Quiet Game:

The Quiet Game Greg Iles, 2000-07-01 INTRODUCING PENN CAGE From the author of Cemetery Road comes the first intelligent gripping thriller in the 1 New York Times bestselling Penn Cage series Natchez Mississippi Jewel of the South City of old money and older sins And childhood home of Houston prosecutor Penn Cage In the aftermath of a personal tragedy this is where Penn has returned for solitude This is where he hopes to find peace What he discovers instead is his own family trapped in a mystery buried for thirty years but never forgotten the town s darkest secret now set to trap and destroy Penn as well

The Oxford Handbook of Ritual Language David Tavárez, 2024-11-04 This volume brings together representative case studies and surveys that explore research into ritual language covering theoretical and methodological approaches that reflect traditional inquiries and more recent studies This recent literature contends that ritual language hinges on the construction of authoritative ontological models about the cosmos and its inhabitants Ritual speech also orchestrates performances that articulate representations of collective identities and rests on the diversity of hierarchical forms of authoritative knowledge displayed in both oblique and direct terms Moreover performances texts and narratives associated with ritual practices are closely entwined with historical accounts that navigate current memories recast in a diversity of ways about ancestral beings and distant or recent pasts or delimit a terrain in which dialectical relationships with colonial hegemony and Christian indoctrination emerge to transform the social order Ritual narrative often offers in its structure and delivery momentous representation of the social order social institutions social difference and collective identities and may also be constituted by claims about relations among species non human actors and material culture The Oxford Handbook of Ritual Language addresses foundational questions regarding the scope structuring use and consequences of ritual language The chapters examine the relationship between speakers consciousness and verbal ritual performances and between ritual language hegemony collective authority and the social world As the study of ritual speech hinges on extensive analyses of linguistic choices and styles the contributors draw on data from a wide range of language groups and societies in the Americas the Middle East the Pacific South Asia and the Indian Ocean

Algorithms for Games Georgy M. Adelson-Velsky, Vladimir L. Arlazarov, M.V. Donskoy, 2012-12-06 Algorithms for Games aims to provide a concrete example of the programming of a two person game with complete information and to demonstrate some of the methods of solutions to show the reader that it is profitable not to fear a search but rather to undertake it in a rational fashion make a proper estimate of the dimensions of the catastrophe and use all suitable means to keep it down to a reasonable size The book is dedicated to the study of methods for limiting the extent of a search The game programming problem is very well suited to the study of the search problem and in general for multi step solution processes With this in mind the book focuses on the programming of games as the best means of developing the ideas and methods presented While many of the examples are related to chess only an elementary knowledge of the game is needed
