Remembering the Future Robert C. Lodwick, 1995 Designed as a regional study this book offers a survey of church situations in the British Isles Latin Europe Scandinavia and the Baltics Central Europe the Balkans and the Commonwealth of Independent States Writers from all parts of Europe share their conviction that while we cannot forget the past our salvation lies in remembering the future To live in the future is a sign of faith and hope that overcomes doubt and despair says editor Robert C Lodwick For there to be a future people must think plan and work for it That is the challenge of the churches in Europe and the challenge for people of faith everywhere Remembering the Future illuminates many fascinating subjects including complex ethno religious conflict in the Balkans signs of hope in Northern Ireland challenges of the Russian Orthodox Church in the postcommunist era ongoing pilgrimages by Christians seeking renewal reflections on issues of church and state in the former East Germany Major overviews by church leaders lay activists seminary professors and journalists are supplemented by news articles interviews and ecumenical statements Maps photos and a glossary enhance the material Back cover

The Ecumenical Movement and the Making of the European Community Lucian Leuștean, 2014 A study that assesses the political history of religious dialogue in the European Community detailing close relations between churchmen and high ranking officials in European institutions immediately after the 1950 Schuman Declaration

North American Churches and the Cold War Paul B. Mojzes, 2018-08-23 History textbooks typically list 1945 1990 as the Cold War years but it is clear that tensions from that period are still influencing world politics today While much attention is given to political and social responses to those first nuclear threats none has been given to the reactions of Christian churches North American Churches and the Cold War offers the first systematic reflection on the diverse responses of Canadian and American churches to potential nuclear disaster A mix of scholars and church leaders the contributors analyze the anxieties dilemmas and hopes that Christian churches felt as World War II gave way to the nuclear age As they faced either nuclear annihilation or peaceful reconciliation Christians were forced to take stands on such issues as war communism and their relationship to Christians in Eastern Europe As we continue to navigate the nuclear era this book provides insight into Christian responses to future adversities and conflicts

cultivate hope and keep us attentive to the mission of Christ Read together as leadership teams boards and covenant groups to understand more clearly the why of congregational ministry and the internal resistances and external challenges to the mission of the church A History of the Ecumenical Movement: 1968-2000 Ruth Rouse, Stephen Neill, Harold Edward Fey, 1986 **Remembering for the Future** J. Roth, E. Maxwell, 2017-02-13 Focused on The Holocaust in an Age of Genocide Remembering for the Future brings together the work of nearly 200 scholars from more than 30 countries and features cutting edge scholarship across a range of disciplines amounting to the most extensive and powerful reassessment of the Holocaust ever undertaken In addition to its international scope the project emphasizes that varied disciplinary perspectives are needed to analyze and to check the genocidal forces that have made the Twentieth century so deadly Historians and ethicists psychologists and literary scholars political scientists and theologians sociologists and philosophers all of these and more bring their expertise to bear on the Holocaust and genocide Their contributions show the new discoveries that are being made and the distinctive approaches that are being developed in the study of genocide focusing both on archival and oral evidence and on the religious and cultural representation of the Holocaust *International Mission Bibliography* Norman E. Which Future?* Barbara Törnquist-Plewa, 2016-04-01 Scholars have devoted considerable energy to understanding the history of ethnic cleansing in Europe reconstructing specific events state policies and the lived experiences of victims Yet much less attention has been given to how these incidents persist in collective memory today This volume brings together interdisciplinary case studies conducted in Central and Eastern European cities exploring how present day inhabitants remember past instances of ethnic cleansing and how they understand the cultural heritage of groups that vanished in their wake Together these contributions offer insights into more universal questions of collective memory and the formation of national identity American Book Publishing Record , 1995 **The Church of England and the Holocaust** Tom Lawson, 2006 Explores the Church of England s understanding of the Third Reich and its impact on the reactions to and memory of the Holocaust in Britain Argues that the Anglican Church did not engage with the Third Reich through the prism of the persecution of the Jews English Christians commonly perceived Nazism as significant through its anti Christianity as an attack on Christian culture and not through its antisemitism In the 1930s the Church was opposed to war but when Nazi

antisemitism became much more pronounced after 1938 the Church incorporated this persecution into its image of Nazism as anti Christian While there was some concern for Jewish victims especially on the part of George Bell and William Temple particular concern was expressed for the German Christian victims of totalitarianism This led the Anglican Church after the war to favor reconstruction of West Germany as a buffer against communism and anti Christianity The Church objected to war crimes trials as being opposed to Christian forgiveness vs the Jewish value of vengeance a view which sought to reduce the significance of Nazi antisemitism and the Holocaust Religion Index One ,2007 **Remembering 1989** Anke Pinkert,2024-10-07 This account of the laboratory of radical democracy in the months before East Germany's absorption in the West challenges memories of Germany's reunification For many 1989 is an iconic date one we associate with the fall of the Berlin Wall and the end of the Cold War The year prompts some to rue the defeat of socialism in the East while others celebrate a victory for democracy and capitalism in the reunified Germany Remembering 1989 focuses on a largely forgotten interregnum the months between the outbreak of protests in the German Democratic Republic in 1989 and its absorption by the West in 1990 Anke Pinkert who herself participated in those protests recalls these months as a volatile but joyous laboratory of radical democracy and tells the story of how and why this time out of joint has been erased from Germany's national memory Remembering 1989 argues that in order to truly understand Germany's historic transformation we must revisit protesters actions across a wide range of minor vernacular and often transient sources Drawing on rich archives including videotapes of untelevised protests illegally printed petitions by Church leaders audio recordings of dissident meetings and interview footage with military troops Pinkert opens the discarded history of East European social uprisings to new interpretations and imagines alternatives to Germany's neoliberal status quo The result is a vivid unexpected contribution to memory studies and European history *befreit-verbunden-engagiert | liberated-connected-committed* Mario Fischer,Kathrin Nothacker,2019-11-18 Europa lebt Die 8 Vollversammlung der Gemeinschaft Evangelischer Kirchen in Europa tagte im September 2018 mit ca 200 Delegierten aus ganz Europa im Münster zu Basel Der Dokumentationsband enthält Berichte Beschlüsse und deren Begründungen Vorträge Predigten Grußworte Fotos und ein Friedenswort zum Ende des Ersten Weltkrieges vor 100 Jahren Die Dokumente sind ein Abbild für die gelebte Kirchengemeinschaft der evangelischen Kirchen in Europa Die Vollversammlung hat sich weiterhin unter dem Leitgedanken der verschiedenen Vielfalt mit der innerkirchlichen Einheit wie auch mit den kumenischen Partnern und dem Verhältnis zur Gesellschaft beschäftigt Der Hauptvortrag von Andrea Riccardi dem Gründer der Gemeinschaft von Sant'Egidio in Rom ist neben wegweisenden Predigten von Mitgliedern des Präsidiums und dem Schlussbericht mit den Zukunftsthemen im Dokumentationsband enthalten liberated connected committed Documents of the 8th General Assembly of the Community of Protestant Churches in Europe CPCE Basel Switzerland September 13-18 2018 Bringing Europe alive The 8th General Assembly of the Community of Protestant Churches in Europe brought together some 200 delegates from all over Europe in September 2018 to gather in Basle

The Reception of Vatican II Matthew L. Lamb, Matthew Levering, 2017-02-09 From 1962 to 1965 in perhaps the most important religious event of the twentieth century the Second Vatican Council met to plot a course for the future of the Roman Catholic Church After thousands of speeches resolutions and votes the Council issued sixteen official documents on topics ranging from divine revelation to relations with non Christians But the meaning of the Second Vatican Council has been fiercely contested since before it was even over and the years since its completion have seen a battle for the soul of the Church waged through the interpretation of Council documents The Reception of Vatican II looks at the sixteen conciliar documents through the lens of those battles Paying close attention to reforms and new developments the essays in this volume show how the Council has been received and interpreted over the course of the more than fifty years since it concluded The contributors to this volume represent various schools of thought but are united by a commitment to restoring the view that Vatican II should be interpreted and implemented in line with Church Tradition The central problem facing Catholic theology today these essays argue is a misreading of the Council that posits a sharp break with previous Church teaching In order to combat this reductive way of interpreting the Council these essays provide a thorough instructive overview of the debates it inspired
