Knauff's Virginia Reels and the History of American Fiddling** Chris Goertzen, 2017-09-25 George P Knauff's Virginia Reels 1839 was the first collection of southern fiddle tunes and the only substantial one published in the nineteenth century Knauff's activity could not anticipate our modern contest driven fiddle subcultures But the fate of the Virginia Reels pointed in that direction suggesting that southern fiddling after his time would happen outside of commercial popular culture even though it would sporadically engage that culture Chris Goertzen uses this seminal collection as the springboard for a fresh exploration of fiddling in America past and present He first discusses the life of the arranger Then he explains how this collection was meant to fit into the broad stream of early nineteenth century music publishing Goertzen describes the character of these fiddle tunes names and such titles in general what we can learn about antebellum oral tradition from this collection and how fiddling relates to blackface minstrelsy Throughout the book the author connects the evidence concerning both repertoire and practice found in the Virginia Reels with current southern fiddling encompassing styles ranging from straightforward to fancy old time styles of the Upper South exuberant West Virginia styles and the melodic improvisations of modern contest fiddling Twenty six song sheets assist in this discovery Goertzen incorporates performance descriptions and music terminology into his accessible engaging prose Unlike the vast majority of books on American fiddling regional tune collections or histories this book presents an extended look at the history of southern fiddling and a close examination of current practices *Oral History* Thad Sitton, George L. Reframing the Past Mia E. M. Treacey, 2016-02-26 Reframing the Past traces what historians have written about film and television from 1898 until the early 2000s Mia Treacey argues that historical engagement with film and television should be reconceptualised as Screened History an interdisciplinary international field of research to incorporate and replace what has been known as History and Film It draws from the fields of Film Television and Cultural Studies to critically analyse key works and connect past scholarship with contemporary research Reconsidered as Screened History the works of Pierre Sorlin Marc Ferro John O Connor Robert Rosenstone and Robert Toplin are explored alongside lesser known but equally important contributions This book identifies a number of common themes and ideas that have been explored by historians for decades the use of history on film and television as a way to teach the past the challenge of filmic and televisual history to more traditional historiography and an ongoing battle to find an appropriate historical way to engage with Film Studies and Theory Screened History offers an approach to exploring History Film and Television that allows room for future developments while connecting them to a rich and diverse body of past scholarship Combining a narrative of historical research on film and television over the past century with a reconceptualisation of the field as Screened History Reframing the Past is essential reading both for established scholars of History and Film Film History and other related disciplines and to students new to the field

*A History of the Hal Roach Studios* Richard Lewis Ward, 2006-08-15 Once labeled the lot that laughter built the Hal Roach Studios launched the comedic careers of such screen icons as Harold Lloyd Our Gang and Laurel and Hardy With this stable of stars the Roach enterprise operated for forty six years on the fringes of the Hollywood studio system during a golden age of cinema and gained notoriety as a producer of short comedies independent features and weekly television series Many of its productions are better remembered today than those by its larger contemporaries In A History of the Hal Roach Studios Richard Lewis Ward meticulously follows the timeline of the company s existence from its humble inception in 1914 to its close in 1960 and through both its obscure and famous productions traces its resilience to larger trends in the entertainment business In the first few decades of the twentieth century the motion picture industry was controlled by an elite handful of powerful firms that allowed very little room for new competition outside of their established cartel The few independents that garnered some measure of success despite their outsider status usually did so by specializing in underserved or ignored niche markets Here Ward chronicles how the Roach Studios at the mercy of exclusive distribution practices managed to repeatedly redefine itself in order to survive for nearly a half century in a cutthroat environment Hal Roach s tactic was to nurture talent rather than exhaust it and his star players spent the prime of their careers shooting productions on his lot Even during periods of decline or misdirection the Roach Studios turned out genuinely original material such as the screwball classic Topper 1937 the brutally frank Of Mice and Men 1940 and the silent experiment One Million B C 1940 Ward s exploration yields insight into the production and marketing strategies of an organization on the periphery of the theatrical film industry and calls attention to the interconnected nature of the studio

system during the classic era The volume also looks to the early days of television when the prolific Roach Studios embraced the new medium to become for a time the premier telefilm producer Aided by a comprehensive filmography and twenty seven illustrations A History of the Hal Roach Studios recounts an overlooked chapter in American cinema not only detailing the business operations of Roach's productions but also exposing the intricate workings of Hollywood's rivalrous moviemaking establishment

**Film History Through Trade Journal Art, 1916-1920** Jeff Cadori, 2020-03-31 The period in film history between the regimentation of the Edison Trust and the vertical integration of the Studio System roughly 1916 through 1920 was a time of structural and artistic experimentation for the American film industry As the nature of the industry was evolving society around it was changing as well arts politics and society were in a state of flux between old and new Before the major studios dominated the industry droves of smaller companies competed for the attention of the independent exhibitor their gateway to the movie goer Their arena was in the pages of the trade press and their weapons were their advertisements often bold and eye catching The reporting of the trade journals as they witnessed the evolution of the industry from its infancy towards the future is the basis of this history Pulled from the pages of the journals themselves as archived by the Media History Digital Library the observations of the trade press writers are accompanied by cleaned and restored advertisements used in the battle among the young film companies They offer a unique and vital look at this formative period of film history

**Ledgers of History** Sally Wolff, 2010-10-15 Emory University professor Sally Wolff has carried on a fifty year tradition of leading students on expeditions to Faulkner country in and around Oxford Mississippi Not long ago she decided to invite alumni on one of these field trips One response to the invitation surprised her I can't go on the trip But I knew William Faulkner They were the words of Dr Edgar Wiggins Francisco III and in talking with Wolff he revealed that as a child in the 1930s and 1940s he did indeed know Faulkner quite well His father and Faulkner maintained a close friendship for many years going back to their shared childhood but the fact of their friendship has been unrecognized because the two men saw much less of each other after the early years of their marriages In Ledgers of History Wolff recounts her conversations with Dr Francisco known to Faulkner as Little Eddie and reveals startling sources of inspiration for Faulkner's most famous works Dr Francisco grew up at McCarroll Place his family's ancestral home in Holly Springs Mississippi thirty miles north of Oxford In the conversations with Wolff he recalls that as a boy he would sit and listen as his father and Faulkner sat on the gallery and talked about whatever came to mind Francisco frequently told stories to Faulkner many of them oft repeated about his family and community which dated to antebellum times Some of these stories Wolff shows found their way into Faulkner's fiction Faulkner also displayed an absorbing interest in a seven volume diary kept by Dr Francisco's great great grandfather Francis

Terry Leak who owned extensive plantation lands in northern Mississippi before the Civil War. Some parts of the diary recount incidents in Leak's life but most of the diary concerns business transactions including the buying and selling of slaves and the building of a plantation home. During his visits over the course of decades, Francisco recalls Faulkner spent many hours poring over these volumes, often taking notes. Wolff has discovered that Faulkner apparently drew some of the most important material in several of his greatest works, including *Absalom, Absalom!* and *Go Down, Moses*, at least in part from the diary. Through Dr. Francisco's vivid childhood recollections, *Ledgers of History* offers a compelling portrait of the future Nobel Laureate near the midpoint of his legendary career and also charts a significant discovery that will inevitably lead to revisions in historical and critical scholarship on Faulkner and his writings. [The History of the North Carolina Communist Party](#) Gregory S. Taylor, 2009. This book presents a re-evaluation of the objectives and actions of the Tar Heel Reds from the 1920s to the 1960s. The author argues that contrary to widely held belief, they were not a threat to national security nor were they beholden to the Soviet Union and that their aims are now accepted parts of the national consensus.

*A Woman Making History* Mary Ritter Beard, 1991-01-01. Historian, social reformer, and women's suffrage campaigner. Mary Ritter Beard (1876-1958) was one of the most prominent intellectuals of her day. Co-author with her husband Charles Beard of *The Rise of American Civilization* and other works in US history, she also founded the modern field of women's history. This collection of her letters offers in effect an intellectual biography which is considered to be better documented and more vivid than any previous book about her. [International Cold War Military Records and History](#) William W.

Epley, 1996. [The Oxford Handbook of American Film History](#) Jon Lewis, 2025. In a series of newly commissioned chapters, *The Oxford Handbook of American Film History* offers a new and fully compelling discussion of American film as marked by significant moments of industrial and artistic change. Many of the chapters are built upon primary-sourced research, while others detail aspects of form and style. Together, the chapters in this book show a history shaped by multiple theses and voices and interests. **Taiwan, the United States, and the Hidden History of the Cold War in Asia** Hsiao-Ting

Lin, 2022-04-28. This book explores the challenges which faced the United States and Taiwanese alliance during the Cold War, addressing a wide range of events and influences of the period between the 1950s and 1970s. Tackling seven main topics to outline the fluctuations of the U.S.-Taiwan relationship, this volume highlights the impact of the mainland counteroffensive, the offshore islands, Tibet, Taiwan's secret operations in Asia, Taiwan's Soviet and nuclear gambits, Chinese representation in the United Nations, and the Vietnam War. Utilizing multinational archival research, particularly the newly available materials from Taiwan and the United States, to reevaluate Taiwan's foreign policy during the Cold War, revealing a pragmatic and opportunistic foreign policy disguised in nationalistic rhetoric. Moreover, this study represents a departure from previous scholarship, emphasizing the dictatorial and incompetent nature of the Chinese Nationalist regime to provide fresh insights into the nature of U.S.-Taiwan relations. Presenting a revisionist view of one of the strongest bilateral relationships of the Cold

War this will be an insightful resource for scholars and students of Chinese and East Asia History Cold War History Asian Studies and International Relations      **Machine Accountant 3 & 2** United States. Bureau of Naval Personnel,1967
