vital issues, and reports on the latest reaching findings. Photos of notable people and facilities accompany the text. This unique work fills a substantial reference need. Government officials, librarians, teachers, students, and professionals working within the corrections field will find the

coverage invaluable      *Prisons and Punishment in America* Michael O'Hear, 2018-09-14 Synthesizing recent scholarship in law and the social sciences on criminal sentencing and corrections this book provides a thorough balanced and accessible survey of the major policy issues in these fields of persistent public interest and political debate After three decades of explosive growth the American incarceration rate is impracticably high Drawing on leading research in law and the social sciences this book covers a range of topics in sentencing and corrections in America in a manner that is accessible and engaging for general readers Tackling high level issues in the criminal justice system it outlines the scale and causes of mass incarceration in the United States To complement this it details the roles and relative power of judges and prosecutors the severity of punishment for drug offenders and white collar offenders the abuse of prisoners and the enforcement of prisoner rights and repeat offending by released prisoners Readers will better understand the challenges that come with a high incarceration rate such as the management of mental illness in the criminal justice system the management of sex offenders and the impact of parental incarceration on children Looking ahead this timely resource also considers prospects for reducing current incarceration levels the availability and effectiveness of alternatives to incarceration and the future of capital punishment

American Prisons Elizabeth McConnell, Laura J. Moriarty, 1998-08-20 A collection of some of the most memorable matches featuring the WWE star John Cena. Cena made his WWE debut in 2002 and has since become a firm fan favourite winning the WWE Championship a record breaking 11 times. The featured matches include the 2008 World Heavyweight Championship match in which Cena took on Chris Jericho and his triple threat match against Triple H and Shawn Michaels at Survivor Series 2009.

*The Environmental Psychology of Prisons and Jails* Richard Wener, 2012-06-18 Jails and prisons are the only settings in which people are held against their will possibly for long periods of time and often with no pretense of doing so for their personal benefit. Occupants have little if any control over their lives as for instance the most basic assumptions about privacy to dress, shower and use the toilet are violated. This book addresses the impact of environmental design on inmates and staff members in jails and prisons and shows how design can dramatically affect the level of stress and violence.

Criminal Justice in America Carla Lewandowski, Jeff Bumgarner, 2020-11-17 This authoritative set provides a comprehensive overview of issues and trends in crime law enforcement courts and corrections that encompass the field of criminal justice studies in the United States. This work offers a thorough introduction to the field of criminal justice including types of crime, policing, courts and sentencing, landmark legal decisions and local state and federal corrections systems and the key topics and issues within each of these important areas. It provides a complete overview and understanding of the many terms, jobs, procedures and issues surrounding this growing field of study. Another major focus of the work is to examine ethical questions related to policing and courts, trial procedures, law enforcement and corrections agencies and responsibilities and the complexion of criminal justice in the United States in the 21st century. Finally, this title emphasizes coverage of such politically charged topics as drug trafficking and substance abuse, immigration, environmental protection, government surveillance and civil rights, deadly force, mass incarceration, police militarization, organized crime, gangs, wrongful convictions, racial disparities in sentencing and privatization of the U.S. prison system.

Prisons, Inmates and Governance in Latin America Máximo Sozzo, 2022-04-29 This edited collection addresses the topic of prison governance which is crucial to our understanding of contemporary prisons in Latin America. It presents social research from Nicaragua, the Dominican Republic, Venezuela, Colombia, Ecuador, Brazil, Peru, Uruguay and Argentina to examine the practices of governance by the prisoners themselves in each unique setting in detail. High levels of variation in the governance practices are found to exist not only between countries but also within the same country between prisons and within the same prison and between different areas. The chapters make important contributions to the theoretical concepts and arguments that can be used to interpret the emergence, dynamics and effects of these practices in the institutions of confinement of the region. The book also addresses the complex task of explaining why these types of practices of governance happen in Latin American prisons as some of them appear to be a legacy of a remote past but others have arisen more recently. It makes a vital contribution to the fundamental debate for prison policies in Latin America about the alternatives.

that can be promoted      **Women in American Prisons** Mark S. Fleisher, 2020-08-13 A fascinating look at the social life of women in prison Intended to shine the light on prison social life in the face of allegations of all sorts of misconduct and deviant behaviors      **Preventing Prison Violence** Armon J. Tamatea, Andrew J. Day, David J. Cooke, 2023-09-08 Preventing Prison Violence introduces the idea of prison ecologies a multi layered perspective to understanding prison violence as a product of human environment social and physical systemic and societal influences and how an ecological approach is helpful to prevention efforts Interpersonal violence is a global concern and a significant cause of death around the world In prisons the human financial and health burden of violence presents a significant social issue as well as a wicked problem that does not permit of simplistic solutions Recent innovations in data capture means that questions about violence gang affiliations and prisons that could not be answered previously can now be explored The central theme of this book is that prisons are ecologies spaces where people resources and the built environment are interrelated and that violence is a product of a complex of interpersonal and environmental factors that increase the likelihood of assault but also provide opportunities for solutions Drawing on psychology geography indigenous knowledge gang culture and predictive modelling this book expands beyond the conventional individual focused assessment intervention prevention approach to research in this field towards a holistic and ecological way of thinking that recognises individual organisational and cultural factors as well as the role of the physical environment itself in the facilitation and prohibition of aggression Providing a comprehensive resource for those who are interested in making prisons safer firmly based in contemporary research and theory Preventing Prison Violence will be of great interest to students and scholars of Penology Violence and Forensic Psychology as well as to professionals working in criminal justice settings The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

**Situational Prison Control** Richard K. Wortley, 2002-03-25 This book examines the control of problem behaviour in prison from a situational crime prevention perspective Following the success of situational crime prevention in community settings Richard Wortley argues that the same principles can be used to help reduce the levels of assault rape self harm drug use escape and collective violence in our prison systems This pioneering new study proposes a two stage model of situational prevention that moves beyond traditional opportunity reduction it attempts to reconcile the contradictory urges to control prison disorder by tightening up and hardening the prison environment on the one hand and loosening off and normalising it on the other Combining a comprehensive synthesis and evaluation of existing research with original investigation and ground breaking conclusions Situational Prison Control will be of great interest to academics and practitioners both in the areas of correction and crime prevention more generally
