Reforming Social Services in New York City Thomas J. Main, 2025-09-15 *Reforming Social Services in New York City* examines efforts across six decades to respond to poverty joblessness and homelessness through the establishment and periodic restructuring of the city's Human Resources Administration HRA and related social welfare agencies As Thomas J Main shows through archival research and interviews with key figures the HRA has been the focus of several mayoralties The John Lindsay administration's creation of the HRA in 1966 was a classic liberal effort to fight poverty Rudy Giuliani brought dramatic change by implementing work oriented welfare reform and the Bill de Blasio administration attempted to install a progressive social welfare agenda within the city's social service agencies to reduce inequality *Reforming Social Services in New York City* tells the story of these efforts assessing the strategies employed and the success of their outcomes concluding that major nonincremental change in urban welfare policy is not only possible but has been effective Building

Community: Reforming human services Malcolm Bush, Sidra Goldwater, Sean Zielenbach, 1996 **Evaluating Reforms of Local Public and Social Services in Europe** Ivan Koprić, Hellmut Wollmann, Gérard Marcou, 2017-10-20 This book explains the increasing demand for evaluation as a result of the increasing frequency of reforms to local services influenced by the New Public Management doctrine the severe austerity policy in many European countries and the wish to increase quality and reduce costs of public services especially at the local sub national level Positioned at the interface of local services and evaluation research it will enable the utilization of evaluation generated knowledge in evidence based policy making by focusing on the lessons learned from evaluation of local service delivery It encompasses local public and social services including waste water public transport healthcare education and eldercare and examines the hypothesis that there is a North West South East divide in Europe in terms of the evaluation of local service reforms Particular attention is devoted to the explanatory function of evaluation Providing fresh insight into the functioning of local government machinery in contemporary Europe this book will appeal in particular to practitioners and students of local government public economy public administration and policy Illinois Illinois. **Services Reform** Harold W. Demone, 1978 Journal of Human Services Abstracts, 1983 **An Essay on Economic Reforms and Social Change in China** Assar Lindbeck, 2006 Abstract The author applies a systems oriented holistic approach to China's radical economic reforms during the past quarter of a century He characterizes China's economic reforms in terms of a multidimensional classification of economic systems When looking at the economic consequences of China's change of economic system he deals with both the impressive growth performance and its economic costs The author also studies the consequences of the economic reforms for the previous social arrangements in the country which were tied

to individual work units agriculture communes collective firms and state owned enterprises He continues with the social development during the reform period reflecting a complex mix of social advances mainly in terms of poverty reduction and regresses for large population groups in terms of income security and human services such as education and in particular health care Next the author discusses China s future policy options in the social field whereby he draws heavily on relevant experiences in industrial countries over the years The future options are classified into three broad categories policies influencing the level and distribution of factor income income transfers including social insurance and the provision of human services

Compensation,1989      Reforming Human Services Hans Toch,J. Douglas Grant,1982 The authors feel that management techniques adopted from industry have created bureaucratic demands that are not suited to agencies trying to provide responsive humane assistance They suggest an approach that draws from democratic management principles to involve front line human service workers in the decision making process They demonstrate using studies of industrial democracy including their own study of criminal justice agencies that such organizational structures encourage a more committed attitude by practitioners It provides a realistic analysis of the problems and successes that may confront researchers managers trainers and consultants in their endeavors to reform the human services The book should be      **Civil Service Reform in Latin America and the Caribbean** Shahid Amjad Chaudhry,Gary James Reid,Waleed Haider Malik,1994-01-01 This collection of papers was presented at the World Bank Conference on Civil service reform in Latin America and the Caribbean held in 1993 The goal of the conference was to promote the flow of ideas among researchers and practitioners in the civil s      *Civil Service Reform in the States* J. Edward Kellough,Lloyd G. Nigro,2012-02-01 Civil Service Reform in the States examines the critical importance of civil service systems in modern government and popular efforts to reform those systems The book provides an up to date analysis and assessment of public personnel reforms undertaken by various state governments since 1990 and the extent to which these reforms have been implemented or resisted With chapters written by nationally recognized experts on civil service and civil service reform this book will appeal to public policy makers practitioners and students alike      **Reforming Human Services** Hans Toch,J. Douglas Grant,1982-11 In this book the authors try hard not to downgrade the continuum of work related problems The authors stress this continuum by surveying the highlights of recent organizational reform including as reviews must the classics that have inspired reformers This book is in part a primer or a summary recapitulation of today s trends in organizational change theory and experimentation It is also a blueprint and as such contains a prescription or model of planned change The prescription is eclectic It combines elements of what are now the mainline work reform strategies job enrichment quality of work life and action research into a package that we hope is coherent and deployable In this book the authors contend that workers work best and most contentedly that they are most apt to exercise ingenuity and decency and helpfulness when they have a voice in shaping organizational goals and defining their own jobs This ideal condition which the authors call grass roots management is neither utopian nor revolutionary nor hard to create The authors shall outline how organizational democracy can be achieved and how it has to varying degrees been attained The authors shall suggest why the strategy works why in fact it must work In this connection the authors assume that strategies vested in classic management have been tried and found wanting Reasons for the shortfall are many some have to do with changing needs or expectations some with needs we have known but ignored The reason whichever it may be is academic because manifest needs of workers whether they are new or discovered are intense and irreversible If we ignore workers needs we violate human nature And nature as the commercial points out has a way of avenging itself when it
