What the Mountains Remember Joy Callaway, 2024-04-02 Joy Callaway weaves a dramatic, heartfelt story of self-discovery and a hard-won love against the stunning backdrop of the Eighth Wonder of the World, Mary Alice Monroe. New York Times bestselling author of *Time Is a River*, at this wondrous resort, secrets can easily be hidden in plain sight when the eye is trained on beauty. April 1913, Belle Newbold hasn't seen mountains for seven years since her father died in a mining accident, and her mother married oil and gas magnate Shipley Newbold. But when her stepfather's business acquaintance Henry Ford invites the family on one of his famous Vagabonds camping tours, she is forced to face the hills once again, primarily in order to reunite with her future fiancé, owner of the land the Vagabonds are using for their campsite, a man she's only met once before. It is a veritable arranged marriage, but she prefers it that way. Belle isn't interested in love. She only wants a simple life, a family of her own, and the stability of a wealthy man's pockets. That's what Worth Delafield has promised to give her, and it's worth facing the mountains again, the reminder of the past and her poverty, to secure her future. But when the Vagabonds group is invited to tour the unfinished Grove Park Inn, and Belle is unexpectedly thrust into a role researching and writing about the building of the inn, a construction the locals are calling The Eighth Wonder of the World, she quickly realizes that these mountains are no different from the ones she once called home. As Belle peels back the facade of Grove Park Inn, of Worth of the society she's come to claim as her own, and the truth of her heart, she begins to see that perhaps her part in Grove Park's story isn't a coincidence after all. Perhaps it is only by watching a wonder rise from ordinary hands and mountain stone that she can finally find the strength to piece together the long destroyed path toward who she was meant to be. International bestselling author Joy Callaway returns with a story of the ordinary people behind extraordinary beauty and the question of who gets to tell their stories. Praise for *What the Mountains Remember*: Callaway is back with another insightful rendering of a place and time in history, bringing her trademark attention to detail, warmth, and heart to a story centered around one of the nation's most beautiful and fabled hotels, the Grove Park Inn in Asheville, NC. Marybeth Mayhew Whalen, author of ten novels and cofounder of *The Book Tide*, a stunning portrayal of the building of the Grove Park Inn that reveals not only its grandeur but also the struggles of the laborers tasked with its construction. Joy Callaway brings the famed Vagabonds to life with immaculate research and rich details in this intriguing, elegantly written historical fiction that readers

TERRY HALL,2012-07-17 In Notes From The Chalkboard Teacher Tales From The Mountains Of North Carolina I have attempted to capture the essence of North Carolina mountain teachers and administrators It is a tragedy for people to live to be eighty ninety or even one hundred years old and when they die to allow their wonderful experiences to die with them Oral history is rapidly dying across our nation With the explosion of instant communication we have lost the art of passing on everyday events of interest to future generations There was a time not very long ago when families would sit around the fireplace and relate memories from days gone by Regrettably that day is long in the past Thus the idea for this book was formed The purpose is to provide an avenue for common everyday folks who would most likely never be mentioned in history books to relate memories that are meaningful in their lives and allow these same memories to be passed on through time     The Pool Is Closed Hannah S. Palmer,2024-10-16 In 2018 while teaching her kids to swim and working on urban river restoration projects Hannah S Palmer began a journal of social encounters with water As she found herself dangling her feet in a seemingly all white swimming pool she started to worry about how her young sons would learn to swim Would they grow up accustomed to the stubbornly segregated pools of Atlanta Was it safe for them to wade in creeks laced

with urban runoff or dive into the ever warming man made swimming holes of the South Should they just join the Y But these weren t just parenting questions In the South how we swim and whether we have access to water at all is tied up in race and class As she took her sons pool hopping across Atlanta Palmer found an intimate lens through which to view the city s neighborhoods In *The Pool Is Closed* she documents the creeks behind fences the springs in the sewers the lakes that had all but vanished since her own parents learned to swim In the process she uncovers complex stories about environmental history water policy and the racial politics of public spaces Nothing prepared Palmer for the contamination sewage and bodies that appear when you look at water too long Her search for water became compulsive a way to make sense of the world *The Pool Is Closed* is a book about water where it flows and where it floods who owns it and what it costs It s also a story about embracing parenthood in a time of environmental catastrophe and political anxiety of dwindling public space and natural resources It chronicles a year long quest to find a place to swim and finding instead what makes shared water so threatening and wild
