Prison Work A Tale Of Thirty Years In Th:

A History of Modern American Criminal Justice Joseph F. Spillane, David B. Wolcott, 2013 This text focuses on the modern aspects of the history of criminal justice from 1900 to the present A unique thematic approach rather than a chronological approach sets this book apart from comparable books on the subject with chapters organized around themes such as policing courts due process and prison and punishment Making connections between history and contemporary criminal justice systems structures and processes this text offers the latest in historical scholarship made relevant to the needs of current and future practitioners in the field P 4 of cover

Breaking the Pendulum Philip Russell Goodman, Joshua Page, Michelle Phelps, 2017 In *Breaking the Pendulum* Philip Goodman Joshua Page and Michelle Phelps debunk the pendulum model of American criminal justice arguing that it distorts how and why punishment changes From the birth of the penitentiary through recent reforms the authors show how the struggle of players in the penal field shapes punishment

Coxsackie Joseph F. Spillane, 2014-06-15 How progressive good intentions failed at Coxsackie once a model New York State prison for youth offenders Should prisons attempt reform and uplift inmates or by means of principled punishment deter them from further wrongdoing This debate has raged in Western Europe and in the United States at least since the late eighteenth century Joseph F Spillane examines the failure of progressive reform in New York State by focusing on Coxsackie a New Deal reformatory built for young male offenders Opened in 1935 to serve adolescents adrift Coxsackie instead became an unstable and brutalizing prison From the start the liberal impulse underpinning the prison's mission was overwhelmed by challenges it was unequipped or unwilling to face drugs gangs and racial conflict Spillane draws on detailed prison records to reconstruct a life behind bars in which ungovernable young men posed constant challenges to racial and cultural order The New Deal order of the prison was unstable from the start the politics of punishment quickly became the politics of race and social exclusion and efforts to save liberal reform in postwar New York only deepened its failures In 1977 inmates took hostages to focus attention on their grievances The result was stricter discipline and an end to any pretense that Coxsackie was a reform institution Why did the prison fail For answers Spillane immerses readers in the changing culture and racial makeup of the U S prison system and borrows from studies of colonial prisons which emblemized efforts by an exploitative regime to impose cultural and racial restraint on others In today's era of mass incarceration prisons have become conflict ridden warehouses and powerful symbols of racism and inequality This account challenges the conventional wisdom that America's prison crisis is of comparatively recent vintage showing instead how a racial and punitive system of control emerged from the ashes of a progressive ideal

Carceral Apartheid Brittany

Friedman,2024-12-04 It is impossible to deny the impact of lies and white supremacy on the institutional conditions in US prisons There is a particular power dynamic of racist intent in the prison system that culminates in what Brittany Friedman terms carceral apartheid Prisons are a microcosm of how carceral apartheid operates as a larger governing strategy to decimate political targets and foster deceit disinformation and division in society Among many shocking discoveries Friedman shows that beginning in the 1950s California prison officials declared war on imprisoned Black people and sought to identify Black militants as a key problem creating a strategy for the management segregation and elimination of these individuals from the prison population that continues into the present day Carceral Apartheid delves into how the California Department of Corrections deployed various official clandestine and at times extralegal control techniques including officer alliances with imprisoned white supremacists to suppress Black political movements revealing the broader themes of deception empire corruption and white supremacy in American mass incarceration Drawing from original interviews with founders of Black political movements such as the Black Guerilla Family white supremacists and a swath of little known archival data Friedman uncovers how the US domestic war against imprisoned Black people models and perpetuates genocide imprisonment and torture abroad

The Recovery Revolution Claire D. Clark,2017-05-02 In the 1960s as illegal drug use grew from a fringe issue to a pervasive public concern a new industry arose to treat the addiction epidemic Over the next five decades the industry s leaders promised to rehabilitate the casualties of the drug culture even as incarceration rates for drug related offenses climbed In this history of addiction treatment Claire D Clark traces the political shift from the radical communitarianism of the 1960s to the conservatism of the Reagan era uncovering the forgotten origins of today s

recovery movement Based on extensive interviews with drug rehabilitation professionals and archival research The Recovery Revolution locates the history of treatment activists influence on the development of American drug policy Synanon a controversial drug treatment program launched in California in 1958 emphasized a community based approach to rehabilitation Its associates helped develop the therapeutic community TC model which encouraged peer confrontation as a path to recovery As TC treatment pioneers made mutual aid profitable the model attracted powerful supporters and spread rapidly throughout the country The TC approach was supported as part of the Nixon administration s law and order policies favored in the Reagan administration s antidrug campaigns and remained relevant amid the turbulent drug policies of the late twentieth and early twenty first centuries While many contemporary critics characterize American drug policy as simply the expression of moralizing conservatism or a mask for racial oppression Clark recounts the complicated legacy of the ex addict activists who turned drug treatment into both a product and a political symbol that promoted the impossible dream of a drug free America
