companies in the United States at the time MTC's most significant contribution to the burgeoning Ohio pottery industry was the development of innovative and varied proprietary tile production and installation methods. Compared to its emphasis on mosaic murals, MTC's utilitarian and giftware goods were produced in limited quantities and were not well received at the time, making them rarer today. This book chronicles the history of ceramic creativity in Zanesville, Ohio, from its earliest days as a bustling town before the Great Depression through its recovery in the 1960s. It examines the Mosaic Tile Company's whole history, the bygone details of this long lost business, its products, and its employees, and incorporates images and postcards illustrating its products in each chapter.
