HIS HEAD"

"THE WORLD IS  
MY OYSTER"

"BRAVE NEW WORLD"

"BE ALL / END ALL"

"A SORRY SIGHT"

# Redeeming Shakespeares Words

**Benjamin Boysen**

## **Redeeming Shakespeares Words:**

*Redeeming Shakespeare's Words* Paul A. Jorgensen, 1985      *Redeeming Shakespeare's Words* Paul Alfred Jorgensen, 1962      Shakespeare's Romance of the Word Maurice Hunt, 1990 This work is a critical study of Pericles Cymbeline The Winter's Tale and The Tempest with a focus on Shakespeare's exploration of language in its destructive potentialities and its redemptive workings      **Shakespeare's Sceptered Isle** Brian Carroll, 2022-05-18 This work searches Shakespeare's history and Roman plays to find the raw materials of English national consciousness and identity The messages of Shakespeare's history plays are not principally the plots or facts of the dramas but the attitudes and imaginings they elicited in audiences Reading Shakespeare through the lens of national identity is a study almost as old as the plays themselves and many scholars have found various articulations of nationhood in Shakespeare's plays This book argues that Shakespeare's histories furnished modern England with a curriculum for constructing a national identity a confidence of language and culture and a powerful new medium through which to communicate and express this negotiated identity Highlighting the application of semiotics it studies the playwright's use of symbols metonymy symbolic codes and metaphor By examining what Shakespeare and playgoers remembered and forgot as well as the ways ideas were framed this book explores how a national identity was crafted contested and circulated      **A Selective Bibliography of Shakespeare** James G. McManaway, Jeanne Addison Roberts, 1978-07 This bibliography provides easy access to the most important Shakespeare studies in the past four decades Brief annotations a detailed table of contents cross references and a complete index make this bibliography especially useful      *A Reader in the Language of Shakespearean Drama* Vivian Salmon, Edwina Burness, 1987-01-01 In recent years the language of Shakespearean drama has been described in a number of publications intended mainly for the undergraduate student or general reader but the studies in academic journals to which they refer are not always easily accessible even though they are of great interest to the general reader and essential for the specialist The purpose of this collection is therefore to bring together some of the most valuable of these studies which in discussing various aspects of the language of the early 17th century as exemplified in Shakespearean drama provide the reader with deeper insights into the meaning of Shakespearean text often by reference to the social literary and linguistic context of the time      **The Literary Language of Shakespeare** S.S. Hussey, 2018-10-08 Professor Hussey looks at the vocabulary syntax and register of Renaissance English following this with a more detailed analysis of particular kinds of language in the plays such as prose verse rhetoric and the soliloquy For this new edition the text has been revised throughout with in particular a completely new chapter providing detailed readings of selected plays illustrating the ways particular aspects of language can be studied in practice      **Henry IV Parts I and II** Ronald Knowles, 1992-04-01 This volume analyses leading critics from the 17th century to the 20th century who have commented on Henry IV Parts I and II Beginning with the significance of the Dering manuscript and Dryden's comments the study continues with the dominance of Falstaff in eighteenth century debate

in such figures as Dr Johnson and Maurice Morgann Neoclassical Romantic and Victorian judgements are surveyed particularly stressing German criticism Consideration of negative and positive ideological readings from A C Bradley to Graham Holderness is followed by an appraisal of the conflict of two value systems within the plays between art and history the universal and the feudal      **Shakespeare and the Classical Tradition** Lewis Walker,2019-05-24 This bibliography will give comprehensive coverage to published commentary in English on Shakespeare and the Classical Tradition during the period from 1961 1985 Doctoral dissertations will also be included Each entry will provide a clear and detailed summary of an item s contents For pomes and plays based directly on classical sources like Antony and Cleopatra and The Rape of Lucrece virtually all significant scholarly work during the period covered will be annotated For other works such as Hamlet any scholarship that deals with classical connotations will be annotated Any other bibliographies used in the compiling of this volume will be described with emphasis on their value to a student of Shakespeare and the Classics      *Nothingness, Negativity, and Nominalism in Shakespeare and Petrarch* Benjamin Boysen,2020-11-09 Being exposed to the Nominalist expansion in early modernity Petrarch and Shakespeare are highly preoccupied with a Nominalist dimension of language and representation Against this background the study shows how these Renaissance poets advanced a special notion of subjectivity and identity as rooted in negativity otherness and representation The book thus argues for a new understanding of negative modes of subjectivity in Petrarch and Shakespeare A new and sharpened understanding emerging from an interpretation of Francesco Petrarch s notion of exile and of love in his great poetical cycle Rerum vulgarium fragmenta as well as a meticulous examination of the concept of nothingness in William Shakespeare s works Petrarch and Shakespeare poetically show how identity is alien and decentred yet also free and expanding In other words these poets illustrate how subjectivity is constituted by heterogeneity Moreover pointing to other examples of this negative subjectivity in Renaissance philosophy and poetry the study suggests that these models for subjectivity could be extended to other early modern writers

**Routledge Library Editions: Study of Shakespeare** Various,2021-11-01 This 14 volume set contains titles originally published between 1926 and 1992 An eclectic mix this collection examines Shakespeare s work from a number of different perspectives looking at history language performance and more it includes references to many of his plays as well as his sonnets      Routledge Library Editions: Alchemy Various Authors,2021-03-05 Reissuing seminal works originally published between 1916 and 1995 Routledge Library Editions Alchemy 7 volume set offers a selection of scholarship covering various facets of alchemical traditions Some texts examine alchemy itself while some offer insight into the motives for alchemical research and others outlay portraits of people such as Giordano Bruno and John Dee      The Renaissance Drama of Knowledge Hilary Gatti,2013-02-15 Giordano Bruno s visit to Elizabethan England in the 1580s left its imprint on many fields of contemporary culture ranging from the newly developing science the philosophy of knowledge and language to the extraordinary flowering of Elizabethan poetry and drama This book explores Bruno s influence on English figures as different

as the ninth Earl of Northumberland Thomas Harriot Christopher Marlowe and William Shakespeare Originally published in 1989 it is of interest to students and teachers of history of ideas cultural history European drama and renaissance England Bruno s work had particular power and emphasis in the modern world due to his response to the cultural crisis which had developed his impulse towards a new faculty of knowing had a disruptive effect on existing orthodoxies religious scientific philosophical and political      *The Language of Shakespeare* Norman Blake,1989-06-22 This book provides an accessible guide to the linguistic environment of Shakespeare his use of vocabulary grammar and sentence construction Although Shakespeare s plays are familiar to us the language in them is not always easy to understand or translate Not only does Shakespeare use difficult and seemingly archaic words but also constructs his sentences and makes use of grammar in a very different way to modern writers This book is an introduction to the various aspects of the language of Shakespeare and his contemporaries Professor Blake has provided an accessible guide to the linguistic environment of Shakespeare his use of vocabulary grammar and sentence construction By understanding Shakespeare s language students can avoid misinterpretation recognise the possibilities of linguistic meaning and so fully appreciate Shakespeare s formidable artistry

*The Drama of Speech Acts* Joseph A. Porter,2023-11-15 This study delves into the role of language and speech in Shakespeare s Lancastrian tetralogy Richard II 1 Henry IV 2 Henry IV and Henry V It aims to provide an integrated analysis of how language is conceived and utilized across these plays exploring both thematic and dramaturgical elements The discussion challenges the notion of the tetralogy s disunity presenting evidence for its aesthetic cohesion despite initial objections based on Shakespeare s evolving vision for the plays The study adopts a dual approach balancing the unity of the tetralogy with the integrity of each individual play supported by a comprehensive methodology that combines linguistic philosophy particularly the concept of speech acts developed by J L Austin In analyzing the plays the study introduces three key metaphors to frame the exploration of language s evolution in the tetralogy the shift from the Middle Ages to the Renaissance the story of the Tower of Babel and the Biblical Fall These metaphors help articulate the moral and linguistic transformations seen in the characters especially in their use of speech to assert authority control and identity Austin s speech act theory provides a foundational framework for examining how utterances in these plays are more than just verbal expressions but are active forces shaping the narrative and characters relationships Through this lens the study not only reflects on Shakespeare s manipulation of language but also on its dramatic function in creating meaning and action within the play s political and social contexts This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1979      **Shakespeare Survey** Kenneth Muir,2002-11-28 The first fifty volumes of this yearbook of Shakespeare studies are being reissued in paperback      *The*

*Bible in Shakespeare* Hannibal Hamlin, 2013-08-29 Despite the widespread popular sense that the Bible and the works of Shakespeare are the two great pillars of English culture and despite the long standing critical recognition that the Bible was a major source of Shakespeare's allusions and references there has never been a full length critical study of the Bible in Shakespeare's plays *The Bible in Shakespeare* addresses this serious deficiency Early chapters describe the post Reformation explosion of Bible translation and the development of English biblical culture compare the Church and the theater as cultural institutions particularly in terms of the audience's auditory experience and describe in general terms Shakespeare's allusive practice Later chapters are devoted to interpreting Shakespeare's use of biblical allusion in a wide variety of plays across the spectrum of genres *King Lear* and *Job* *Macbeth* and *Revelation* the Crucifixion in the *Roman Histories* Falstaff's anarchic biblical allusions and variations on Adam Eve and the Fall throughout Shakespeare's dramatic career from *Romeo and Juliet* to *The Winter's Tale* *The Bible in Shakespeare* offers a significant new perspective on Shakespeare's plays and reveals how the culture of early modern England was both dependent upon and fashioned out of a deep engagement with the interpreted Bible The book's wide ranging and interdisciplinary nature will interest scholars in a variety of fields Shakespeare and English literature allusion and intertextuality theater studies history religious culture and biblical interpretation With growing scholarly interest in the impact of religion on early modern culture the time is ripe for such a publication

*Shakespeare and the Shapes of Time* David Scott Kastan, 1982-06-18      *Shakespeare* David M. Bergeron, Geraldo U. de Sousa, 1987 This updated edition should be welcomed by anyone interested in Shakespeare Particularly useful are its pithy introductions and bibliographies on various critical approaches David Bevington editor of *Complete Works of Shakespeare* A handy compact map to the changing and contested field of Shakespeare studies Bruce R Smith author of *Homosexual Desire in Shakespeare's England* Copyright Libri GmbH All rights reserved      *Shakespeare and Quotation* Julie Maxwell, Kate Louise Rumbold, 2018-04-26 Shakespeare is both the world's most quoted author and a frequent quoter himself This volume unites these creative practices
