The Poetics of Cavafy Gregory Jusdanis, 2014-07-14 This full length theoretical examination of Constantine Cavafy breaks the study of this great Greek poet free from the narrow context of traditional scholarship and introduces the latest critical developments into the study of Greek poetry Originally published in 1987 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 American Jewish Story through Cinema Eric A. Goldman, 2013-04-01 A superb thought provoking analysis tracing the metamorphosis of the image of the Jew as portrayed through 80 years of American cinema Library Journal Like the haggadah the traditional story of the Israelites exodus from Egypt read at the Passover seder cinema offers a valuable text from which to gain an understanding of the social political and cultural realities of Jews in America In an industry strongly influenced by Jewish filmmakers the complex evolving nature of the American Jewish condition has had considerable impact on American cinema and in particular on how Jews are reflected on the screen This groundbreaking study analyzes select mainstream films from the beginning of the sound era to today to provide an understanding of the American Jewish experience over the last century from the time when Hollywood's movie moguls most of whom were Jewish shied away from asserting a Jewish image on the screen to a period when Jewish moviemakers became more comfortable with the concept of a Jewish hero and with an overpowered yet heroic Israel and the way that the Holocaust assumed center stage as the single event with the greatest effect on American Jewish identity Recently as American Jewish screenwriters directors and producers have become increasingly comfortable with their heritage we are seeing an unprecedented number of movies that spotlight Jewish protagonists experiences and challenges This is a wonderful book for any lover of American films Hadassah Magazine

Morrison, 2014-05-08 Funeral Games in Honor of Arthur Vincent Louri explores the varied aesthetic impulses and ever evolving personal motivations of Russian composer Arthur Louri A St Petersburg native allied with the Futurist movement and profoundly sympathetic to Silver Age decadence Louri was swept away by the Revolution he surfaced as a Communist commissar of music before landing in Europe and America where his career foundered Making his way by serving others he became Stravinsky s right hand man Serge Koussevitsky s ghostwriter and philosopher Jacques Maritain s muse Louri left his mark on the poems of Anna Akhmatova on the neoclassical aesthetics of Stravinsky on Eurasianism and on Maritain s NeoThomist musings about music Louri serves as a flawless lens through which aspects of Silver Age Russia early Bolshevik rule and the cultural space of exile come into sharper focus But this interdisciplinary collection of essays edited by musicologists Kl ra M ricz and Simon Morrison also looks at Louri himself as an artist and intellectual in his own right Much of the aesthetic and technical discussion concerns his grandly eulogistic opera. The Blackamoor of Peter the Great understood as both a belated Symbolist work and as a NeoThomist exercise Despite the importance Louri attached to the opera as his masterwork Blackamoor has never been performed its fate thus serving as an emblem of Louri s own Yet even if Louri seems to have been destined to be but a footnote in the pages of music history he looms large in studies of emigration and cultural memory Here Louri's life like his last opera is presented as a meditation on the circumstances and psychology of exile Ultimately these essays recover a lost realm of musical and aesthetic possibilities a Russia that Louri and the world saw Illness, Disease and Death in the Poems of Constantine Cavafy Iakovos Menelaou, 2022-07-28 Constantine disappear Cavafy's preoccupation with the fragility of the human condition and his attention to illness disease and death old age alcohol consumption and homosexuality continue to attract and challenge his readers In turning anew to these themes this book draws on the medical humanities to provide a new and integrated framework The medical humanities provide us with a new framework through which Cavafy s poetry can be investigated not only by scholars in literary studies and world literature but also by medical practitioners and researchers in the history of medicine Modern Irish Poetry: A New Alhambra Frank Sewell,2001-01-25 Recently chapters on individual Irish language authors have formed part of publications regarding modern Irish art and culture in general Such chapters are welcome but they have excited the curiosity of readers to the degree that longer more detailed works are now required to put writing in Irish into perspective In this study of four modern poets two each from two generations Sewell attempts to illustrate not only the accumulative but the transformative nature of tradition Chapters 1 and 2 turn from the mid 20th century master Se n Riord in to the contemporary poet Cathal Searcaigh because the comparison and contrast highlights significant aspects of the amazing development of Irish poetry and indeed society in the period Here importantly the word development is meant in a neutral way the image used is that of a zig zag movement in the pattern of the continuing Irish tradition Chapter 3 returns to the slightly earlier major Irish language poet M irt n Dire in In doing so it returns home from the internationalism of the previous chapter on Searcaigh to Ireland a major focus and

concern for the more solely traditionalist Dire in This switch back in time geography social mores or outlook fits and illustrates Sewell's concept of the zig zag movement of a country's culture as it proceeds from generation to generation The positioning therefore has a thematic purpose The fourth and final chapter focuses on the contemporary poet Nuala N Dhomhnaill who has managed to synthesise tradition and modernity central concerns of this book and who in doing so has become the current trail blazer of Irish poetry in either language
