updated translation offers the most substantial advance in I Ching since Richard Wilhelm introduced the oracle to the West in the 1920s The I Ching is one of the oldest Chinese texts and the world's oldest oracle Accumulated from over 2 500 years of diviners sages and shamans and born out of the oral tradition the I Ching as we know it today is a collection of texts imagery and advice philosophy and poetry divided into 64 chapters There are 64 hexagrams created from a collection of six lines either broken or solid In order to read from the book you must cast a hexagram The traditional method required yarrow sticks but nowadays is based on tossing three coins six times The Original I Ching Oracle or Book of Changes was inspired by Carl Gustav Jung's insights into the psyche and researched for more than 60 years through the Eranos Foundation of Switzerland It presents the oracular core of the I Ching as a psychological tool the symbols interact with our minds in the same way dream images do **The Original I Ching Oracle** ,2007 This remarkable work is the final result of 50 years of I Ching research and over 10 years of roundtables and seminars Based on a revolutionary translation method and inspired by Carl Jung's insights into the psyche The Original I Ching Oracle offers Western readers the closest possible approach to the true content of the ancient Chinese oracle By cutting through layers of philosophical analysis and recovering the original images of the I Ching it puts readers in contact with a deep universal dimension of the human psyche as important today as it was for the shamans in China over 3 000 years ago I Ching ,2010-04 The I Ching Yijing is an important text in the canon of world literature It is also a divination tool familiar to millions of modern users Books on the I Ching tend to approach it exclusively as one or the other literary text or oracle This annotated translation is designed to reconcile a century of provocative new scholarship with the function of divination for the modern reader The most exciting new scholarship illuminates the epic tale of wise King Wen valorous King Wu and the rise of the Zhou dynasty The emergence of this wonderful story explains countless cryptic allusions in the I Ching It also provides an elegant way to recover the divinatory function for the modern reader and suggests how it may have functioned for the original diviners In this view to make a divination is to read the moment against the dynasty change narrative truly to consult King Wen **The Eastern Mysteries** David Allen Hulse,2000 UNLOCK THE MEANING OF EASTERN MAGICK In scope and clarity there is no book that can compare to The Eastern Mysteries This reissue of David Allen Hulse's landmark work is the one book all students of the occult must own It catalogs and distills in hundreds of tables of secret symbolism the true import of each ancient Eastern magickal tradition Each chapter is a key that unlocks the meaning behind one of the magickal languages Through painstaking research and analysis Hulse has accomplished an unprecedented feat that of reconstructing the basic underlying systems that form the vast legacy of mystery traditions The real genius of this accomplishment is that it is presented in a way that is immediately understandable and usable Although the book deals with many foreign scripts ancient tongues and lost symbols it is designed for the beginning student Included is a wealth of cross references excellent introductory material and overviews an extensive annotated bibliography and new to this edition a complete index **I Ching for a New Age** Robert

G. Benson,2021-12-03 For over 3 000 years the Chinese have placed great value on the I Ching turning to it for guidance and insight regarding past present and future events For over a decade researcher Robert Benson worked towards making the English text of this book easier to understand and appreciate The result is an I Ching that stands alone providing answers for anyone facing a time of personal crisis The Mandate of Heaven S J Marshall,S. J. Marshall,2015-12-14 The Mandate of Heaven was originally given to King Wen in the 11th century BC King Wen is credited with founding the Zhou dynasty after he received the Mandate from Heaven to attack and overthrow the Shang dynasty King Wen is also credited with creating the ancient oracle known as the Yijing or Book of Changes This book validates King Wen s association with the Changes It uncovers in the Changes a record of a total solar eclipse that was witnessed at King Wen s capital of Feng by his son King Wu shortly after King Wen had died before he had a chance to launch the full invasion The sense of this eclipse as an actual event has been overlooked for three millennia It provides an account of the events surrounding the conquest of the Shang and founding of the Zhou dynasty that has never been told It shows how the earliest layer of the Book of Changes the Zhouyi has preserved a hidden history of the Conquest **Zhouyi** Richard Rutt,2013-09-13 Modern research has revealed the Book of Changes to be a royal divination manual of the Zhou state 500100 BC This new translation synthesizes the results of modern study presenting the work in its historical context The first book to render original Chinese rhymes into rhymed English **The Yijing** Joseph Alan Adler,2022 Despite its enduring popularity both in China and worldwide the Yijing is often poorly understood As a divinatory text it has a devoted following in the western hemisphere even as it represents a foundational text of both Confucianism and Daoism A fascination with the Yijing has been evident among western scholars since the Enlightenment as well as in notable modern literary and artistic figures This book provides an introduction for the general reader to this classic sacred text Joseph A Adler explains its multi layered structure its origins its history of interpretation from the early first millennium BCE up to the present day its function of divination its significance in the history of Chinese thought and its modern transformations He explores why the Yijing has been considered the most profound expression of traditional Chinese thought and what meaning it can have for contemporary readers **The Book of Changes (Zhouyi)** ,2002 Modern research has revealed the Book of Changes to be a royal divination manual of the Zhou state 500100 BC This new translation synthesizes the results of modern study presenting the work in its historical context The first book to render original Chinese rhymes into rhymed English *Feng Shui Made Easy, Revised Edition* William Spear,2011-03-08 Credited as bringing feng shui to the Western mainstream this influential classic offers a uniquely holistic approach to feng shui one focused on initiating change from the inside and out Discover the foundational principles of the ancient Chinese practice of feng shui and how you can apply them to your relationships community and home with the most user friendly translation of feng shui The New York Times While most of the early English language books on feng shui are dauntingly mystical or rely on complex calculations or culturally specific design practices Feng Shui Made Easy takes a more

holistic approach clearly explaining the fundamentals while guiding readers on an inner journey of understanding
Thoughtfully written and beautifully illustrated the book is structured around an architecture of consciousness that is really the inner landscape The book explores each house of the bagua the chart representing one's journey through life relationships with parents loved ones and community creativity spirituality and connectedness to the source of life and the symbolism of the corresponding I Ching trigram Feng Shui Made Easy helps readers discover the nature of these connections as well as learn what obstructions must be removed to change fixed patterns of behavior and restore balance harmony and inner peace a process that when combined with external adjustments results in increased success and lasting change in all areas of life This revised edition expands on the author's intuitive approach with new sections on health children's environments and ecological concerns and sustainable practices The author also corrects misconceptions about feng shui and uses fascinating case studies to share valuable insights he gained from interactions with his clients and readers

Revelations of Chance Roderick Main, 2007-03-08 In this fascinating book Roderick Main examines meaningful coincidence or what Swiss psychiatrist C G Jung called synchronicity Moving beyond Jung's psychological theory he explores the plausibility and value of viewing synchronicity as a form of spiritual experience and clarifies connections between the phenomenon and a range of traditional spiritual concepts including numinosity miraculousness transformation unity transcendence and immanence providence and revelation Through the detailed analysis of two remarkable series of synchronistic events Main illustrates and further develops these connections He also includes an examination of the alleged synchronistic basis of the ancient Chinese Oracle of Change the I Ching
