Carnell, 2006-08-19 This book considers why narrative realism in literature is seen as a full account of real life and the individual self Unconventionally Carnell shows that the formal conventions of narrative realism emerged in the seventeenth century in response to an explosion of partisan writings that put into play competing versions of political selfhood **Book Auction Records** Frank Karslake, 1915 A priced and annotated annual record of international book auctions **Leibniz and the Jacobite War** James G.
