Early Christian Families in Context David L. Balch, Carolyn Osiek, 2003 Typical studies of marriage and family in the early Christian period focus on very limited evidence found in Scripture This interdisciplinary book offers a broader richer picture of the first Christian families by drawing together research by experts ranging from archaeologists to ancient historians By exploring the nature of households in the ancient Greco Roman world the contributors assemble a new understanding of ancient Christian families that is both compelling and instructive Divided into six parts the book covers key aspects of ancient family life from meals and child rearing to women s roles and the lives of slaves Three concluding chapters explore the implications of all this information for theological education today Contributors David L Balch Suzanne Dixon J Albert Harrill Ross S Kraemer Christian Laes Peter Lampe Amy Jill Levine Margaret Y MacDonald Dale Martin Eric M Meyers Margaret M Mitchell Carolyn Osiek Beryl Rawson Richard Saller Timothy F Sedgwick Monika Trummer Andrew Wallace Hadrill

Gender Differences and the Making of Liturgical History Teresa

Berger,2020-03-26 Mapping uncharted territory in the study of liturgy s past this book offers a history to contemporary questions around gender and liturgical life Teresa Berger looks at liturgy s past through the lens of gender history understood as attending not only to the historically prominent binary of men and women but to all gender identities including inter sexed persons ascetic virgins eunuchs and priestly men Demonstrating what a gender attentive inquiry is able to achieve Berger explores both traditional fundamentals such as liturgical space and eucharistic practice and also new ways of studying the past for example by asking about the developing link between liturgical presiding and priestly masculinity Drawing on historical case studies and focusing particularly on the early centuries of Christian worship this book ultimately aims at the present by lifting a veil on liturgy s past to allow for a richly diverse notion of gender differences as these continue to shape liturgical life

Jewish Women Katharina Galor,2023-12-15 Jewish Women Between Conformity and Agency examines the concepts of gender and sexuality through the primary lens of visual and material culture from antiquity through to the present day The backbone of this transhistorical and transcontextual study is the question of Jewish women s agency in four different geographical chronological and methodological contexts beginning with women s dress codes in Roman Byzantine Syro Palestine continuing with rituals of purity in medieval Ashkenaz worship in papal Avignon and the Comtat Venaissin and ending with marriage and divorce in Israeli film Each of these explorations is interested in creating a dialogue between the patriarchal legacy of the traditional texts and the chronologically corresponding visual and material culture The author challenges traditional approaches to the study of Jewish culture by employing tools from art history archaeology and film and media studies In each of these different contexts there is ample evidence that women despite persistent overall structural discrimination have found ways to challenge male constructs of gender norms Ultimately these examples from past and present times highlight women s eminence in shaping Jewish history and culture Bringing a new interdisciplinary lens to the study of the history of gender and sexuality the book will be of interest to students and researchers of Jewish history and culture art history archaeology and film studies

particularly Jewish type of intellectual who functioned and competed for adherents within the highly visual and body conscious environment of late antiquity Religious Books and Serials in Print ,1982 **The Power of Religion in Late Antiquity** Andrew Cain,Noel Emmanuel Lenski,2009-01-01 Late Antiquity witnessed a dramatic recalibration in the economy of power and nowhere was this more pronounced than in the realm of religion The transformations that occurred in this pivotal era moved the ancient world into the Middle Ages and forever changed the way that religion was practiced The twenty eight studies in this volume explore this shift using evidence ranging from Latin poetic texts to Syriac letter collections to the iconography of Roman churches and Merovingian mortuary goods The kaleidoscope of perspectives they provide creates a richly illuminating volume that add a new social and political dimension to current debates about religion in Late Antiquity The Publishers' Trade List Annual ,1985 **Lumley's Bibliographical Advertiser** ,1840 Books in Print Supplement ,1994 **The Crucible of Religion in Late Antiquity** Guy G. Stroumsa,2021 The religious revolution of late antiquity and its intertwined religious history are reflected in a broad array of new forms of religious belief and practice of which Christianity is only the most perceptible one It is represented in the passage from polytheistic systems to monotheistic and dualist ones as well as in the move from rituals centred upon sacrifices in temples to rituals established upon scriptures in churches synagogues or mosques This double dynamism of beliefs and rituals sheds light on the transformations of religious ethos Guy G Stroumsa s two part volume reflects this double argument The essays all focus on central aspects such as in Part I on mental aspects of religion in the Roman Empire as expressed in early Christian texts and traditions and in Part II on religious communication across the empire s cultures and communities **The Crucible of Religion in Late Antiquity** Guy G.
