Remaking America How The Benevolent Traditions Of Many Cultures Are Transforming Our National Life:

Remaking America James A. Joseph, 1995-05-02 Uncovers the long history and rich traditions of giving among people of color Focusing on four communities Native Americans African Americans Asian Americans and Latinos Joseph draws compelling portraits of cultural heroes and heroines who personify the benevolent nature of their unique heritages The author maintains that by understanding and affirming these traditions we can form a new vision of the larger American community based on shared values universal compassion and a new spirituality **Proceedings, American Philosophical Society (vol. 142, no. 2, 1998)** , Native American Political Systems and the Evolution of Democracy Bruce E. Johansen, 1996-05-14 For more than a decade scholars have debated the question of whether American Indian confederacies primarily the Iroquois helped influence the formation of U S basic law The idea has sparked lively debate in the public arena as well with Canadian diplomat Durling Voyce Jones contending it shows a paradigm shift in our thinking Patrick Buchanan calling it idiocy and George Will saying it s fiction For the first time this bibliography brings together some 450 citations on the debate The work describes the debate in the words of one of its major participants Bruce E Johansen author of three other books on the subject The bibliography also takes the reader back to suggestions of the idea long before the contemporary debate Lakota author Charles Eastman brought up the subject in 1919 Mohawk teacher Ray Fadden developed it in the 1940s and John F Kennedy touched on it in 1960 Bringing the debate to its full flower in the present day the bibliography illustrates both fervent support and equally emphatic denial in the academy and the public press The book is both a scholarly tool and a lively exploration of issues bearing on the study of history and multiculturalism *Philanthropy in America* Dwight F. Burlingame, 2004-08-19 A landmark three volume reference work documenting philanthropy and the nonprofit sector throughout American history edited by the field s most widely recognized authority Developed under the guidance of Dr Dwight Burlingame of the Indiana University Center on Philanthropy one of the nation s premier institutes for the study of philanthropy the three volume *Philanthropy in America A Comprehensive Historical Encyclopedia* is the definitive work on philanthropic charitable and nonprofit endeavors in the United States The first section of the encyclopedia contains over 200 A Z entries covering the lives of important philanthropists the missions and practices of key institutions and organizations and the impact of seminal events throughout the history of the nonprofit sector in America from precolonial times to the present Discussions of philanthropic traditions in ancient civilizations in Europe during colonial times and in countries around the world today provide fascinating contexts for understanding how the American philanthropic experience has developed The encyclopedia also includes a collection of primary source documents legislation foundation reports mission statements etc for convenient review and further research **Creating Africa in America** Jacqueline Copeland-Carson, 2012-03-13 With a booming economy that afforded numerous opportunities for immigrants throughout the 1990s the Twin Cities area has attracted people of African descent from throughout the United States and the

world and is fast becoming a transnational metropolis Minnesota's largest urban area the region now also has the country's most diverse black population A closely drawn ethnography *Creating Africa in America Translocal Identity in an Emerging World City* seeks to understand and evaluate the process of identity formation in the context of globalization in a way that is also site specific Bringing to this study a rich and interesting professional history and expertise Jacqueline Copeland Carson focuses on a Minneapolis based nonprofit the Cultural Wellness Center which combines different ethnic approaches to bodily health and community well being as the basis for a shared translocal African culture The book explores how the body can become a surrogate locus for identity thus displacing territory as the key referent for organizing and experiencing African diasporan diversity Showing how alternatives are created to mainstream majority and Afrocentric approaches to identity she addresses the way that bridges can be built in the African diaspora among different African immigrant African American and other groups As this thoughtful and compassionate ethnographic study shows the fact that there is no simple and concrete way to define how one can be African in contemporary America reflects the tangled nature of cultural processes and social relations at large Copeland Carson demonstrates the cultural creativity and social dexterity of people living in an urban setting and suggests that anthropologists give more attention to the role of the nonprofit sector as a forum for creating community and identity throughout African diasporan history in the United States

Salsa, Soul, and Spirit (Volume 1 of 2) (EasyRead Super Large 24pt Edition) , The Expanding Roles of Chinese Americans in U.S.-China Relations

Peter Koehn,Xiao-Huang Yin,Xiao-huang Yin,2015-02-12 This book addresses the historical and contemporary involvement of Chinese Americans from diverse walks of life in U S China relations The contributors present new evidence and fresh perspectives on familiar and unfamiliar national and transnational networks including families businesspersons community newspapers students lobbyists philanthropists and scientists and consider the likely future impact of such contacts on the most important bilateral relationship at the start of the new millennium The volume makes a multidisciplinary contribution to understanding the extensive and vital roles and promise of Chinese Americans at this critical juncture in U S China relations and to revealing the importance of migrants as actors in contemporary global politics The assessments shared by the contributors suggest that the nature and scope of the Chinese American involvement particularly in global civil society networks increasingly will determine the outcome of state to state relations between the United States and the PRC

Salsa, Soul, and Spirit Juana Bordas,2007 **Creating Change Through Family Philanthropy** Alison Goldberg,Karen Pittelman,2007-01-26 *Creating Change Through Family Philanthropy* explains how privilege works in our society and how young people can use it to better society Based on the authors experiences with Resource Generation a national nonprofit working with wealthy young progressives the book makes the case for addressing urgent social and economic needs financially It frames controversial topics from power dynamics to grants payout in an accessible way offering next generation readers the tools they need to transform their funds Drawing on over 40 interviews this is an essential guide

for both young philanthropists and anyone working with wealthy families interested in ethical giving

Salsa, Soul, and Spirit Juana Bordas, 2009-01-21 The rapidly increasing cultural and racial diversity of the U S workforce consumer base and citizenry is propelling leadership to better reflect the values worldviews and principles inherent in our multicultural age As the world becomes flatter and globalization creates a world village leaders must have the cultural flexibility and adaptability to inspire and guide people who represent the whole rainbow of humanity For many years I have searched for materials that draw on multicultural approaches Such materials continue to be extremely scarce Today s leadership models although they may differ from person to person and method to method generally have a common bias toward Western or European influenced ways of thinking and approaches Contemporary leadership theories center on the dominant or mainstream culture and exclude the enormous contributions potential learning and valuable insights that come from leaders in diverse communities However the task of integrating leadership from these communities into the American mainstream does not fall to Anglo leaders or authors To be authentic and effective this information must emerge from leaders and scholars in communities of color Multicultural leadership has broad relevance and application to the diverse world that we live in A culturally integrated model has greater impact influence and scope Delving into leadership models from specific communities will certainly enhance a person s ability to relate more effectively with that population but will not necessarily be applicable to the growing diversity that exists A multicultural leadership approach on the other hand offers practices and tools that will

be effective with many populations Each principle section starts with a story from my life which allows me to include my voice with those of the other leaders who have graciously shared their knowledge and wisdom The first part of my life for instance mirrors many of the experiences that shaped leaders since the civil rights movement when young people of color stood up in unprecedented numbers and answered the call to leadership Each principle section ends with suggestions and exercises for using the principle in practical ways and can assist you in developing multicultural ways of leading Preface

Philanthropy in Toni Morrison's Oeuvre Rico Hollmach, 2018-11-07 This book examines Toni Morrison's highly influential works through the lens of philanthropy The point of departure of this endeavor is the keen observation that philanthropy has always played a leading role in US discourses about the nation itself While doing so time and again philanthropy has also been used as a means of social stratification especially for so called social minorities such as the African American community whose historical experience within the United States is at the very heart of Morrison's novels This book pursues the goal of a twofold understanding on the one hand through offering a rather innovative access to Morrison's works the project allows for new insights into one of today's most influential authors On the other hand this book explores the productivity of the concept of philanthropy for literary and cultural studies a concept hitherto largely neglected by scholars in both academic fields

to have a firm grasp on the tools at their disposal Achieving Excellence in Fundraising is the ultimate guide to succeeding in this critical role *Uplifting a People* Marybeth Gasman, Katherine V. Sedgwick, 2005 Philanthropy is typically considered to be within the province of billionaires This book broadens that perspective by highlighting modest acts of giving by African Americans on behalf of their own people Examining the important tradition of Black philanthropy this groundbreaking work documents its history its beginning as a response to discrimination through self help among freed slaves and its expansion to include the support of education religion the arts and legal efforts on behalf of civil rights Using diverse approaches the authors illuminate a new world of philanthropy one that will be of interest to scholars and students alike Chapters review the contributions of such major figures as Booker T Washington and Thurgood Marshall and discuss the often surprising practices and methods of contemporary African American donors *Leadership in Nonprofit Organizations* Kathryn A. Agard, 2011 Leadership in Non Profit Organizations tackles issues and leadership topics for those seeking to understand more about this dynamic sector of society A major focus of this two volume reference work is on the specific roles and skills required of the non profit leader in voluntary organizations Key features include contributions from a wide range of authors who reflect the variety vibrancy and creativity of the sector itself an overview of the history of non profit organizations in the United States description of a robust and diverse assortment of organizations and opportunities for leadership an exploration of the nature of leadership and its complexity as exemplified in the non profit sector availability both in print and online this title will form part of the 2010 Encyclopedia Collection on SAGE Reference Online The Handbook includes topics such as personalities of non profit leaders vision and starting a nonprofit organization nonprofit law statutes taxation and regulations strategic management financial management collaboration public relations for promoting a non profit organization human resource policies and procedures **Philanthropy and Fundraising in American Higher Education, Volume 37, Number 2** Noah D. Drezner, 2011-05-17 From gifts of blankets chickens and candles to multimillion dollar gifts and billion dollar campaigns voluntary support of American higher education has been part of the American ethos since the founding of the colonial colleges Peter Dobkin Hall in 1992 noted that no single force is more responsible for the emergence of the modern university in America than giving by individuals and foundations Institutions are turning to private giving to meet budgetary demands This book provides a review of the philanthropy and fundraising literature and addresses the impact of philanthropy on American higher education the theoretical under pinnings and motivations for voluntary support and a comprehensive look at the mechanics of fundraising **Political and Civic Leadership** Richard A. Couto, 2010-09-14 This work within The SAGE Reference Series on Leadership provides undergraduate students with an authoritative reference resource on political and civic leadership This 2 volume set focuses on the 100 most important topics issues question and debates specific to politics and civic society Entries provide students with more detailed information and depth of discussion than typically found in an encyclopedia entry while avoiding much of the jargon detail and density one might find in a journal

article or a research handbook chapter Key Features Includes entries written by a global panel of renowned experts Offers broad coverage of important of the moment topics related to political and civic leadership including explorations of the personalities and environments of political leaders leadership roles in governance and allegiance citizen activists and civic engagement political campaigning urban politics and leadership public management ethics in politics policy development and implementation executive management of public opinion political speechmaking and the bully pulpit congressional leadership crisis management and more Considers the history of political and civic leadership with examples from the lives of pivotal figures as well as the institutional settings and processes that lead to both opportunities and constraints unique to the political realm Provides students with more depth than usual encyclopedic entries while avoiding the jargon detail and density of more advanced works Features an approachable and clear writing style with appeal to undergraduate researchers and offers a list of further readings after each entry as well as a detailed index and an online version of the work to maximize accessibility for today s students *Black Greek-letter Organizations in the Twenty-First Century* Gregory S.

Parks,2008-06-13 During the twentieth century black Greek Letter organizations BGLOs united college students dedicated to excellence fostered kinship and uplifted African Americans Members of these organizations include remarkable and influential individuals such as Martin Luther King Jr Congresswoman Barbara Jordan novelist Toni Morrison and Wall Street pioneer Reginald F Lewis Despite the profound influence of these groups many now question the continuing relevance of BGLOs arguing that their golden age has passed Partly because of their perceived link to hip hop culture black fraternities and sororities have been unfairly reduced to a media stereotype a world of hazing without any real substance The general public knows very little about BGLOs and surprisingly the members themselves often do not have a thorough understanding of their history and culture or of the issues currently facing their organizations To foster a greater engagement with the history and contributions of BGLOs *Black Greek Letter Organizations in the Twenty first Century Our Fight Has Just Begun* brings together an impressive group of authors to explore the contributions and continuing possibilities of BGLOs and their members Editor Gregory S Parks and the contributing authors provide historical context for the development of BGLOs exploring their service activities as well as their relationships with other prominent African American institutions The book examines BGLOs responses to a number of contemporary issues including non black membership homosexuality within BGLOs and the perception of BGLOs as educated gangs As illustrated by the organized response of BGLO members to the racial injustice they observed in Jena Louisiana these organizations still have a vital mission Both internally and externally BGLOs struggle to forge a relevant identity for the new century Internally these groups wrestle with many issues including hazing homophobia petty intergroup competition and the difficulty of bridging the divide between college and alumni members Externally BGLOs face the challenge of rededicating themselves to their communities and leading an aggressive campaign against modern forms of racism sexism and other types of fear driven behavior By embracing the history of these

organizations and exploring their continuing viability and relevance Black Greek Letter Organizations in the Twenty first Century demonstrates that BGLOs can create a positive and enduring future and that their most important work lies ahead
