**This Is No Secret** Joy Kapur,2009-02-19 It is almost impossible to capture the richness and the beauty of the idea contained in this book within the confines of one book or thousand books This is the essence of my own thinking and reflection based on my spiritual studies from various sources of knowledge and the wisdom of the ancient seers in the last forty years or so of my life It will be more appropriate to say that it is a product of my new awareness or call it the gift of grace that I have been able to put together multi faceted ideas about the Heart in a new frame of light We hear about the heart everywhere whether it is in a romantic tune or about love from the heart or emotions emanating from the heart or somebody singing about his or her broken heart Contrary to the popular belief that it is the brain that does everything and that it is mind or the brain that is the seat of consciousness we now know that it is the heart not the physical but the spiritual heart that is linked to the source of infinite intelligence Since ages in every culture and every religion much has been written about the heart metaphorically As per the wisdom of the ancient Hindu seers Greek and Buddhist scholars heart is the seat of human consciousness Here are the lines from Rig Veda X129 written more than 3 000 years ago In the One arose Love Love the first seed of the Soul The truth of this the sages knew Found hidden in their hearts Seeking therein the essence of wisdom The sages found that bond of union Between the known the Unknown Mankind has reached the highest expression of life or perhaps coming close to the ultimate states of human evolution when it comes to emotions feelings perceptions and subtler or higher realms of consciousness The natural laws of the universe are coaxing the humanity to seek the oneness the unity and the harmony in the hearts of everybody and everywhere by rising above any barriers of divisiveness and separateness It is true that we can observe the mind through

that faculty of the mind which observes the mind call it the faculty of reflection or self introspection It is the mind that observes the lower mind or the monkey mind and through developing this new awareness becomes the higher mind Let us call this the super mind This super mind has the faculty to absorb the heart based consciousness beyond the limited and conditioned consciousness of the baser mind In other words it is only through the light of this new awareness that mind becomes the super mind It is only through unity of the mind with the heart that the aspirant can experience a quantum leap in awareness and bestows the aspirant with keen intelligence This keen intelligence is not a product of the lower mind but the mind that soaked in the heart consciousness and the ennobling qualities connected with the heart The heart is far more than a mere organ that pumps blood all day long it is a generator of information energy and its cells are storehouses of info energetic memories Heart is a feeling thinking receiving and communicating organ having spiritual powers Heart is the most sophisticated internal cosmic antenna capable of receiving and remitting healing rays through thoughts feelings and prayers in the form of positive vibrations This not based on some heresy or some old man s tale or hunches it is based on self knowledge wisdom and discernment and qualities of head and heart It is your thoughts and passions deep down your heart that determine who you are and your core passions and what you will be based on knowing first and then implementing those passions through a plan of action When we know what we are deep down in our heart it is easy to go about following what we love and loving what we do All our desires ambitions fears loves and passions reside in embryonic form in our heart center We are naturally attracted to whatever we secretly harbor in our heart s DNA and whatever we harbor with passion has the p
