Caring for Souls in a Neoliberal Age Bruce Rogers-Vaughn,2016-11-08 This volume offers a detailed analysis of how the current phase of capitalism is eating away at social interpersonal and psychological health Drawing upon an interdisciplinary body of research Bruce Rogers Vaughn describes an emerging form of human distress what he calls third order suffering that is rapidly becoming normative Moreover this new paradigm of affliction is increasingly entangled with already existing genres of misery such as sexism racism and class struggle mutating their appearances and mystifying their intersections Along the way Rogers Vaughn presents stimulating reflections on how widespread views regarding secularization and postmodernity may divert attention from contemporary capitalism as the material origin of these developments Finally he explores his own clinical practice which yields clues for addressing the double unconsciousness of third order suffering and outlining a vision for caring for souls in these troubling times

Care of Souls, Care of Polis Ryan LaMothe,2017-07-25 In the fields of pastoral care and pastoral theology there are times when a book signals a paradigm shift This is one such book LaMothe

develops a political pastoral theology that is used to examine critically political economic and societal structures and practices In the first part of the book LaMothe argues that care and pastoral care are political concepts which along with the notion of justice can be used as a hermeneutical framework to assess macropolitical and macroeconomic realities Included in this section is the notion of civil and redemptive discourse necessary for the survival and flourishing of persons and polis The last section of the book examines U S Empire capitalism class classism and other pressing political issues using the hermeneutical lens of care

Living Devotions Mary Clark Moschella, 2008-01-01 Living Devotions explores how a particular community has creatively negotiated its religious bonds of connection in the context of immigration These matters cannot be studied in the abstract Religious practice is not something separate from the economic cultural and psychological dimensions of life but rather something integral which shapes and is being shaped by all of these other realities The author examines these dynamics through an ethnographic case study of the living devotions of a group of Italian Catholic immigrants to San Pedro California The narrative describes how the group s historical experiences of immigration and fishing find expression in their particular forms of prayer art artifacts and food The healing and transformative power of these shared religious practices is explored As contemporary theologians pastors and congregations seek to welcome and care for immigrants and other strangers in a shifting social landscape we need ways to engage in care full and attentive relationships The ethnographic method employed here suggests a way to lift up the voices of ordinary people allowing them to tell their own stories while piecing together emerging bits of theological wisdom and compelling care practices While the particular insights of any community are situated and specific theological reflection in one context can animate a broader discussion of transformative pastoral theology and practice

Prophetic Liturgy Tércio Junker, 2014-02-07 The primary purpose of Prophetic Liturgy is to inquire into the prophetic dimension of the liturgy Some questions addressed in the book are How can a liturgy be prophetic How can liturgy form and transform individuals and communities In which sense does the liturgy facilitate a living participation in socio political economic life How does the sacramental practice challenge the church to mediate God s gifts of grace love justice and mercy to the world Possible answers for these questions begin to emerge as we develop an understanding of religious praxis as an active and dynamic prophetic action in which the community of faith claims its identity promotes an engaged faithful Christian life and affirms the sacramental life of the church as a source of formation and inspiration for prophetic praxis mediating God s gift for the life of the world There is risk in presenting an option for prophetic praxis in that it may go beyond the comfort zone of a community and engender spiritual and political alienation The most challenging ethical hope of this book is to provide the worshiping community with prophetic awareness of socio economic injustice while at the same time preserving the community s historical cultural identity its religious values and its sacramental spirituality
