Bittker,Scott C. Idleman,Frank S. Ravitch,2015-10-06 This book provides a comprehensive overview of religion and government in the United States providing historical context to contemporary issues Religion and the State Evarts Boutell Greene, Thomas Jefferson and the Wall of Separation Between Church and State Daniel Dreisbach,2002-09-01 The origins controversies and competing interpretations of the famous phrase A welcome and much needed addition to First Amendment scholarship Journal of Interdisciplinary Studies No phrase in American letters has had a more profound influence on church state law policy and discourse than Thomas Jefferson s wall of separation between church and state and few metaphors have provoked more passionate debate Introduced in an 1802 letter to the Danbury Connecticut Baptist Association Jefferson s wall is accepted by many Americans as a concise description of the U S Constitution s church state arrangement and conceived as a virtual rule of constitutional law Despite the enormous influence of the wall metaphor almost no scholarship has investigated the text of the Danbury letter the context in which it was written or Jefferson s understanding of his famous phrase This book offers an in depth examination of the origins controversial uses and competing interpretations of this powerful metaphor in law and public policy Church and State in America: A Bibliographical Guide Bloomsbury Publishing,1987-08-14 The second in a two volume bibliography on church state relations in U S history this book contains eleven critical essays and accompanying bibliographical listings on periods or topics from the Civil War to the present day Each essay reviews the available relevant literature and the listings emphasize critical studies and documents published in the last quarter century This reference work will enable the reader to grasp the historiographic issues become acquainted with the resources available and move on to interpret current as well as past issues more knowledgeably and effectively **Religious Schools in America (1986)** Thomas C. Subcommittee on Constitutional Amendments,1966 Considers S J Res 148 to amend the Constitution to permit voluntary prayer in public schools *Democracy, Religion, and Commerce* Kathleen Flake,Nathan B. Oman,2023-03-13 This collection considers the relationship between religion state and market In so doing it also illustrates that the market is a powerful site for the cultural work of secularizing religious conflict Though expressed as a simile with religious freedom functioning like market freedom free market religion has achieved the status of general knowledge about the nature of religion as either good or bad It legislates good religion as that which operates according to free market principles it is private with no formal relationship to government and personal a matter of belief and conscience As naturalized elements of historically contingent and discursively maintained beliefs about religion these criteria have ethical and regulatory force Thus in culture and law the effect of the metaphor has become instrumental not merely descriptive This volume seeks to productively complicate and invite further analysis of this easy conflation of democracy religion and the market It invites scholars from a variety of disciplines to consider more intentionally the extent to which markets are implicated and illuminate the place of religion in public life The book will be a valuable resource for researchers and academics working in the areas of law and religion ethics and economics
