Grass Irmgard Elsner Hunt The Avignon Quintet Lawrence Durrell, 2012-06-12 From the visionary author of the Alexandria Quartet comes a landmark five part series hailed by the Sunday Times as one of the great novels of our time One of the most celebrated English writers ever Lawrence Durrell was a bestselling author whose vivid metafiction pushed the boundaries of modern literature The cosmopolitan provocateur transcended borders ideologies and time in his work and he is at the height of his powers in the Avignon Quintet More formally daring than the Alexandria Quartet these sweeping and stylish novels set before during and after World War II loosely center on the race to uncover a treasure buried by the Knights Templar Each reveals a seemingly disparate piece of the puzzle In *Monsieur* it's the bittersweet return to southern France by

a British doctor in Livia it s two sisters driven apart by the rise of Nazism in Europe In Constance a Freudian analyst struggles for clarity in a world on fire in Sebastian she reconnects with the charismatic cult leader she knew in the deserts of Egypt And in Quinx long buried plots reemerge as the past and future are funneled into the present Durrell himself described the Avignon Quintet as a quincunx a series of novels roped together like climbers on a rockface but all independent Together they form a powerful meditation on the search for meaning in a world of chaos and brutality

Livia Lawrence Durrell,2012-06-12 At the dawn of World War II Livia and her sister Constance commit themselves to separate sides of a historic struggle in the second volume of the Avignon Quintet The second book of Durrell s inventive and inspiring Avignon Quintet Livia follows the currents of longing and regret and the shifting illusions of memory that began in Monsieur Two sisters Livia and Constance have already

led remarkable lives as scholars lovers of artists and seekers of the forbidden wisdom of Gnostic sages As Europe is shaken by the rise of fascism the two sisters find themselves driven apart by shifting alliances Livia is rich with Durrell's unmistakable gorgeous prose and breathtaking insights into love and the idiosyncrasies of the human heart **Monsieur** Lawrence Durrell, 2012-06-12 From the olive trees of southern France to Gnostic cults in Egypt a man and his lovers are invented and reinvented in this first volume of a great literary adventure For British doctor Bruce Drexel a return to Provence is bittersweet Here at a rustic chateau he once fell in love with Sylvie the Frenchwoman who would become his wife and befriended her brother Piers The three made up a peculiar potent ménage for years until Sylvie's descent into madness and Piers's suicide As Drexel attends to Piers's affairs he becomes steeped in the memories of a spiritually transformational trip to Egypt the band of intellectual confederates who used to be his intimate friends and a three-sided love that became his reason for being So begins Monsieur the masterful first entry of Durrell's Avignon Quintet an infinite regress of memory and imagination that challenges the formal conventions of fiction The Oxford Encyclopedia of British Literature David Scott Kastan, 2006-03-03 From folk ballads to film scripts this new five volume encyclopedia covers the entire history of British literature from the seventh century to the present focusing on the writers and the major texts of what are now the United Kingdom and the Republic of Ireland In five hundred substantial essays written by major scholars the Encyclopedia of British Literature includes biographies of nearly four hundred individual authors and a hundred topical essays with detailed analyses of particular themes movements genres and institutions whose impact upon the writing or the reading of literature was significant An ideal companion to The Oxford Encyclopedia of American Literature this set will prove invaluable for students scholars and general readers For more information including a complete table of contents and list of contributors please visit www.oup.com/us/ebL **Durrell Re-read** James M. Clawson, 2016-06-20 Reading the twelve major novels of Lawrence Durrell this study argues for their consideration as a single major project an opus marked by themes of liminality and betweenness As major texts of mid twentieth century literature repeatedly earning nominations for the Nobel Prize Durrell's work has attracted renewed critical attention since his centenary in 2012 This study shows the thematic unity of the opus in five areas First by disrupting expectations of love and death and by fashioning plural narrators works in the opus blend notions of the subject and the object Second in their use of metafictional elements the texts present themselves as neither fiction nor reality Third their approach to place and identity offers something between the naturalistic and the human centric Fourth though the texts' initial concerns are engaged with understanding the past and preparing for a future they all resolve in something like the present And fifth though the novels reject many aspects of modernism they reside nevertheless between the poles of modernism and postmodernism Shared with other writers including T S Eliot and Henry Miller as early as the 1940s Durrell's plans for his major works of fiction remained consistent through the publication of the last novel in 1985 and these plans show the need to consider the twelve major works as a unitary whole The Oxford
