Prisoners Are People:

Prisoners are People Kenyon Judson Scudder, 1968 *Opening the Doors* Paul Gill, 2018-09-12

How does a holy God associate with paedophiles murderers drug addicts alcoholics and others rejected by mainstream society This book is a product of many years working with and in some cases befriending the most despised people in society prisoners It addresses questions such as Why do some people end up in prison Do they just wake up one morning and think I am going to rob a bank today What happens when they get to prison How do they cope with the violence Is rehabilitation a realistic expectation How can victims of crime be helped and supported Ideal for outsiders volunteers and others helping out with prisoners Contains wise advice based on years of experience Places imprisonment in a Christian context Captures the essence of why some people end up in prison Reviews of the 1st edition Exceptionally insightful not to say riveting There is good theology too and difficult issues are addressed with great humanity The lavish presentation makes the book especially accessible and invites further reading and reflection Michael Hirst Handsomely produced a handbook for future prison chaplains *Opening the Doors* is indispensable beginning with the first day on the job the processes involved and the nexus between prison community and justice system Rarely is the inner world of prisoners offered with such detail and precision Every reader will learn something new whether it be the day to day life of chaplains or searing insights into the spirit and nature of humanity itself drawn from unsparing reality Ultimately it is Gill s sheer honesty and those of the prisoners themselves that remains with the reader Dr Toby Davidson lecturer at Macquarie University Sydney editor of Francis Webb s *Collected Poems* and author of the critical study *Christian Mysticism and Australian Poetry* Knitting together stories and facts about the prison experience to provide an insight into this world and a helpful guide to anyone wanting to work within it Catholic Record The book itself matches what a day working inside of prison is like For example the language is coarse and honest the stories are jarring and emotive the artworks and layout keep you guessing as to what is going to be around the next corner Gill s reflective poetry interspersed examines the role and the emotions of the chaplain Gill s book should be a guide to prison chaplaincy as it gives a window to humanising the dehumanised The book reminds us that there is a person behind the wall isolated and hurting who needs peace and grace without diminishing the effect of their actions or the damage caused to others and the need for justice The stories that are included are varied and poignant tasmaniananglican com au Raw and real confronting and challenging brutally honest tinged with touches of humour and provides the reader with a valuable insight into a prisoner s life The book is beautifully produced colourful and easy to read crosslight org au A timely and realistic introduction to and insight into a system that most people are not exposed to Paul s book is a passionate and accurate insight into life on the inside It looks at the process of incarceration and its effects on people This is a good book and highly recommended The Melbourne Anglican This attractively colourful edition shines a light not only into the depths of prison life but into the innermost thoughts and feelings of its inmates A powerful account occasionally confronting yet laced with

humour and pathos It is raw and real confronting and challenging brutally honest tinged with touches of humour providing the reader with a valuable insight into a prisoner s life behind the razor wire beautifully produced colourful and easy to read Reverend Graham Wright Senior Prison Chaplain for the Anglican Diocese of Perth

Critical Approaches to Death, Dying and Bereavement Erica Borgstrom,Renske Visser,2024-10-03 This book is the first of its kind to examine key topics in death dying and bereavement through a critical lens highlighting how the understanding and experience of death can vary considerably based on social cultural historical political and medical contexts It looks at the complex ways in which death and dying are managed from the political level down to end of life care and the inequalities that surround and impact experiences of death dying and bereavement Readers are introduced to key theories such as the medicalisation of dying as well as contemporary issues such as social movements pandemics and assisted dying The book stresses how death is not only a biological process or event but rather shaped by a range of intersecting factors Issues of inequalities in health inequities in support and intersectional analyses are brought to the fore and each chapter is dedicated to an issue that has interdisciplinary resonance thus showcasing the wider sociocultural and political factors that impact this time of life This book is valuable reading for scholars in thanatology and death studies and for those in related fields such as sociology of health medical and social anthropology and interdisciplinary social science courses

A Deputy Warden's Reflections on Prison Work Adria L. Libolt,2012-01-20 This book is a picture of prison life from the inside It illustrates prison life as at turns exciting surprising distressing and often amusing Each day is different and anyone who walks through a prison gate had better be alert It tells of the small human dramas that play out daily among staff prisoners and others who enter this gated world It calls the reader to see that justice begins by seeing each person staff or prisoner as an individual with his or her own story The passion of the author is to portray prison life as continuous with life in broader society In prisons we meet the same cast of characters the same temptations the same dangers and the same rewards as on the outside Rather than regarding prisons as separate worlds we should regard them as extensions of the society in which we live This is important because there is a continuous flow between prisons and the broader society Those who go to prison usually return to society Understanding how prisons work will help us as we consider how to reintegrate former prisoners into our society As the author argues this is difficult but important work

Prisons and Imprisonment Cormac Behan,Abigail Stark,2023-01-01 This textbook examines prisons and imprisonment Historically prisons and prisoners have been a source of interest to the general public However despite near universal acceptance of imprisonment as a feature of society we know relatively little about the reality of prison life or the effects it has on individuals and communities Using academic scholarship empirical research government papers policy reports and accounts from lived experiences of the institution this book analyses the complexities and contradictions of prison life the place of the prison in twenty first century society and its prospects for the future This book will introduce readers to key debates surrounding the use of imprisonment and challenge readers to interrogate

conventional perspectives on an institution that reflects the society in which it is situated *Philosophy and Community*
Amanda Fulford, Grace Lockrobin, Richard Smith, 2020-01-09 Why should we care about philosophy Public philosophy or doing philosophy in the community is an important and growing trend revealed not only by the phenomenon of the Parisian philosophy caf but also the contemporary rise of multiple grassroots projects for example the Philosophy in Pubs movement This book is the first to offer academic examination of the theoretical contributions and practical applications of community philosophy Bringing together voices from diverse contexts and subject areas from activism and political action to religious environments arts organisations and museums to maximum security prisons this collection asks key questions about the point of making philosophy available for everyone How do you do philosophy with the public Is philosophy in the community the same as academic philosophy Why is community philosophy important Including contributions from practitioners and researchers from professional philosophy education healthcare and community philosophy this collection offers perspectives on a growing area of study It offers a timely and critical introduction to and analysis of what philosophy can be when grounded in socially engaged activities **When Prisoners Return to the Community** Joan Petersilia, 2000

Correspondence Respecting Zululand ... Great Britain. Colonial Office, 1882 **Prime Time Prisons on U.S. TV** Bill Yousman, 2009 In the current era of rampant incarceration and an ever expanding prison industrial complex this crucial book breaks down the distorted and sensationalistic version of imprisonment found on U S television Examining local and national television news broadcast network crime dramas and the cable television prison drama Oz the book provides a comprehensive analysis of the stories and images of incarceration most widely seen by viewers in the U S and around the world The textual analysis is augmented by interviews with individuals who have spent time in U S prisons and jails their insights provide important context while encouraging readers to critically reflect on their own responses to television images of imprisonment Appropriate for both undergraduates and postgraduates Prime Time Prisons on U S TV is useful for courses in media criticism media literacy popular culture television studies and criminology *The Future of Imprisonment* Michael Tonry, 2004-04-08 The imprisonment rate in America has grown by a factor of five since 1972 In that time punishment policies have toughened compassion for prisoners has diminished and prisons have gotten worse a stark contrast to the origins of the prison 200 years ago as a humanitarian reform a substitute for capital and corporal punishment and banishment So what went wrong How can prisons be made simultaneously more effective and more humane Who should be sent there in the first place What should happen to them while they are inside When how and under what conditions should they be released The Future of Imprisonment unites some of the leading prisons and penal policy scholars of our time to address these fundamental questions Inspired by the work of Norval Morris the contributors look back to the past twenty five years of penal policy in an effort to look forward to the prison s twenty first century future Their essays examine the effects of current high levels of imprisonment on urban neighborhoods and the people who live in them They reveal how current

policies came to be as they are and explain the theories of punishment that guide imprisonment decisions Finally the contributors argue for the strategic importance of controls on punishment including imprisonment as a limit on government power chart the rise and fall of efforts to improve conditions inside analyze the theory and practice of prison release and evaluate the tricky science of predicting and preventing recidivism A definitive guide to imprisonment policies for the future this volume convincingly demonstrates how we can prevent crime more effectively at lower economic and human cost

Science Over Stigma Daniel B. Morehead, M.D., 2021-04-13 Recent surveys have found that the vast majority of the public believes that mental illness is real and treatable And yet fewer than half of people with diagnosable mental illnesses get treatment in any given year and of those who do only half adhere to it What accounts for the disconnect According to Daniel Morehead M D unchecked critiques of psychiatry that it is impossible to define mental illness that the neurobiology of major mental illnesses is unknown that patients are overdiagnosed and overmedicated has led to a public perception that mental health treatment is profoundly flawed In *Science Over Stigma* Dr Morehead argues that it is time for a full throated defense of mental health treatment and that it falls to everyone from medical and mental health professionals to the general public to advocate on its behalf In accessible terms this book sets forth a definition of mental illness candidly discussing what is known and what remains unknown and then describes its prevalence social and physical consequences and a range of treatments Each chapter includes advocacy tips that help reader translate the information they ve learned into the means for constructive dialogue By clearly laying out the science behind mental illness and its treatment and vividly illustrating how common it is affecting patients their friends and family and mental health professionals themselves this volume seeks to turn the recognition of psychiatric illness into practical behavior destigmatizing both the illness itself and the search for treatment

Biennial Supplement to the Codes and General Laws of the State of California California, 1924 *Journal of Prisoners on Prisons*, V34, #1 Justin Piché, Kevin Walby, 2025-01-22 VOLUME 34 Number 1 2025 is a special issue of the *Journal of Prisoners on Prisons* on Emotions and the Affective Politics of Incarceration edited by Jennifer M Kilty University of Ottawa Rachel Fayter Carleton University and Justin Pich University of Ottawa In addition to articles on the emotions affect and imprisonment this edition of the journal includes a call for contributions for the 50th edition of *Prisoners Justice Day* book reviews and artwork by Steel Door Studios <https://steeldoorstudios.com> When Texas Prison Scams Religion Michael G. Maness, 2023-05-22 *When Texas Prison Scams Religion* exposes corruption in the Texas Department of Criminal Justice especially in the abuse of religion In many ways this book is a literature review of 1 800 plus works that defends freedom of conscience in prison while exposing the unconstitutionality of the seminary program that buys faith with favor from prisoners The state veritably ordains the prisoner a Field Minister that represents the offices of the Governor TDCJ Director and wardens throughout the prison Therein TDCJ lies about neutrality in a program all about Christian missions and lies again in falsely certifying elementary Bible students as counselors Why is the director sponsoring psychopaths counseling

psychopaths In fact TDCJ pays 314 million a year to UTMB for psychiatric care and receives not a single report of the care given and worse for UTMB generates no reports itself The underbelly TDCJ s executive culture of cover up is exposed TDCJ has hired the lowest qualified of the applicant pool many times in the last 25 years and regularly destroys statistics on violence TDCJ Dir Collier led the prison to model Louisiana Warden Burl Cain the most scandal ridden in penal history according to a host of published news stories for 20 years Therein Collier led TDCJ to favor the smallest segment of religious society within Evangelical Dominionism Texas has no business endorsing the truth of any religion over another We close with a proposal that utilizes the 400 000 000 hours of officer contact over ten years as a definitive influence in contrast to a commissioner that spends less than 10 minutes on each decision Maness has been lobbying Austin for 15 years to definitively access staff for his 100 000 Mothers 1% Certainty Parole Texas Constitutional Amendment which would revolutionize prison culture and save Texans millions of the dollars

Understanding Prisoner Victimization Tom Daems,Elien Goossens,2024-04-16 People in prison are usually and often exclusively seen and approached as persons who have committed one or more crimes and who have to pay their debt to society However while in prison they often get victimised themselves Research has demonstrated that prisons tend to be unsafe environments where various forms of victimisation take place These forms of victimisation often go unnoticed and usually do not attract much interest from policymakers or society at large prisoners are indeed far from ideal victims This book is devoted to understanding prisoner victimisation in particular from a European perspective Chapters in this volume focus on recent empirical work in a number of European countries Belgium England and Wales and the Netherlands These chapters are complemented with a series of

reflections from a conceptual methodological and human rights perspective Chapter The Victim Offender Overlap in Prisons and Associated Challenges for Prison Managers is available open access under a Creative Commons Attribution 4.0
