James G. Clark

Religious Orders In Pre Reformation England

Laura Ashe, Ralph Hanna

Religious Orders In Pre Reformation England:

The Religious Orders in Pre-Reformation England James G. Clark, 2002 Essays provide evidence for the vigour and involvement of religious orders in the years immediately prior to the reformation

The Oxford Handbook of the Early Modern Sermon Peter McCullough, Hugh Adlington, Emma Rhatigan, 2011-08-04 The Oxford Handbook of the Early Modern Sermon is the first book to survey this rich new field for both students and specialists It is divided into sections devoted to sermon composition delivery and reception sermons in Scotland Ireland and Wales English Sermons 1500 1660 and English Sermons 1660 1720

The Dependent Pories of Medieval English Monasteries Martin Heale, 2004 This study charts for the first time the history of the 140 or so daughter houses of English monasteries which have always been overshadowed by the French cells in England the so called alien priories The first part of the book examines the reasons for the foundation of these monasteries and the relations between dependent priories and their mother houses bishops and patrons The second part investigates everyday life in cells the priories interaction with their neighbours and their economic viability The unusual pattern of dissolution of these houses is also revealed Because of the tremendous bulk of material to survive for English dependencies this is the most detailed account of a group of small monasteries yet written Although daughter houses are in many ways unrepresentative of other lesser monasteries their experience sheds a great deal of light on the world of the small religious house and suggests that these shadowy institutions were far more central to medieval religion and society than has been appreciated

BOOK JACKET *A Brief History of Britain 1485-1660* Ronald Hutton, 2011-06-23 Praise for the author For anyone researching the subject this is the book you've been waiting for Washington Post From the death of Richard III on Bosworth Field in 1485 to the execution of Charles I after the Civil Wars of 1642 48 England was transformed by two dynasties First the Tudors who had won the crown on the battlefield changed both the nature of kingship and the nation itself England became Protestant and began to establish itself as a trading power facing down seemingly impossible odds it defeated its enemies on land and sea But after a century Elizabeth I died with no heir and the crown was passed to the Stuarts who sought to remould the kingdom in their own image Leading authority on the history of the British Isles in the sixteenth and seventeenth centuries Ronald Hutton brilliantly recreates the political landscape of this early modern period and shows how the modern nation was forged in these febrile transformative years Combining skilful pen portraits of the leading figures of the day with descriptions of its culture economics and vivid accounts of everyday life Hutton provides telling insights into this critical period on Britain's national history This the second book in the landmark four volume Brief History of Britain which brings together leading historians to tell Britain's story from the Norman Conquest of 1066 to the present day Combining the latest research with accessible and entertaining story telling the series is the ideal introduction for students and general readers

The Late Medieval English Church G.W. Bernard, 2012-06-26 The later medieval English church is invariably viewed through the lens of the Reformation that transformed it But in this bold and provocative book

historian George Bernard examines it on its own terms revealing a church with vibrant faith and great energy but also with weaknesses that reforming bishops worked to overcome Bernard emphasizes royal control over the church He examines the challenges facing bishops and clergy and assesses the depth of lay knowledge and understanding of the teachings of the church highlighting the practice of pilgrimage He reconsiders anti clerical sentiment and the extent and significance of heresy He shows that the Reformation was not inevitable the late medieval church was much too full of vitality But Bernard also argues that alongside that vitality and often closely linked to it were vulnerabilities that made the break with Rome and the dissolution of the monasteries possible The result is a thought provoking study of a church and society in transformation

The Dissolution of the Monasteries James G. Clark, 2022 The first account of the dissolution of the monasteries for fifty years exploring its profound impact on the people of Tudor England This is a book about people though not ideas and as a detailed account of an extraordinary human drama with a cast of thousands it is an exceptional piece of historical writing Lucy Wooding Times Literary Supplement Shortly before Easter 1540 saw the end of almost a millennium of monastic life in England Until then religious houses had acted as a focus for education literary and artistic expression and even the creation of regional and national identity Their closure carried out in just four years between 1536 and 1540 caused a dislocation of people and a disruption of life not seen in England since the Norman Conquest Drawing on the records of national and regional archives as well as archaeological remains James Clark explores the little known lives of the last men and women who lived in England's monasteries before the Reformation Clark challenges received wisdom showing that buildings were not immediately demolished and Henry VIII's subjects were so attached to the religious houses that they kept fixtures and fittings as souvenirs This rich vivid history brings back into focus the prominent place of abbeys priories and friaries in the lives of the English people [English Reformation: Oxford Bibliographies Online Research Guide](#) Oxford University Press, 2010-06-01 This ebook is a selective guide designed to help scholars and students of Islamic studies find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related This ebook is a static version of an article from Oxford Bibliographies Online Renaissance and Reformation a dynamic continuously updated online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study of European history and culture between the 14th and 17th centuries Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit www.oxfordbibliographies.com

Encyclopedia of Martin Luther and the Reformation Mark A. Lamport, 2017-08-31 The Encyclopedia of Martin Luther and the Reformation is a comprehensive global study of the life and work of Martin Luther and the movements that

followed him in history and through today Organized by a stellar advisory board of Luther and Reformation scholars the encyclopedia features nearly five hundred entries that examine Luther's life and impact worldwide The two volume set provides overviews of basics such as the 95 Theses as well as more complex topics such as reformational distinctions Entries explore Luther's contributions to theology sacraments his influence on the church and contemporaries his character and more The work also discusses Luther's controversies and topics such as gender sexuality and race Publishing at the five hundredth anniversary of the Reformation this is an essential reference work for understanding the Reformation and its legacy today

The Story of Monasticism Greg Peters, 2015-08-11 Some evangelicals perceive monasticism as a relic from the past a retreat from the world or a shirking of the call to the Great Commission At the same time contemporary evangelical spirituality desires historical Christian manifestations of the faith In this accessibly written book Greg Peters an expert in monastic studies who is a Benedictine oblate and spiritual director offers a historical survey of monasticism from its origins to current manifestations Peters recovers the riches of the monastic tradition for contemporary spiritual formation and devotional practice explaining why the monastic impulse is a valid and necessary manifestation of the Christian faith for today's church

The Cambridge History of Medieval Monasticism in the Latin West Alison I. Beach, Isabelle Cochelin, 2020-01-09 Monasticism in all of its variations was a feature of almost every landscape in the medieval West So ubiquitous were religious women and men throughout the Middle Ages that all medievalists encounter monasticism in their intellectual worlds While there is enormous interest in medieval monasticism among Anglophone scholars language is often a barrier to accessing some of the most important and groundbreaking research emerging from Europe The Cambridge History of Medieval Monasticism in the Latin West offers a comprehensive treatment of medieval monasticism from Late Antiquity to the end of the Middle Ages The essays specially commissioned for this volume and written by an international team of scholars with contributors from Australia Belgium Canada England France Germany Italy the Netherlands Spain Switzerland and the United States cover a range of topics and themes and represent the most up to date discoveries on this topic

The Culture of Medieval English Monasticism James G. Clark, 2007 Examinations of the culture artistic material musical of English monasteries in the six centuries between the Conquest and the Dissolution The cultural remains of England's abbeys and priories have always attracted scholarly attention but too often they have been studied in isolation appreciated only for their artistic codicological or intellectual features and not for the insights they offer into the patterns of life and thought the underlying norms values and mentality of the communities of men and women which made them Indeed the distinguished monastic historian David Knowles doubted there would ever be sufficient evidence to recover the mentality of the ordinary cloister monk These twelve essays challenge this view They exploit newly catalogued and newly discovered evidence manuscript books wall paintings and even the traces of original monastic music to recover the cultural dynamics of a cross section of male and female communities It is often claimed that over time the cultural traditions of the monasteries were

suffocated by secular trends but here it is suggested that many houses remained a major cultural force even on the verge of the Reformation James G Clark is Professor of History at the University of Exeter Contributors DAVID BELL ROGER BOWERS JAMES CLARK BARRIE COLLETT MARY ERLER G R EVANS MIRIAM GILL JOAN GREATREX JULIAN HASELDINE J D NORTH ALAN PIPER AND R M THOMSON

Henry VIII John Matusiak, 2013-08-01 This compelling new account of Henry VIII is by no means yet another history of the old monster and his reign The monster displayed here is at the very least a newer type more beset by anxieties and insecurities and more tightly surrounded by those who equated loyalty with fear self interest and blind obedience This ground breaking book also demonstrates that Henry VIII s priorities were always primarily martial rather than marital and accepts neither the necessity of his all consuming quest for a male heir nor his need ultimately to sever ties with Rome As the story unfolds Henry s predicaments prove largely of his own making the paths he chooses neither the only nor the best available For Henry VIII was not only a bad man but also a bad ruler who failed to achieve his aims and blighted the reigns of his two immediate successors Five hundred years after he ascended the throne the reputation of England s best known king is being rehabilitated and subtly sanitized Yet Tudor historian John Matusiak paints a colourful and absorbingly intimate portrait of a man wholly unfit for power Medieval and Early Modern Religious Cultures Laura Ashe, Ralph Hanna, 2019 New approaches to religious texts from the Middle Ages highlighting their diversity and sophistication

The Oxford Dictionary of the Christian Church Frank Leslie Cross, Elizabeth A. Livingstone, 2005 Uniquely authoritative and wide ranging in its scope The Oxford Dictionary of the Christian Church is the indispensable one volume reference work on all aspects of the Christian Church It contains over 6 000 cross referenced A Z entries and offers unrivalled coverage of all aspects of this vast and often complex subject including theology churches and denominations patristic scholarship the bible the church calendar and its organization popes archbishops saints and mystics In this revision innumerable small changes have been made to take into account shifts in scholarly opinion recent developments such as the Church of England s new prayer book Common Worship RC canonizations ecumenical advances and mergers and where possible statistics A number of existing articles have been rewritten to reflect new evidence or understanding for example the Holy Sepulchre entry and there are a few new articles Perhaps most significantly a great number of the bibliographies have been updated Established since its first appearance in 1957 as an essential resource for ordinands clergy and members of religious orders ODCC is an invaluable tool for academics teachers and students of church history and theology as well as for the general reader

Henry VIII Lucy Wooding, 2015-03-05 This new edition of Lucy Wooding s Henry VIII is fully revised and updated to provide an insightful and original portrait of one of England s most unforgettable monarchs and the many paradoxes of his character and reign Henry was a Renaissance prince whose Court dazzled with artistic display yet he was also a savage adversary who ruthlessly crushed all those who opposed him Five centuries after his reign he continues to fascinate always evading easy characterization Wooding locates Henry VIII firmly in the context of the English Renaissance

and the fierce currents of religious change that characterized the early Reformation as well as exploring the historiographical debates that have surrounded him and his reign This new edition takes into account significant advances in recent research particularly following the five hundredth anniversary of his accession in 2009 to put forward a distinctive interpretation of Henry's personality and remarkable style of kingship It gives a fresh portrayal of Henry VIII cutting away the misleading mythology that surrounds him in order to provide a vivid account of this passionate wilful intelligent and destructive king This compelling biography will be essential reading for all early modern students

Devout Laywomen in the Early Modern World Alison Weber, 2016-03-10 Devout laywomen raise a number of provocative questions about gender and religion in the early modern world How did some groups or individuals evade the Tridentine legislation that required third order women to take solemn vows and observe active and passive enclosure How did their attempts to exercise a female apostolate albeit with varying degrees of success and assertiveness destabilize hierarchies of class and gender To the extent that their beliefs and practices diverged from approved doctrine and rituals what insights can they provide into the tensions between official religion and lay religiosity Addressing these and many other questions *Devout Laywomen in the Early Modern World* reflects new directions in gender history offering a more nuanced approach to the paradigm of woman as the prototypical disciplined subject of church state power

Transactions of the Royal Historical Society: Volume 19 Ian W. Archer, 2009-12-17 A collection of major articles representing some of the best historical research

Henry VIII and the English Reformation Richard Rex, 2006-03-29 Abandoning the traditional narrative approach to the subject Richard Rex presents an analytical account which sets out the logic of Henry VIII's shortlived Reformation Starting with the fundamental matter of the royal supremacy Rex goes on to investigate the application of this principle to the English ecclesiastical establishment and to the traditional religion of the people He then examines the extra impetus and the new direction which Henry's regime gave to the development of a vernacular and literate devotional culture and shows how despite Henry's best intentions serious religious divisions had emerged in England by the end of his reign The study emphasises the personal role of Henry VIII in driving the Reformation process and how this process in turn considerably reinforced the monarch's power This updated edition of a powerful interpretation of Henry VIII's Reformation retains the analytical edge and stylish lucidity of the original text while taking full account of the latest research An important new chapter elucidates the way in which politics and religion interacted in early Tudor England

A Monastic Renaissance at St Albans James G. Clark, 2004-12-09 A Monastic Renaissance at St Albans is a study of intellectual life teaching preaching the production of books and the pursuit of scholarship at one of England's greatest monasteries at the end of the Middle Ages It has always been assumed that the monasteries fell into decline long before the Dissolution but this study demonstrates the continuing vitality of education and learning in English cloisters and even uncovers evidence of a revival in Classical studies comparable to the continental Renaissance

Monastic Life in the Medieval British Isles Julie Kerr, Emilia

Jamroziak, Karen Stöber, 2018-10-15 This book celebrates the work and contribution of Professor Janet Burton to medieval monastic studies in Britain. Burton has fundamentally changed approaches to the study of religious foundations in regional contexts, Yorkshire and Wales, placing importance on social networks for monastic structures and female Cistercian communities in medieval Britain. Moreover, she has pioneered research on the canons and their place in medieval English and Welsh societies. This Festschrift comprises contributions by her colleagues, former students, and friends, leading scholars in the field who engage with and develop themes that are integral to Burton's work. The rich and diverse collection in the present volume represents original work on religious life in the British Isles from the twelfth to the sixteenth century as homage to the transformative contribution that Burton has made to medieval monastic studies in the British Isles.

Unveiling the Energy of Verbal Artistry: An Psychological Sojourn through **Religious Orders In Pre Reformation England**

In some sort of inundated with screens and the cacophony of fast communication, the profound energy and emotional resonance of verbal art often fade in to obscurity, eclipsed by the continuous onslaught of noise and distractions.
