Lesley Zobian and Ann Humm, 2009-12 Truth so they say is stranger than fiction This may be so but when anecdotes about such characters as Lam Rugg Great Uncle Horatius and his disreputable companion Stinky plus an assortment of animals are added to the equation doubt about this truism can creep in Curious Reflections is the meandering observations musings and correspondence between two sisters living three hundred miles apart in England During the course of these ramblings the line between truth and fiction can very often become decidedly blurred In an attempt to keep my mind off other projects I decided to log on and see if there were any e mails from Ann Ann or Mowl as she is known is a very diligent correspondent keeping me up to date with all the trivia and goings on down in her neck of the woods She is known as Mowl because when we were children we would amuse ourselves by deciding what animals people reminded us of Because of her short sightedness and penchant for black velvet Ann was of course a mole hence Mowl For reasons we shall not go into I was a ferret or Pherrit somehow the ph makes it seem so much better **Reflections of a Pilot** Leonard Porter, 2009 **The Eastern Fleet and the Indian Ocean, 1942-1944** Charles Stephenson, 2022-04-06 A study of the British Royal Navy's activities in the Indian Ocean during World War II led by Admiral Sir James Somerville The story of the British Eastern Fleet which operated in the Indian Ocean against Japan has rarely been told Although it was the largest fleet deployed by the Royal Navy prior to 1945 and played a vital part in the theatre it has no place in the popular consciousness of the naval history of the Second World War So Charles Stephenson's deeply researched and absorbing narrative gives this forgotten fleet the recognition it deserves British pre war naval planning for the Far East is part of the story as is the disastrous loss of the battleship Prince of Wales and battlecruiser Repulse in 1941 but the body of the book focuses on the new fleet commanded by Admiral Sir James Somerville and its operations against the Japanese navy and aircraft as well as Japanese and German submarines Later in the war once the fleet had been reinforced with an American aircraft carrier it was strong enough to take more aggressive actions against the Japanese and these are described in vivid detail Charles Stephenson's authoritative study should appeal to readers who have a special interest in the war with Japan in naval history more generally and Royal Navy in particular Praise for The Eastern Fleet and the Indian Ocean 1942-1944 This meticulously researched outstandingly clear well written and absorbing account is long overdue and will most likely become a standard work The text is most helpfully supported by over 80 pages of detailed end notes referenced to each chapter and a detailed index This is not only a book for naval historians but also for anyone with an interest in the War in the Indian Ocean region Highly recommended Military Historical Society I enjoyed this book it gives us an account of an often neglected part of the war at sea and of the achievements of Admiral Somerville who kept his fleet intact in the face of a potentially overwhelming opponent then was willing to acknowledge that his fleet needed to improve massively before it could take on the Japanese Dr

Flying, Fighting and Reflection Peter Jacobs, 2018-09-30 This is the thrilling account of the last remaining Battle of Britain ace fighter pilot Tom Ginger Neil Neil was one of an elite band nicknamed The Few by Winston Churchill he flew Hurricanes during 141 combat missions in that battle and went on to command the first Spitfire XII squadron during 1942-43 as the RAF went on the offensive in north west Europe In this the only full account of Neil's life to be published in collaboration with his family we learn how he became a poster boy for the war effort and how he credits his sixth sense for keeping him alive during the Second World War There was however one terrifyingly close brush with death when in 1940 he had a mid-air collision with another Hurricane With the rear section of his aircraft gone the plane was out of control and hurtling to the ground yet somehow he managed to bail out and miraculously survived with only a minor leg injury As well as RAF service during the Siege of Malta Wing Commander Neil who is now in his late nineties also served with the Americans during the D-Day landings During his career Neil was awarded two Distinguished Flying Crosses for the destruction of at least fourteen enemy aircraft and was a successful test pilot after the war before commanding a jet fighter reconnaissance squadron in Egypt's troubled Canal Zone during the 1950s for which he was awarded the Air Force Cross With contributions from the man himself this book also looks at his life after the RAF and his career as a successful author For military buffs and novices alike it is a must-read account of a true war hero
