Gordon demonstrates that past or haunting social forces control present life in different and more complicated ways than most social analysts presume. Written with a power to match its subject, *Ghostly Matters* has advanced the way we look at the complex intersections of race, gender, and class as they traverse our lives in sharp relief and shadowy manifestations. Avery F. Gordon is professor of sociology at the University of California, Santa Barbara. Janice Radway is professor of literature at Duke University.

Latin American Women Writers: An Encyclopedia María Claudia André, Eva Paulino Bueno, 2014-01-09. *Latin American Women Writers: An Encyclopedia* presents the lives and critical works of over 170 women writers in Latin America between the sixteenth and twentieth centuries. This features thematic entries as well as biographies of female writers whose works were originally published in Spanish or Portuguese and who have had an impact on literary, political, and social studies. Focusing on drama, poetry, and fiction, this work includes authors who have published at least three literary texts that have had a significant impact on Latin American literature and culture. Each entry is followed by extensive bibliographic references including primary and secondary sources. Coverage consists of critical appreciation and analysis of the writers' works. Brief biographical data is included, but the main focus is on the meanings and contexts of the works as well as their cultural and political impact. In addition to author entries, other themes are explored, such as humor in contemporary Latin American fiction, lesbian literature in Latin America, magic realism, or mother images in Latin American literature. The aim is to provide a unique, thorough scholarly survey of women writers and their works in Latin America. This Encyclopedia will be of interest to both the student of literature as well as to any reader interested in understanding more about Latin American culture, literature, and how women have represented gender and national issues throughout the centuries.

The Generation of '72 Brantley Nicholson, Sophia A. McClennen, 2014-03-21. Caught between the well-worn grooves of the Boom and the Gen X have left on the Latin American literary canon, the writing intellectuals that comprise what the Generation of 72 have not enjoyed the same editorial acclaim or philological framing as the literary cohorts that bookend them. In sociopolitical terms, they neither fed into the Cold War-inflected literary prizes that sustained the Boom nor the surge in cultural capital in Latin American cities from which the writers associated with the Crack and McOndo have tended to write. This book seeks to approach the Generation of 72 from the perspective of cosmopolitanism and global citizenship, a theoretical framework that lends a fresh and critical architecture to the unique experiences and formal responses of a group of intellectuals that wrote alongside globalization's first wave.

The Post-Boom in Spanish American Fiction Donald L. Shaw, 1998-07-10 What happened in Spanish American fiction after the Boom Can we define the Post Boom What are its characteristics How does it relate to the Boom itself Is Post Boom the same as Postmodernism or something quite different Shaw traces the emergence of a different kind of writing which began to displace the Boom in the mid 1970s and has flourished ever since More reader friendly more concerned with the here and now of Latin America the writers of the Post Boom have explored new areas of Spanish American life and incorporated characters from new social groups especially young working class and lower middle class figures with their distinctive pop culture and freewheeling life style Shaw suggests that while some Boom writers have moved toward the Post Boom Post Boom narrative is distinctively different from that of the older movement and cannot be readily assimilated into Postmodernism
