Running against the Grain David A. Crockett, 2009-03-01 Some presidents enter office with an uphill climb in front of them their political party represents a different governing philosophy than the dominant strain of the day These David A Crockett says are opposition presidents If they are in a sense out of step with their times how do they ever get elected in the first place In *Running against the Grain* How Opposition Presidents Win the White House Crockett employs historical comparisons to draw conclusions about what it takes for these candidates to win the office He focuses on seven presidents in twelve elections William Henry Harrison 1840 and Zachary Taylor 1848 Grover Cleveland 1884 and 1892 and Woodrow Wilson 1912 and 1916 Dwight Eisenhower 1952 and 1956 and Richard Nixon 1968 and 1972 and Bill Clinton 1992 and 1996 Crockett draws on the work of Stephen Skowronek and others in the tradition of American political development to establish the periodization for his study Through a comparative analysis of victorious opposition candidates Crockett finds explanations that transcend specific campaigns or even specific eras He contends that because the way one acquires the office may have an effect on the practice of leadership in the office running against the grain has implications far beyond Election Day

The Improbable First Century of Cosmopolitan Magazine James Landers, 2010-11-01 Today monthly issues of *Cosmopolitan* magazine scream out to readers from checkout counters and newsstands With bright covers and bold sexy headlines this famous periodical targets young single women aspiring to become the quintessential Cosmo girl *Cosmopolitan* is known for its vivacious character and frank explicit attitude toward sex yet because of its reputation many people don't realize that the magazine has undergone many incarnations before its current one including family literary magazine and muckraking investigative journal and all are presented in *The Improbable First Century of Cosmopolitan Magazine* The book boasts one particularly impressive contributor Helen Gurley Brown herself who rarely grants interviews but spoke and corresponded

with James Landers to aid in his research When launched in 1886 Cosmopolitan was a family literary magazine that published quality fiction children s stories and homemaking tips In 1889 it was rescued from bankruptcy by wealthy entrepreneur John Brisben Walker who introduced illustrations and attracted writers such as Mark Twain Willa Cather and H G Wells Then when newspaper magnate William Randolph Hearst purchased Cosmopolitan in 1905 he turned it into a purveyor of expos journalism to aid his personal political pursuits But when Hearst abandoned those ambitions he changed the magazine in the 1920s back to a fiction periodical featuring leading writers such as Theodore Dreiser Sinclair Lewis and William Somerset Maugham His approach garnered success by the 1930s but poor editing sunk Cosmo s readership as decades went on By the mid 1960s executives considered letting Cosmopolitan die but Helen Gurley Brown an ambitious and savvy businesswoman submitted a plan for a dramatic editorial makeover Gurley Brown took the helm and saved Cosmopolitan by publishing articles about topics other women s magazines avoided Twenty years later when the magazine ended its first century Cosmopolitan was the profit center of the Hearst Corporation and a culturally significant force in young women s lives The Improbable First Century of Cosmopolitan Magazine explores how Cosmopolitan survived three near death experiences to become one of the most dynamic and successful magazines of the twentieth century Landers uses a wealth of primary source materials to place this important magazine in the context of history and depict how it became the cultural touchstone it is today This book will be of interest not only to modern Cosmo aficionadas but also to journalism students news historians and anyone interested in publishing
