Remember My Lai:

My Lai Howard Jones, 2017-05-04 On the early morning of March 16 1968 American soldiers from three platoons of Charlie Company 1st Battalion 20th Infantry Regiment 11th Brigade 23rd Infantry Division entered a group of hamlets located in the Son Tinh district of South Vietnam located near the Demilitarized Zone and known as Pinkville because of the high level of Vietcong infiltration The soldiers many still teenagers who had been in the country for three months were on a search and destroy mission The Tet Offensive had occurred only weeks earlier and in the same area and had made them jittery so had mounting losses from booby traps and a seemingly invisible enemy Three hours after the GIs entered the hamlets more than five hundred unarmed villagers lay dead killed in cold blood The atrocity took its name from one of the hamlets known by the Americans as My Lai 4 Military authorities attempted to suppress the news of My Lai until some who had been there in particular a helicopter pilot named Hugh Thompson and a door gunner named Lawrence Colburn spoke up about what they had seen The official line was that the villagers had been killed by artillery and gunship fire rather than by small arms That line soon began to fray Lieutenant William Calley one of the platoon leaders admitted to shooting the villagers but insisted that he had acted upon orders An exposé of the massacre and cover up by journalist Seymour Hersh followed by graphic photographs incited international outrage and Congressional and U S Army inquiries began Calley and nearly thirty other officers were charged with war crimes though Calley alone was convicted and would serve three and a half years under house arrest before being paroled in 1974 My Lai polarized American sentiment Many saw Calley as a scapegoat the victim of a doomed strategy in an unwinnable war Others saw a war criminal President Nixon was poised to offer a presidential pardon The atrocity intensified opposition to the war devastating any pretense of American moral superiority Its effect on military morale and policy was profound and enduring The Army implemented reforms and began enforcing adherence to the Hague and Geneva conventions Before launching an offensive during Desert Storm in 1991 one general warned his brigade commanders No My Lais in this division do you hear me Compelling comprehensive and haunting based on both exhaustive archival research and extensive interviews Howard Jones's *My Lai* will stand as the definitive book on one of the most devastating events in American military history

About to Die Barbie Zelizer, 2010-12-01 Due to its ability to freeze a moment in time the photo is a uniquely powerful device for ordering and understanding the world But when an image depicts complex ambiguous or controversial events terrorist attacks wars political assassinations its ability to influence perception can prove deeply unsettling Are we really seeing the world as it is or is the image a fabrication or projection How do a photo's content and form shape a viewer's impressions What do such images contribute to historical memory *About to Die* focuses on one emotionally charged category of news photograph depictions of individuals who are facing imminent death as a prism for addressing such vital questions Tracking events as wide ranging as the 1906 San Francisco Earthquake the Holocaust the Vietnam War and 9 11 Barbie Zelizer demonstrates that modes of journalistic
