Johnson, 1908-; Chronology--documents--bibliographical Aids* Lyndon Baines Johnson, 1971 **New York Magazine**, 1969-01-20 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea A Single Star and Bloody Knuckles Bill Minutaglio, 2021-05-04 Finalist 2021 Writers League of Texas Book Award For John Nance Cactus Jack Garner there was one simple rule in politics You've got to bloody your knuckles It's a maxim that applies in so many ways to the state of Texas where the struggle for power has often unfolded through underhanded politicking backroom dealings and quite literally bloodshed The contentious history of Texas politics has been shaped by dangerous and often violent events and been formed not just in the halls of power but by marginalized voices omitted from the official narratives A Single Star and Bloody Knuckles traces the state's conflicted and dramatic evolution over the past 150 years through its pivotal political players including oft neglected women and people of color Beginning in 1870 with the birth of Texas's modern political framework Bill Minutaglio chronicles Texas political life against the backdrop of industry the economy and race relations recasting the narrative of influential Texans With journalistic verve and candor Minutaglio delivers a contemporary history of the determined men and women who fought for their particular visions of Texas and helped define the state as a potent force in national affairs A Companion to Lyndon B. Johnson, a Bibliography Lyndon Baines Johnson Library, 1984 Persuasions and Prejudices Irving Horowitz, 2017-07-05 Review essays and statements written for special occasions may reveal as much about the writer as those written about this is the presumption undergirding this collection of thirty five years of criticism and commentary by Irving Louis Horowitz For this volume he selected his comments on famous near famous and infamous sociologists political scientists and assorted literary figures in between Taken as a whole this volume will surprise and delight readers who are acquainted with Horowitz's other works as well as those who are interested in the people he writes about The book covers notable social scientists from Arendt to Zetterberg and such major figures in between as Becker Bell de Jouvenel Mills

Parsons Solzhenitsyn and more than eighty others who have had an effect on the contemporary social and political landscape Each is critically examined sometimes positively other times negatively Horowitz was a major figure in his own right and his writing here displays the kind of refreshing frankness experts will expect and the general reader will appreciate The underlying assumption behind the volume giving its disparate parts a unified characteristic is that together these observations on others amount to a general perspective on social science held by the author Whether his larger ambition is accepted or disputed there is no doubt that the volume provides a standard against which to measure the literary quality of writing in the world of professional social research Crisis in American Institutions Jerome H. Skolnick, Elliott Currie, 1970
