Roth,2005-11-30 Prisons have undoubtedly changed over the years as have penal practices in general though more so in some countries than others Prisons and prison systems have long been an overlooked part of criminal justice research and as a result limited material is available on many institutions This comprehensive encyclopedia provides a historical overview of institutions and systems around the world as well as penal theories prisoner culture and life and notable prisoners and personnel Readers will find a plethora of information including material on such famous prisons as the Tower of London and Alcatraz as well as on such topics as boot camps and parole Other entries include Devil s Island supermaximum prisons Nelson Mandela Pennsylvania system and Amnesty International Numerous appendixes list famous prisoners prison museums prison slang and more Dictionary of National Biography Sir Leslie Stephen,Sir Sidney Lee,1895 *Political Pilgrims* Paul Hollander,2017-07-05 Why did so many distinguished Western Intellectuals from G B Shaw to J P Sartre and closer to home from Edmund Wilson to Susan Sontag admire various communist systems often in their most repressive historical phases How could Stalin s Soviet Union Mao s China or Castro s Cuba appear at one time as both successful modernizing societies and the fulfillments of the boldest dreams of social justice Why at the same time had these intellectuals so mercilessly judged and rejected their own Western liberal cultures What Impulses and beliefs prompted them to seek the realization of their ideals in distant poorly known lands How do their journeys fit into long standing Western traditions of looking for new meaning In the non Western world These are some of the questions Paul Hollander sought to answer In his massive study that covers much of our century His success is attested by the fact that the phrase political pilgrim has become a part of intellectual discourse Even in the post communist era the questions raised by this book remain relevant as many Western and especially American intellectuals seek to come to terms with a world which offers few models of secular fulfillment and has tarnished the reputation of political Utopias His new and lengthy introduction updates the pilgrimages and examines current attempts to find substitutes for the emotional and political energy that used to be invested in them **Dictionary of National Biography** Leslie Stephen,Sir Sidney Lee,1909 The Chinese Times ,1888 **Crime, Punishment and the Prison in Modern China** Frank Dikötter,2002

This book is a richly textured social and cultural study exploring the profound effects and lasting repercussions of superimposing Western derived models of repentance and rehabilitation on traditional categories of crime and punishment
