## **Red Ted The Life Of Eg Theodore:**

"Red Ted" Ross Fitzgerald,1994 E G Theodore one of Australia s most enterprising and unusual political figures was Treasurer and Premier of Queensland and later Federal Treasurer and Deputy Prime Minister of Australia in the Scullin Labor government      **The Life and Soul of the Party** Brett Evans,2001 Out of office and at sea the federal ALP has spent the past five years facing up to the causes of its electoral failure and the lessons for the future But despite the soul searching this work states that it s not clear that Labour has come up with a convincing case for its return to government      *The People's Champion, Fred Paterson* Ross Fitzgerald,1997 The first biography of F W Paterson radical barrister and Communist Party MLA for Bowen from 1944 to 1950 when his electorate was gerrymandered out of existence by the ruling Labor Party Detailed index      The Curse of Mungana David E. Moore,2016-12-06 The Mungana scandal is not just the story of a failed mining venture and its victims but an expose of the arrogance of powerful politicians who compromised integrity for personal greed Late in the 19th century mining entrepreneurs were eager to profit from over optimistic expectations of another Broken Hill in North Queensland Ventures thrived with private railways linking new mines including the town of Mungana In the wake of 1 000 disappointments of the failed Chillagoe Company the new Labor Government acquired the assets This was the signal for opportunistic operators and politicians to orchestrate secret deals allowing them to enjoy financial benefits at government expense The critical acquisition was Mungana Mines Its largest shareholder was William McCormack future Queensland Premier This culminated in a Royal Commission whose bombshell report exposed key beneficiaries including McCormack and his friend Edward Theodore then Treasurer of Australia In the aftermath of the scandal several myths have arisen These are identified and refuted It is pertinent to ask if ethical standards have really improved over the past 80 years      *The Pope's Battalions* Ross Fitzgerald,Adam James Carr,William J. Dealy,2003 A prophet whose confident prophecies were frequently proved wrong B A Santamaria profoundly affected 20th century Australian political life Although he rarely gave interviews and never held elected office Santamaria became widely known through his regular commentaries in the Australian and in his magazine News Weekly Building on his battle against Communist influence in the trade unions Santamaria boldly attempted to capture the ALP and transform it into a European style Christian Democrat party The ensuing split was disastrous demoralising the ALP and casting Santamaria out of the Labor fold for all time      **Australia in the Global Economy** David Meredith,Barrie Dyster,2000-01-17 This up to date volume considers Australian economic development in light of worldwide political and social developments arguing that the Australian economy is an integral part of the world economy and subject to the same trends across the globe The book also focuses on domestic factors that have shaped the growth of the Australian economy such as the growth of exports the role of foreign capital and the positive contribution of migrants The authors also consider the Gulf Wars the East Asian financial crisis and globalization

patterns Together these essays tell the story of fifty years that changed the world Alas it Seems Cruel Peter Bell,2013 Peter Bell grew up in Cairns in the 1960s a few years after the town of Mount Mulligan had been abandoned He went to school with members of the dispersed community and he heard stories about the mine disaster that had happened in their grandparent s time Neither Power Nor Glory Paul Strangio,2012 When Frank Hardy published *Power Without Glory* his notorious novel about corruption and venality in the Victorian Labor Party it quickly came to be seen as a true account of the party Until now there has been no authoritative chronicle of the struggles of political Labor in Victoria from its origins in the mid nineteenth century through to the calamitous split of the 1950s By conventional measures these were fallow years Ensnared by the colony s powerful liberal protectionist tradition in the late nineteenth century Victorian Labor then found itself hindered by a grossly unfair electoral system and the lack of a constituency outside Melbourne s industrial suburbs But exile from government also meant that the party developed its own distinctive traditions and culture It was a unique and intriguing species among the state Labor parties Meticulously researched and elegantly written *Neither Power Nor Glory* fills an important gap in Australian political history and our understanding of the Labor Party It is also a timely antidote to nostalgia about Labor s past In Victoria at least that past was anything but golden **My Name Is Ross** Ross Fitzgerald,2010-10 Brutally honest and inspiring this narrative tells the story of a well known writer s life as an alcoholic and his struggle to become and stay sober Beginning with his first drink at the age of 14 this unique account traces the author s relationship with alcohol taking readers on a journey from substance abuse and despair to hope and courage Both heart wrenching and enlightening this chronicle is a strong personal story of triumph over substance abuse that will grip readers from the start *McCawley and Trethowan - The Chaos of Politics and the Integrity of Law - Volume 2* Ian Loveland,2021-07-01 In the second part of this two volume study Ian Loveland delves deeply into the immediate historical and political context of the Trethowan litigation which began in New South Wales in 1930 and reached the Privy Council two years later The litigation centred on the efforts of a conservatively inclined government to prevent a future Labour administration led by the then radical politician Jack Lang abolishing the upper house of the State s legislature by entrenching the existence of the upper house through the legal device of requiring that its abolition be approved by a state wide referendum The book carefully examines the immediate political and legal routes of the entrenchment device fashioned by the State s Premier Sir Thomas Bavin and his former law student colleague and then Dean of the Sydney University law school Sir John Peden and places the doctrinal arguments advanced in subsequent litigation in the State courts before the High Court and finally in the Privy Council in the multiple contexts of the personal and policy based disputes which pervaded both the State and national political arenas In its final chapter the book draws on insights provided by the detailed study of McCawley in volume one and Trethowan to revisit and re evaluate the respective positions adopted by William Wade and Ivor Jennings as to the capacity of the United Kingdom s Parliament to introduce entrenching legislation which would be upheld

by the courts      Fame Games Graeme Turner, Frances Bonner, P. David Marshall, 2000-10-12 The areas of publicity public relations and promotions have been considered to be on the periphery of the media Yet this revealing new book demonstrates that they form a fundamental component of the media industries with the decline of hard news being accompanied by the rise of gossip and celebrity In addition to making a substantial contribution to our understanding of the cultural function of celebrity Fame Games outlines how the promotion industry has developed and how celebrity is produced promoted and traded within the Australian media While their analysis will inform academic debates on media practice internationally the authors have taken the unique step of investigating the workings of the Australian promotion industry from within Interviews with over 20 publicists promoters agents managers and magazine editors have provided a wealth of information about the processes through which celebrity in Australia is produced      **The Cosmopolitan Empire** Peter Gerard Myers, 2023-10-13 This book is about conspiracies in high places Conspiracies it covers include the assassination of JFK the attacks of 9 11 the Covid 19 Lockdown Orwell depicted Speech Codes and Thought Police Both have turned out to be correct      **Born with a Copper Spoon** Robrecht Declercq, Duncan Money, Hans Otto Frøland, 2022-11-15 Over the past two centuries industrial societies hungry for copper essential for light power and communication have demanded ever increasing quantities of the metal Born with a Copper Spoon examines how the metal has been produced distributed controlled and sold on a global scale However this is not simply a narrative of ever increasing and deepening global connections It is also about periods of deglobalization fragmentation and attempts to sever connections Throughout history copper production has spawned its own practices technologies and a constantly changing political economy Large scale production has affected ecologies states and companies while creating and even destroying local communities dependent on volatile commodity markets Former president of Zambia Kenneth Kaunda once remarked that Zambians were born with a copper spoon in our mouths but few societies managed to profit from copper s abundance From copper cartels and the futures market to the consequences of resource nationalism Born with a Copper Spoon delivers a global perspective on one of the world s most important metals      **A Subject Index to Current Literature** Australian Public Affairs Information Service,      *Australia's Boldest Experiment* Stuart Macintyre, 2015-06-01 In this landmark book Stuart Macintyre explains how a country traumatised by World War I hammered by the Depression and overstretched by World War II became a prosperous successful and growing society by the 1950s An extraordinary group of individuals notably John Curtin Ben Chifley Nugget Coombs John Dedman and Robert Menzies re made the country planning its reconstruction against a background of wartime sacrifice and austerity The other part of this triumphant story shows Australia on the world stage seeking to fashion a new world order that would bring peace and prosperity This book shows the 1940s to be a pivotal decade in Australia At the height of his powers Macintyre reminds us that key components of the society we take for granted work welfare health education immigration housing are not the result of military endeavour but policy planning politics and popular resolve      Overland ,1996
