PART FIRST.

CHAPTER I.

MOTIVES, ARREST, IMPRISONMENT, ETC.

THE subjects of this narrative are ALANSON WORK, JAMES E. BURR, and GEORGE THOMPSON. The former was a man about forty years old—having a wife and four children—he was living at the Mission Institute, for the sake of educating his children, and training them up for usefulness. The other two persons were young men studying for the ministry.

The Mission Institute being situated near the Mississippi River, and just across the River from a Slave State (Missouri), we could, as it were, hear the crack of the overseer's whip—the shrieks and groans of those who were suffering its cruel inflictions. Their earnest cries for help—their sighs for deliverance—their importunate entreaties, as they rehearsed to us their tales of woe, reached our ears, and our hearts melted with pity, while the resolution was formed to respond to their call; and if need be, risk our own liberty and lives to effect their rescue.

Inasmuch as we desired mercy from the "God of heaven," should we at any time, be brought into trouble, we did not dare to shut our eyes, nor our ears, nor our hearts, nor to restrain our hands from delivering them out of their troubles—remembering, "Whoso stoppeth his ears at the cry of the poor, he also shall cry himself, and shall not be heard." The Carceral City John Bardes, 2024-04-02 Americans often assume that slave societies had little use for prisons and police because slaveholders only ever inflicted violence directly or through overseers Mustering tens of thousands of previously overlooked arrest and prison records John K Bardes demonstrates the opposite in parts of the South enslaved and free people were jailed at astronomical rates Slaveholders were deeply reliant on coercive state action Authorities built massive slave prisons and devised specialized slave penal systems to maintain control and maximize profit Indeed in New Orleans for most of the past half century the city with the highest incarceration rate in the United States enslaved people were jailed at higher rates during the antebellum era than are Black residents today Moreover some slave prisons remained in use well after Emancipation in these forgotten institutions lie the hidden origins of state violence under Jim Crow With powerful and evocative prose Bardes boldly reinterprets relations between slavery and prison development in American history Racialized policing and mass incarceration are among the gravest moral crises of our age but they are not new slavery the prison and race are deeply interwoven into the history of American governance

Buried Lives Michele Lise Tarter, Richard Bell, 2012 *Buried Lives* offers the first critical examination of the experience of imprisonment in early America These interdisciplinary essays investigate several carceral institutions to show how confinement shaped identity politics and the social imaginary both in the colonies and in the new nation The historians and literary scholars included in this volume offer a complement and corrective to conventional understandings of incarceration that privilege the intentions of those in power over the experiences of prisoners Considering such varied settings as jails penitentiaries almshouses workhouses floating prison ships and plantations the contributors reconstruct the struggles of people imprisoned in locations from Antigua to Boston The essays draw upon a rich array of archival sources from the seventeenth century to the eve of the Civil War including warden logs petitions execution sermons physicians clinical notes private letters newspaper articles runaway slave advertisements and legal documents Through the voices bodies and texts of the incarcerated *Buried Lives* reveals the largely ignored experiences of inmates who contested their subjection to regimes of power

military contractors Chapters investigate a variety of aspects of military leadership and management including coverage of technology discipline finance the environment and health and medicine Chapters also consider the political administration of the war examining how antebellum disputes over issues such as emancipation and the draft resulted in a shift of partisan dynamics and the ways that people of all stripes took advantage of the flux of war to advance their own interests
