Religious Fanaticism

Marianne Moyaert

Religious Fanaticism:

A Study of Religious Fanaticism Naomi Marguerite Goldthwaite Ekdahl, 1929 **Love Amidst Religious Fanaticism** J.J. Jatson, 2012-01-06 Love Amidst Religious Fanaticism is based on reality of what happened to him J J Jatson in real life His wife is a Muslim while he is a Christian They love each other and got married against their parental warning because of differences in religion He said love is not a respecter of religion ethnicity tribe or culture Real love is not based on money nor gifts but is from the hearts A Study of Religious Fanaticism and Responses to it Hal W. French, 1990 *A Study of Religious Fanaticism and Responses to it* Hal W. French, 1990 *The Scheduled Castes in India* Anirban Kashyap, 1996 Attempts have been made in this study to present an over all profile of the Scheduled Castes from different dimensions i e facts figures and their interpretations the policy of segregation of a sizable section of Indian population on the basis of caste

Traditional Authority, Islam, and Rebellion Karl D. Jackson, 2023-04-28 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1980

Fanaticism and the History of Philosophy Paul Katsafanas, 2023-11-07 Voltaire called fanaticism the monster that pretends to be the child of religion Philosophers politicians and cultural critics have decried fanaticism and attempted to define the distinctive qualities of the fanatic whom Winston Churchill described as someone who can t change his mind and won t change the subject Yet despite fanaticism s role in the long history of social discord human conflict and political violence it remains a relatively neglected topic in the history of philosophy In this outstanding inquiry into the philosophical history of fanaticism a team of international contributors examine the topic from antiquity to the present day Organized into four sections topics covered include Fanaticism in ancient Greek Indian and Chinese philosophy Fanaticism and superstition from Hobbes to Hume including chapters on Locke and Montesquieu Shaftesbury and Hutcheson Kant Germaine de Stael Hegel Nietzsche William James and Jorge Portilla on fanaticism Fanaticism and terrorism and extremism and gender including the philosophy and morality of the manosphere Closed mindedness and political and epistemological fanaticism Spanning themes from superstition enthusiasm and misanthropy to the emotions purity and the need for certainty Fanaticism and the History of Philosophy is a landmark volume for anyone researching and teaching the history of philosophy particularly ethics and moral philosophy It is also a valuable resource for those studying fanaticism in related fields such as religion the history of political thought sociology and the history of ideas **Dictionary of Doctrinal and Historical Theology** John Henry Blunt, 1870 *Religious Fanaticism* Hannah Whitall Smith, 1928 Consisting of an account of the author of theses papers and of the times in which she lived together with a description of the curious religious sects and communities of America during the early and middle years of the nineteenth century **Christian Imaginations of the**

Religious Other Marianne Moyaert, 2024-02-20 Explores how Christians created used and adapted religionized categories of non Christians through the centuries Christian Imaginations of the Religious Other traces the genealogy of religionization the various ways Christians throughout history have created a sense of religious normativity while simultaneously producing various categories of non Christian otherness Covering a broad expanse of processes practices and socio political contexts this innovative volume analyzes the complex intersections of patterns of religionization in different eras while investigating their entanglements with racialization sexualization and ethnicization With a readable and accessible style Marianne Moyaert offers a nuanced and well balanced critical analysis of how and why Christianity s others were named categorized essentialized and governed by those exemplifying Christian normativity in Western European society The author takes a longue dur e approach a long term perspective on history that extends past human memory and the archaeological record that integrates different case studies and a variety of ecclesial theological and literary documents Throughout the text Moyaert demonstrates how religionization shaped the ways Christians classified people organized Christian societies interacted with different Christian and non Christian groups and more Surveys the relationship between shifts in Christian normativity and the way non Christians are imagined Helps readers connect the lasting effects of patterns of religionization with their everyday experiences Discusses the role of Christian expansion in the differential and unequal treatment of Christianity s others Examines legal regulations and disciplinary practices that were established to define the boundaries between Christians and non Christians Incorporates a wide range of scholarly resources cutting edge research and the most recent insights and issues in the field Includes textboxes with helpful summaries illustrations and commentary in each chapter Christian Imaginations of the Religious Other A History of Religionization is an excellent textbook for undergraduate and graduate courses in interreligious studies comparative theology theological approaches to religious diversity Christian Jewish Muslim relations race and religion and theorizing religion Professor Moyaert is one of the world s best scholars of comparative theology In this magisterial new work she helps scholars of religion to better learn how religious images whether drawn with pictures or words are crucial to how we understand ourselves and each other Amir Hussain President American Academy of Religion Breathtaking in scope and detail Moyaert offers an original history of the ways Christians have projected distorted images of their religious others with devastating material consequences Her illuminating story of the past is a searchlight for our present Jeannine Hill Fletcher Professor of Theology Fordham University Christian Imaginations is a superb study of the role that Western political programs play in the historical construction of identity boundaries Analytically erudite and socially committed Moyaert s book powerfully interrogates what counts as religion making this text a must read for anyone interested in interreligious studies Santiago Slabodsky Florence and Robert Kaufman Professor in Jewish Studies Hofstra University Raising the historical formation of religious identities to the level of contemporary treatments of gender and racialization Christian Imaginations of the Religious Other is essential reading for

students of religion Michelle Voss Professor of Theology and Past Principal Emmanuel College of Victoria University in the University of Toronto Crafting a Western European mosaic of religionization s turbulent history Moyaert unveils how religious identities are constructed hierarchies function and their relevance for engaging diverse societies today worldwide Hans Gustafson Adjunct Professor of Theology University of St Thomas *The Philosophy of Fanaticism* Leo Townsend, Ruth Rebecca Tietjen, Hans Bernhard Schmid, Michael Staudigl, 2022-07-26 The essays in this volume explore some of the disconcerting realities of fanaticism by analyzing its unique dynamics and considering how it can be productively confronted The book features both analytic and continental philosophical approaches to fanaticism Working at the intersections of epistemology philosophy of emotions political philosophy and philosophy of religion the contributors address a range of questions related to this increasingly relevant yet widely neglected topic What are the distinctive features of fanaticism What are its causes motivations and reasons In what ways if at all is fanaticism epistemically ethically and politically problematic And how can fanaticism be combatted or curtailed *The Philosophy of Fanaticism* will be of interest to scholars and advanced students working in epistemology philosophy of religion philosophy of emotions moral psychology and political philosophy

The American Journal of Religious Psychology and Education ,1905 ***Unknown Fanaticism*** Ross

Lerner, 2019-04-02 We may think we know what defines religious fanaticism violent action undertaken with dogmatic certainty But the term fanatic from the European Reformation to today has never been a stable one Then and now it has been reductively defined to justify state violence and to delegitimize alternative sources of authority *Unknown Fanaticism* rejects the simplified binary of fanatical religion and rational politics turning to Renaissance literature to demonstrate that fanaticism was integral to how both modern politics and poetics developed from the German Peasants Revolt to the English Civil War The book traces two entangled approaches to fanaticism in this long Reformation moment the targeting of it as an extreme political threat and the engagement with it as a deep epistemological and poetic problem In the first thinkers of modernity from Martin Luther to Thomas Hobbes and John Locke positioned themselves against fanaticism to pathologize rebellion and abet theological and political control In the second which arose alongside and often in response to the first the poets of fanaticism investigated the link between fanatical self annihilation the process by which one could become a vessel for divine violence and the practices of writing poetry Edmund Spenser John Donne and John Milton recognized in the fanatic s claim to be a passive instrument of God their own incapacity to know and depict the origins of fanaticism Yet this crisis of unknowing was a productive one It led these writers to experiment with poetic techniques that would allow them to address fanaticism s tendency to unsettle the boundaries between human and divine agency and between individual and collective bodies These poets demand a new critical method which this book attempts to model a historically minded and politicized formalism that can attend to the complexity of the poetic encounter with fanaticism *Max Stirner and the Political* *Theology of Fanaticism* Jorn Janssen, 2024-08-07 This book provides a rigorous and insightful exploration of political

fanaticism guided by a nuanced interpretation of the works of Max Stirner a philosopher often overlooked in contemporary discourse Based on a comprehensive analysis of Stirner s perspectives the book sheds light on the phenomenon of political fanaticism and its implications for modern society Defined as an intense and irrational emotional investment in political convictions political fanaticism permeates both North American and European contexts presenting a significant area of study within political theory The aim of this work is not to advocate for any particular ideological position but rather to critically examine the phenomenon itself Central to the investigation is Stirner s distinctive idea that political fanaticism mirrors the fervor of religious zealotry transposed onto the political stage By delving into Stirner s philosophical insights the book aims to elucidate the underlying mechanisms driving political fanaticism and its relationship to broader societal shifts Contributing to the field of political theology by exploring the intersections between politics and religious belief systems the aim is to achieve a deeper understanding of the complex dynamics at play in contemporary political discourse Ultimately the goal is to provide scholars and researchers with a comprehensive framework for analyzing and contextualizing political fanaticism within the broader landscape of modern politics By engaging with Stirner s works and interrogating their relevance to contemporary challenges the book seeks to enrich scholarly discourse and foster critical reflection on this pressing issue

Provocative Essays in African Philosophy Ikechukwu Anthony Kanu,2022-07-18 This work titled *Provocative Essays in African Philosophy* has provided the desired atmosphere for African philosophers and philosophically inclined writers from various disciplines to bring their distinctive methods to bear on problems that concern everyone This work is therefore strongly recommended for all who treasure good philosophical literature and most especially for anyone who wishes to be abreast with important debates and developments in African philosophy Experts researchers undergraduate and post graduate students beginners and casual readers in the area of African philosophy are bound to treasure the usefulness of this piece

The Two Faces of Religion N. S. Xavier,2025-08-28 *The Two Faces of Religion* considers the entire spectrum of religious experience under the twin aspects of its opposite poles the radiance of mature spirituality and the gloom of sick religiosity Although Dr Xavier necessarily contrasts the positive heights and the negative depths of mankind s spiritual experience he equally emphasizes the vast grey areas of overlap It is in these areas of overlap that Dr Xavier s medical and psychiatric expertise accomplishes the most fruitful of outcomes the recovery of troubled soul from the psycho religious tensions and afflictions so common in today s turbulent and pressurized society His exploration of the dynamic factors underlying the religious spectrum love courage wisdom hate fear egoism identity etc provides a wealth of information and insight to those who are seeking psychological and spiritual growth Clinical historic and literary examples illustrating the operation of these dynamic factors make the book particularly interesting to professionals and lay people alike

Modes of Religiosity Harvey Whitehouse,2004-05-19 Religions_ whatever else they may be_ are configurations of cultural information reproduced across space and time Beginning with this seemingly obvious fact of religious transmission

Harvey Whitehouse goes on to construct a testable theory of how religions are created passed on and changed At the center of his theory are two divergent modes of religiosity the imagistic and the doctrinal Drawing from recent advances in cognitive science Whitehouse s theory shows how religions tend to coalesce around one of these two poles depending on how religious behaviors are remembered In the imagistic mode rituals have a lasting impact on people s minds haunting not only our memories but influencing the way we ruminate on religious topics These psychological features are linked to the scale and structure of religious communities fostering small exclusive and ideologically heterogeneous ritual groupings or factions In the doctrinal mode on the other hand religious knowledge is primarily spread through intensive and repetitive teaching religious communities are contrastingly large inclusive and centrally regulated While these tendencies have long been recognized in the history of the study of religion the modes of religiosity theory is unique in that it explains why these tendencies exist More importantly Whitehouse does not give the final word but invites us to join a series of collaborative networks among anthropologists historians archaeologists and psychologists currently trying to falsify confirm or refine the theory Are you tired of the flood of descriptions and interpretations of religions which offer no clear strategy for evaluation comparison and testing Modes of Religiosity can provide you with a new way to think when you think about religion

Smart Technologies and Innovations in Design for Control of Technological Processes and Objects: Economy and Production Denis B. Solovev, 2019-04-10 This book presents the Proceedings of The International Science and Technology Conference FarEastCon 2018 which took place on October 2 4 2018 in Vladivostok Russian Federation The conference provided a platform for accumulating expert opinion on projects and initiatives aimed at the implementation of far sighted scientific research and development and allowed current scientific and practical achievements to be shared with wide circle of researchers Featuring selected papers from the conference the book is of interest to a broad range of experts involved in developing innovative solutions and organizing events that increase the efficiency of economic and innovative activities

Historical Dictionary of the Baha'i Faith Hugh C. Adamson, 2006-12-21 Growing out of the teachings of the B b who introduced the idea of the coming of a great prophet the one promised in the scriptures of all the world s major religions the Bah Faith was founded by Bah u ll h when in 1866 he publicly declared that he was the One the B b prophesized The 2nd edition of the Historical Dictionary of the Bah Faith presents a general historical overview of both B b and Bah religions as well as a theological overview of the Bah Faith from their inception in the mid 19th century to the middle of 2005 It presents biographical details of the Founders and Central Figures along with numerous leaders and pioneers most of the basic principles and precepts as well as aspects of its organization and administration Through the use of photographs a list of acronyms a chronology an introductory essay a bibliography hundreds of cross referenced dictionary entries on nearly every aspect of the religion and appendixes listing the genealogy of the Founders statistical information and lists of apostles disciples Hands of the Cause Knights of Bah u ll h as well as of more than 930 believers who have contributed to its growth

and development this book is a fundamental tool for finding information on all things related to the Bah Faith **Terror and Transformation** James W. Jones, 2014-02-04 Religion has been responsible for both horrific acts against humanity and some of humanity's most sublime teachings and experiences How is this possible From a contemporary psychoanalytic perspective this book seeks to answer that question in terms of the psychological dynamic of idealisation At the heart of living religion is the idealisation of everyday objects Such idealisations provide much of the transforming power of religious experience which is one of the positive contributions of religion to the psychological life However idealisation can also lead to religious fanaticism which can be very destructive Drawing on the work of various contemporary relational theorists within psychoanalysis this book develops a psychoanalytically informed theory of the transforming and terror producing effects of religious experience It discusses the question of whether or not if idealisation is the cause of many of the destructive acts done in the name of religion there can be vital religion without idealisation This is the first book to address the nature of religion and its capacity to sponsor both terrorism and transformation in terms of contemporary relational psychoanalytic theory It will be invaluable to students and practitioners of psychoanalysis psychotherapy psychology and religious studies and to others interested in the role of religion in the lives of individuals and societies
