

A photograph of a wooden boardwalk or pier at dusk. The boardwalk is made of wooden planks and has a wooden railing on both sides. In the distance, a bright street lamp is glowing, casting a warm light over the scene. The sky is dark, and the overall atmosphere is serene and contemplative.

Religion Revelation And Reason:

Revelation and Reason Emil Brunner, 1946 To many people both inside the Church and outside it what goes on in the Church is either routine or irrelevant Consequently what the Church has to say is not very meaningful Why should people listen to what the Church has to preach and think about it No one is better qualified to answer this question than Professor Emil Brunner Dr Brunner is a teacher of theology in the University at Zurich Switzerland and one of the clearest and most constructive religious thinkers of our day Any book of his is an event because he succeeds so well in combining sound learning with persuasive and readable analysis and because he is thoroughly acquainted with both American and Continental ways of thinking In this book Dr Brunner sets the claim of the widespread intellectual relativism of contemporary culture He seeks to show that both Catholic and secular thought misunderstand the relations between reason and revelation because revelation is always subordinated to reason Brunner reverses the position He goes back to the Bible and the Reformers and maintains that when reason is subordinated to revelation the preaching of the Gospel is at once true to itself and intelligible Here is a forceful and thorough volume which helps both believers and unbelievers to understand themselves Publisher

Religion, Revelation & Reason Eric Charles Rust, 1981 This book begins with a general consideration of religious experience and moves to a defense of the Christian revelation as the normative one for all other divine disclosures This means that increasingly the book moves towards a defense of theistic thought as contrasted with other religious systems This emphasis on the approach to the understanding of God typical of the Judaeo Christian and Islamic traditions has meant a preoccupation with issues particularly significant for this way of thinking the nature of man the understanding of the creative process the problem of human survival beyond death and the mystery of evil I have however brought in the views of other religious systems and offered a critique of their relationship to the theistic position Wherever thought has moved to the specific content of the Christian disclosure in Jesus Christ I have stopped short Philosophy of religion and theistic philosophy in particular are only prolegomena to the task of the Christian theologian

Revelation and Reason in Christian Theology Christopher C. Green, David I. Starling, 2018-07-11 Do revelation and reason contradict Throughout the church's history Christians have been tempted to make revelation and reason mutually exclusive But both are essential to a true understanding of the faith The inaugural Theology Connect conference held in Sydney in July 2016 was dedicated to surveying the intersection of revelation and reason In *Revelation and Reason in Christian Theology* Christopher C Green and David I Starling draw together the fruit of this conference to provoke sustained deep reflection on this relationship The essays filtered through epistemological biblical historical and dogmatic lenses critically and constructively contribute to this important and developing aspect of theology Each essayist approaches revelation and reason according to the psalmist's words In your light we see light Ps 36 9 The light of faith does not obscure truth rather it enables us to see truth

Religion, Revelation & Reason Eric Rust, 1981 This book begins with a general consideration of religious experience and moves to a

defense of the Christian revelation as the normative one for all other divine disclosures This means that increasingly the book moves towards a defense of theistic thought as contrasted with other religious systems This emphasis on the approach to the understanding of God typical of the Judaeo Christian and Islamic traditions has meant a preoccupation with issues particularly significant for this way of thinking the nature of man the understanding of the creative process the problem of human survival beyond death and the mystery of evil I have however brought in the views of other religious systems and offered a critique of their relationship to the theistic position Wherever thought has moved to the specific content of the Christian disclosure in Jesus Christ I have stopped short Philosophy of religion and theistic philosophy in particular are only prolegomena to the task of the Christian theologian Revelation, Reason and Reality Joris Geldhof, 2007 This study provides an in depth analysis of the relationship between modernity and Christianity The author argues that the notion of revelation is eminently reasonable and indissolubly connected with being and reality He takes Jaspers philosophy of religion as representative of the classical modern critique and gives it its due He then takes a step backward so to speak and by means of a consideration of the history of ideas seeks to rehabilitate the Christian understanding of revelation To do this he draws upon Schelling's remarkable philosophy of revelation and Baader's much less familiar speculative dogmatics However this study is much more than a profound philosophical and theological account of the thought of Jaspers Schelling and Baader It is above all an eloquent defence of the plausibility and intelligibility of what Christians have always believed In fact the author makes a compelling case for the claim that revelation is that without which Christianity cannot be thought

Revelation and Reason in Islam A.J. Arberry, 2013-02-01 The Scholastic Problem was the focus of much debate in Islam for some centuries before it became the chief crux of learned discussion in medieval Christianity When originally published in 1957 this volume was the first survey of the subject to appear in English It reviews the conflict within Islam between Revelation and Reason and examines the attempts made by theology philosophy mysticism and authoritarianism to resolve the dilemma *Religion and Revelation* Keith Ward, 1994-09-30 Since first Thomas Aquinas defined theology as revelation or the rational elucidation of revealed truth the idea of revelation has played a fundamental role in the history of western theology This book provides a new and detailed investigation of the concept examining its nature sources and limitations in all five of the major scriptural religions of the world Christianity Judaism Islam Hinduism and Buddhism The first part of the book discusses the nature of theology and expounds the comparative method as the most useful and appropriate for the modern age Part Two focuses on the nature of religion and its early historical manifestations whilst the third part of the book goes on to consider the idea of revelation as found in the great canonical traditions of the religions of the world Part Four develops the distinctively Christian idea of revelation as divine self expression in history The final part of the book discusses how far the idea of revelation must be revised or adapted in the light of modern historical and scientific thought and proposes a new and positive theology of revelation for the future The book includes discussions of the work of most major

theologians and scholars in the study of religion Aquinas Tillich Barth Temple Frazer and Evans Pritchard and should be of interest to many scholars and students of comparative religion and theology and anthropologists *Reason, Revelation, and Devotion* William J. Wainwright, 2016 The book presents a novel defense of the beneficial epistemic effect that extra logical features can have on the assessment of religious arguments

The Politics of Revelation and Reason John G. West, 1996 In recent years controversies over abortion school prayer and religious cults have raised new questions about the delicate balance between church and state between true believers and civic authority John West shows that America's Founders had already anticipated and answered such questions by carefully defining religion's proper role in politics West sheds new light on how the Founders tried to solve this fundamental theological political problem and shows to what extent their solution worked in practice in the early decades of the new nation West contends that the Founders and their immediate successors encouraged religion to play a dynamic positive role in politics This was not surprising he argues because in that era both church and state supported civic authority through a shared moral vision This can clearly be seen West demonstrates in Christian political activism from the election of 1800 to 1835 a period that witnessed evangelical challenges to Cherokee removal the delivery of Sunday mail dueling and other practices evangelicals deemed inconsistent with the moral order These reform minded evangelicals West argues were the period's most politically active religious adherents and thus provided the most stringent test of the Founders' attempts to devise a solution to the theological political problem Illuminating these neglected episodes in the history of religion and politics West adds enormously to our understanding of early American church state conflict As such his book will be enlightening for anyone interested in the political role of religion in America's past evangelical religion in contemporary politics and the current culture wars

C.S. Lewis--On the Christ of a Religious Economy, 3.2 P. H. Brazier, 2014-01-16 C S Lewis On the Christ of a Religious Economy II Knowing Salvation opens with a discussion of the Anscombe Lewis debate the theological issues relating to revelation and reason Christ the Logos This leads into Lewis on the Church the body of Christ and his understanding of religion how is salvation enacted through the churches how do we know we are saved This concludes with for Lewis the question of sufferance and atonement substitution and election deliverance and redemption heaven hell resurrection and eternity Christ's work of salvation on the cross What did Lewis say of humanity in relation to God now Immanuel God with us incarnate crucified resurrected and ascended for humanity What of Lewis's own death and that of his wife What does this tell us about the triune God of Love who is Love This volume forms the second part of the third book in a series of studies on the theology of C S Lewis titled C S Lewis Revelation and the Christ The books are written for academics and students but also crucially for those people ordinary Christians without a theology degree who enjoy and gain sustenance from reading Lewis's work

Faith and reason Unified in the World of faith Phenomena Sharon R. Bradley-Munn, 2016-03-11 Faith and reason Unified in the World of faith Phenomena seeks to substantiate that although science or the school of thought can never fully

comprehend the realm of faith it can come closer to understanding this unique domain through the study of its manifested properties known as faith phenomena This book seeks to establish that just as reason is not superior to faith neither is faith inadequate to reason but rather each is a counter part to the other fulfilling their individual office while finding completion in the other This book will ignite your spirit man as you endeavor to understand the immaterial substance of faith and world of miracles faith creates through a rational viewfinder **Reason, Faith and Authority in Christianity** Alfred Magill

Merold Westphal s intricate thought and provokes new questions concerning the original project of his diverse philosophy B Keith Putt editor of The Future of Continental Philosophy of Religion Merold Westphal is considered to be one of the preeminent Continental philosophers of religion His articulation of faith as the task of a lifetime has become a touchstone in contemporary debates concerning faith s relationship to reason As Justin Sands explores his philosophy he illuminates how Westphal s concept of faith reveals the pastoral theological intent behind his thinking Sands sees Westphal s philosophy as a powerful articulation of Protestant theology but one that is in ecumenical dialogue with questions concerning apologetics and faith s relationship to ethics and responsibility a more Catholic point of view By bringing out these features in Westphal s philosophy Sands intends to find core philosophical methodologies as well as a passable bridge for philosophers to cross over into theological discourses An engaging and illuminating work William Desmond David Cook Chair in Philosophy Villanova University Professor of Philosophy Institute of Philosophy KU Leuven Belgium A long overdue critical homage to one of the bravest religious thinkers of our generation Richard Kearney Charles B Seelig Chair of Philosophy at Boston College

Boyle Lectures ,1739 *The New Schaff-Herzog Encyclopedia of Religious Knowledge* Johann Jakob Herzog,Albert Hauck,Samuel Macauley Jackson,Charles Colebrook Sherman,George William Gilmore,1909 Faith, Reason, and Revelation in Theodore Beza, 1519-1605 Jeffrey Mallinson,2003 Faith Reason and Revelation in the Thought of Theodore Beza investigates the direction of religious epistemology under a chief architect of Calvinism 1519 1605 Mallinson contends that Beza consolidated his tradition by balancing the subjective and objective aspects of faith and knowledge Making use of new editions of Beza s class notes and correspondence and examining the theological ideas found in Beza s long neglected

New Testament annotations this study clarifies the thought of Calvin's successor. The nature of Protestant scholasticism and the relationship between faith and philosophy are observed in context rather than from the anachronistic perspectives of modern schools that seek to establish their own continuity with Calvinism. Religion, Secularization and Political Thought James E. Crimmins, 2013-05-02. The increasing secularization of political thought between the mid-seventeenth and mid-nineteenth centuries has often been noted but rarely described in detail. The contributors to this volume consider the significance of the relationship between religious beliefs, dogma, and secular ideas in British political philosophy from Thomas Hobbes to J. S. Mill. During this period Britain experienced the advance of natural science, the spread of education, and other social improvements and reforms in the political realm. These changes forced religion to account for itself and to justify its existence both as a social institution and as a collection of fundamental articles of belief about the world and its operations. This book, originally published in 1990, conveys the crucial importance of the association between religion, secularization, and political thought. **The New Schaff-Herzog Encyclopedia of Religious Knowledge** Albert Hauck, Samuel Macauley Jackson, Charles Colebrook Sherman, George William Gilmore, 1911.
