Racial Equality In America In Search Of An Unfulfilled Goal Political Science Ser:

A Kinder, Gentler Racism? Steven A. Shull, 2017-09-29 This title was first published in 1993 One of the tests to which we subject our presidents concerns their capacity to lead their ability to achieve their political and policy goals This is the test of whether presidents make a difference to their institution their government and their country Professor Steven A Shull applies this test to Presidents Ronald Reagan and George Bush His focus is on their civil rights policies not only in theory and rhetoric but also in practice Shull examines this area of public policy as a measure of presidential leadership and substantive policy change The objective of this volume is to document how two conservative presidents confronted and confounded a policy they opposed the primacy of the national government in ensuring social and economic equity particularly among minorities and women *Racial Equality in America* Charles S. Bullock, Harrell R. Rodgers, 1975 **Civil Liberties** Stephen L. Wasby, 1977 And Kaye M Wright **Policy Studies Organization Series** Policy Studies Organization, 1976

Books in Series, 1985 Vols for 1980 issued in three parts Series Authors and Titles *Housing and Planning References*, 1976 *The President and Civil Rights Policy* Steven Shull, 1989-04-26 The most thorough systematic and historical examination of the interrelations of the president and other participants in civil rights policymaking The President and Civil Rights Policy investigates the process from agenda setting through implementation and even reviews policy impact Emphasizing the themes of leadership and change Shull surveys the numerous policy tools available to a president committed to policy change Although historical components are reviewed the stress here is on the contemporary presidency Included is a ground breaking detailed assessment of the Reagan administration that provides our first look at the president's role in a vital issue across the entire policymaking process Shull finds that the American president is the most prominent catalyst for most public policy programs with domestic issue areas like civil rights often allowing the greatest discretionary latitude This crucial issue functions as a barometer of presidential influence priority and action as what presidents choose to do may be largely up to them Some presidents such as Lyndon Johnson have initiated civil rights policies whereas others such as Ronald Reagan have acted to restrict government's role and have turned back the civil rights clock The main thrust here is that committed presidents lead and without leadership little change in policy occurs Various kinds of evidence from quantitative data on statements actions and results as well as memoirs and interviews are used to document the presidents impact on civil rights policy More than forty tables scrutinize almost every perceivable aspect of this subject from Major Events in the Struggle for Racial Equality to Average Expenditures Outlays for Civil Rights and Characteristics of Federal District and Appellate Court Judges The volume's four major divisions present a framework for the analysis focus on the president's role in agenda setting and policy formulation delineate the roles of others and their responses to presidents statements and actions and assess presidential impact This timely and detailed study will be useful supplementary reading in graduate and advanced undergraduate courses in the presidency American government civil liberties and in public policy courses

especially those using the process or content form of organization **American Book Publishing Record** ,1975 **Books in Print** ,1982 *Public Affairs Information Service Bulletin* ,1977 **Bulletin of the Public Affairs Information Service** Public Affairs Information Service,1976 **Coercion to Compliance** Harrell R. Rodgers,Charles S. Bullock,1976
Paperbound Books in Print ,1982 *National Union Catalog* ,1973 Includes entries for maps and atlases
