Shook, Bridget McInnis, Justin Piché, Kevin Walby, 2017-10-17 This special issue of the *Journal of Prisoners on Prisons* titled *Dialogue on Canada's Federal Penitentiary System and the Need for Change* features dozens of contributions written by criminalized men and women currently incarcerated in Correctional Service Canada CSC institutions The writings document the counterproductive changes to federal imprisonment made by the previous federal government These incarcerated writers

seek to contribute to the reflections of Justice Canada as it conducts a review of the penal system and to the Standing Senate Committee on Human Rights as it engages in a study about the treatment of prisoners in CSC penitentiaries Individual prisoners and Inmate Committees from CSC institutions in the Atlantic Quebec Ontario Prairie and Pacific regions who participated in this dialogue collectively express hope that the Government of Canada will move away from the punitive laws policies and practices To this end the issue includes several recommendations to be enacted in the short term to improve the lives of those who are imprisoned and who work in federal penitentiaries while also benefitting Canadian society by contributing to public safety Featuring dozens of contributions written by criminalized men and women currently incarcerated in Correctional Service Canada CSC institutions The writings document the counterproductive changes to federal imprisonment made by the previous federal government Published in English *A Treatise on Crimes and Misdemeanors* William Oldnall Russell,1877 *The Lawyers Reports Annotated* ,1915 **The Order of Terror** Wolfgang Sofsky,2013-06-17 During the twelve years from 1933 until 1945 the concentration camp operated as a terror society In this pioneering book the renowned German sociologist Wolfgang Sofsky looks at the concentration camp from the inside as a laboratory of cruelty and a system of absolute power built on extreme violence starvation terror labor and the business like extermination of human beings Based on historical documents and the reports of survivors the book details how the resistance of prisoners was broken down Arbitrary terror and routine violence destroyed personal identity and social solidarity disrupted the very ideas of time and space perverted human work into torture and unleashed innumerable atrocities As a result daily life was reduced to a permanent struggle for survival even as the meaning of self preservation was extinguished Sofsky takes us from the searing unforgettable image of the Muselmann Auschwitz jargon for the walking dead to chronicles of epidemics terror punishments selections and torture The society of the camp was dominated by the S S and a system of graduated and forced collaboration which turned selected victims into accomplices of terror Sofsky shows that the S S was not a rigid bureaucracy but a system with ample room for autonomy The S S demanded individual initiative of its members Consequently although they were not required to torment or murder prisoners officers and guards often exploited their freedom to do so in passing or on a whim with cause or without The order of terror described by Sofsky culminated in the organized murder of millions of European Jews and Gypsies in the death factories of Auschwitz and Treblinka By the end of this book Sofsky shows that the German concentration camp system cannot be seen as a temporary lapse into barbarism Instead it must be conceived as a product of modern civilization where institutionalized state run human cruelty became possible with or without the mobilizing feelings of hatred **Guardhouses and Confinement Facilities** ,1946
