to be so informative and so entertaining Sunday Times Santiniketan Sriniketan in India Dartington Hall in England Atarashiki Mura in Japan the Institute for the Harmonious Development of Man in France the Bruderhof in Germany and Trabuco College in America six experimental communities established in the aftermath of the First World War each aiming to change the world Anna Neima s *The Utopians* is an absorbing and vivid account of these collectives and their charismatic leaders

and reveals them to be full of eccentric characters outlandish lifestyles and unchecked idealism Dismissed and even mocked in their time yet a century later their influence still resonates in progressive education environmentalism medical research and mindfulness training Without such inspirational experiments in how to live post war society would have been a poorer place Thanks to Neima s rigorous research each chapter offers something new Spectator Neima ranges with impressive confidence across the world Literary Review *The English Writings of Rabindranath Tagore: Poems* Rabindranath Tagore,2004 [The Cambridge Handbook of Democratic Education](#) Julian Culp,Johannes Drerup,Douglas Yacek,2023-04-27 What kind of education is needed for democracy How can education respond to the challenges that current democracies face This unprecedented Handbook offers a comprehensive overview of the most important ideas issues and thinkers within democratic education Its thirty chapters are written by leading experts in the field in an accessible format Its breadth of purpose and depth of analysis will appeal to both researchers and practitioners in education and politics The Handbook addresses not only the historical roots and philosophical foundations of democratic education but also engages with contemporary political issues and key challenges to the project of democratic education [Understanding Multiculturalism](#) Johannes Feichtinger,Gary B. Cohen,2014-03-01 Multiculturalism has long been linked to calls for tolerance of cultural diversity but today many observers are subjecting the concept to close scrutiny After the political upheavals of 1968 the commitment to multiculturalism was perceived as a liberal manifesto but in the post 9 11 era it is under attack for its relativizing particularist and essentializing implications The essays in this collection offer a nuanced analysis of the multifaceted cultural experience of Central Europe under the late Habsburg monarchy and beyond The authors examine how culturally coded social spaces can be described and understood historically without adopting categories formerly employed to justify the definition and separation of groups into nations ethnicities or homogeneous cultures As we consider the issues of multiculturalism today this volume offers new approaches to understanding multiculturalism in Central Europe freed of the effects of politically exploited concepts of social spaces **Mystic Modernity** Ashim Dutta,2021-12-05 This is a transnational and bilingual investigation of the cross fertilisation of mystical religiosity and modern poetical imagination in the works of the Bengali poet Rabindranath Tagore and the Irish poet W B Yeats The book demonstrates how their commitments to transnational mysticism deeply form and inform the modernist literary projects of these poets as well as their understanding of cultural modernity Although its primary interest lies in their poetry and poetics the monograph also includes some of their relevant prose works This study begins with a close look at and around the phase of 1912 1913 when Yeats and Tagore met over the collection of the latter s English translations of his spiritual verses Gitanjali and took mutual interests in each other s works and cultural significances The monograph then expands on both sides of that phase selectively covering the whole career of the poets in its exploration of their parallel mystic modern cultural poetical projects
