has on the public Directly confronting the images of prisons and prisoners manufactured by popular media so called reality TV and for profit local and national news sources Fourth City recognizes American prisoners as our primary frontline witnesses to the dysfunction of the largest prison system on earth Filled with deeply personal stories of coping survival resistance and transformation Fourth City should be read by every American who believes that law should achieve order in the cause of justice rather than at its cost *Writing as Resistance* Robert Gaucher,2002 This anthology consists of a selection of articles and essays written by people who are either in prison or have been imprisoned The work of the writers was first published in several editions of the Journal of Prisoners on Prisons from 1988 to 2001 The writers address the growth and development of the crime control industry the social construction of prison life and the implications for society in general This anthology humanizes the prioner by enabling his her voice to be heard by members of society It opens with a general introduction to prison writing by the editor and with considerations on being a writer in prison by three established prison writers They write of the need to know understand and deconstruct the prison as a formative aspect of the decision to write and as an influence on their development as writers The entire collection presents the notion that writing and artistic expression become resistance a testament to surviving the dislocation that prison life creates Gaucher suggests that this moves writing from merely being an act of resistance and into the arena of cultural struggle **The Red Army Guerrilla Warfare Pocket Manual, 1943** Lester Grau,Michael Gress,2019-11-19 The indispensable guerilla warfare manual first developed by the Russian military during WWII with a thorough introduction on its legendary history During the Second World War the Red Army developed The Partisan s Companion to train Soviet guerillas to fight Nazi invaders It contains the Soviet lessons of two bitter years of war covering field craft guerilla tactics German counter guerrilla tactics demolitions German and Soviet weapons scouting camouflage anti tank warfare and anti aircraft defense for squad and platoon level instruction It proved so effective that it was later used to train Third World guerrillas in their wars of national liberation during the 1950s 70s and even the Fedayeen guerrillas who fought US and coalition forces in Iraq The Soviet partisans moved and lived clandestinely harassed the enemy and supported the Red Army through reconnaissance and attacks on German supply lines They clearly frustrated German logistics and forced the Germans to periodically sideline divisions for rear area security The partisans and their handbook were a vital part of the eventual Soviet victory over Germany This pocket manual puts The Partisan s Companion in context explaining its importance [The Red Army's Do-It-Yourself, Nazi-Bashing Guerrilla Warfare Manual](#) Lester Grau,Michael Gress,2020-01-10 The WWII Soviet guerilla training manual that became an essential text for freedom fighters across the globe complete with illustrations When Germany invaded the Soviet Union during World War II the Red Army began recruiting local partisans to help mount a resistance This edition of The Partisan s Companion is the last and best Red Army manual used to train these men to fight Nazi invaders Besides field craft it covers partisan tactics German counter guerrilla tactics demolitions German and Soviet weapons scouting camouflage anti

tank warfare and antiaircraft defense for squad and platoon level instruction It contains the Soviet lessons of two bitter years of war and provides a good look at the tactics and training of a mature partisan force While this handbook was a vital part of Soviet victory over the Nazis its usefulness outlived the Second World War It was later used to train guerrilla groups in the developing world during their wars of national liberation in the 1950s 70s Even the fedayeen guerrillas who fought US and coalition forces in Iraq relied on this manual for training tactics and general approach to combat A selection of the Military Book Club

Guide to Federal Records in the National Archives of the United States: Record groups 171-515

United States. National Archives and Records Administration,1995 **Hope Never to See It** Andrew Fialka,2025-03-01

Hope Never to See It illustrates two exceptional incidents of occupational and guerrilla violence in Missouri during the American Civil War The first is a Union spy s two week long murder spree targeting civilians and the second is a pro Confederate guerrillas mutilation of almost 150 U S troops The men leading the atrocities Jacob Terman alias Harry Truman and Bloody Bill Anderson weren t so different Both the Union spy and the infamous Confederate guerrilla claimed to be avenging the deaths of their families operated under orders from military officials and were hard drinkers Their acts outline the terror inflicted on both sides of the struggle This book s use of sequential art displays these grisly realities to mute the war s glorification and to help prompt a modern meaningful reconciliation with the war The moral ambiguities contained within this story call into question our understanding of the laws of war and the ways in which wars end
