**German Secret Weapons of the Second World War** Ian V. Hogg, 2020-01-24 A comprehensive highly detailed study that displays a stunning wealth of technical knowledge a brisk and understandable narrative HistoryNet The phrase German secret weapons immediately conjures up images of the V 1 and V 2 missiles that bombarded London in 1944 But what of the V 3 and V 4 What of Schmetterling the Rochling shell the Kurt bomb the Hs293 These and many other devices were all part of the German secret armory but are relatively unknown except to a handful of specialists What of the German nuclear bomb And the question of chemical warfare The sheer magnitude of the secret weapon projects of the Third Reich is revealed in this comprehensive study written by one of the world s great experts on weaponry The book explores the various fields in which the Germans concentrated their weapon development and discusses the multiplicity of ideas the difficulties and in several cases how these ideas were subsequently exploited by the victors Although much of the German wartime development was not completed before the war s end it nevertheless provided a foundation for a great deal of the munitions development that has since taken place Comparisons with Allied projects are also drawn This book explodes some of the myths surrounding Hitler s secret weapons to reveal a truth all the stranger for being fact Includes photographs and line drawings

Women in Allied Naval Intelligence in the Second World War Sarah-Louise Miller, 2024-10-17 Closely examining the work of women in the US and British naval services towards Allied naval intelligence during the Second World War this book focuses on their contributions during the Battle of the Atlantic and Pacific Naval War in order to shed new light on arenas of war from which women s narratives are almost always absent Including personal testimonies from those involved and surveying a wide cross section of different roles Sarah Louise Miller analyses the work of women at every level and rank in the US and British naval services and offers a much wider picture of how they assisted the Allied forces behind closed doors With exploration of the work of the WRNS and WAVES on developing naval intelligence this book argues that they played a crucial role in the British and American SIGINT systems and within programs such as those at Bletchley Park and OP 20 G therefore directly impacting the organisation and outcome of Anglo American naval efforts Including analysis of the development of the modern kill chain Miller also re evaluates the effect of the combat taboo to demonstrate that the WRNS and WAVES were in fact at the cutting edge of the emergence of modern warfare

Most Secret Source: The Role of Enigma in WWII Darvin Babiuk, 2020-12-16 How did ULTRA shape the course of

the war At times it played a major role in the turning of battle at other times did not at still others was fatally misused and at still others was beneficial but not necessary to bring about victory in any case Unfortunately good intelligence is often badly used by its masters ULTRA was no different Did ULTRA win the war No men and tanks and bombs and airplanes did Did ULTRA shorten the war Given the extent to which it provided foreknowledge once the balance of military forces was relatively close the answer must be yes Did ULTRA prevent an earlier end to the war either by creating such confidence that avoidable mistakes were made in the rush for glory or by preventing acceptance of an outcome short of unconditional surrender or by causing the Allies to discount internal German opposition and a possible suicide attempt on Hitler No for its benefits outweighed its negative Does the glory of the victory become tainted in light of ULTRA Yes for not only does it reveal the extent to which our commanders knew in advance of German battle strengths and location thus giving them a decided advantage it also points out several egregious errors on their part despite possession of ULTRA Can intelligence be counted on to provide us victory in future conflicts No ULTRA use and implementation was clearly deficient for two to three years and came about only with the help of Polish and French contributions which we cannot count on in the future As Welchman points out that may well mean suicide in a world where computers and ICBM s reduce the drag time to seconds from years What role did ULTRA play To quote one of the examiners Ultra was a war winner even if not the war winner The Gift of Death, Second Edition & Literature in Secret Jacques Derrida,2008-04 Translator s preface to the 2007 edition The gift of death Secrets of European responsibility Beyond giving for the taking teaching and learning to give death Whom to give to knowing not to know Tout autre est tout autre Literature in secret an impossible filiation The test of secrecy for the one as for the other Father son and literature More than one Secrets of the Second World War Grigorii Abramovitch Deborin,1971 **Historical Dictionary of World War II** Anne Sharp Wells,2013-12-24 This dictionary covers the complex and costly conflict that began when Germany ruled by Adolf Hitler and the Nazi Party invaded neighboring Poland on 1 September 1939 and concluded when Germany surrendered on 7 9 May 1945 leaving much of the European continent in ruins and its population devastated The war against Germany Italy and the other European Axis members was fought primarily in Europe the Mediterranean the Middle East East and North Africa and the Atlantic Ocean The Axis powers were defeated by the Allies led by the Grand Alliance of Great Britain the United States and the Union of Soviet Socialist Republics The Historical Dictionary of World War II The War against Germany and Italy relates the history of this war through a chronology an introductory essay maps and photos and an extensive bibliography The dictionary section has more than 300 cross referenced entries on the countries and geographical areas involved in the war as well as the nations remaining neutral wartime alliances and conferences significant civilian and military leaders and major ground naval and air operations This book is an excellent access point for students researchers and anyone wanting to know more about World War II **Secret Gear, Gadgets, and Gizmos** Bill Yenne, William Yenne, The relationship between war and science as old as the wheel

entered a whole new realm with the Civil War the first truly technological conflict Secret Gadgets and Strange Gizmos traces this evolving connection from the deadly innovations of the Union and Confederate forces to the top secret high tech inventions that are making military history today Chronicling the hits the misses and the important technological advances produced by the U S military s high tech hubs aviation wireless communication the Internet atomic energy satellite technology and space travel this richly illustrated book takes readers from the ironclads land mines and ship launched hydrogen balloons of the Civil War to the world changing bombs of the Atomic Age

**Official Secrets** Richard Breitman,2022-12-13 Richard Breitman s Official Secrets is an important work based on newly declassified archives As defeat loomed over the Third Reich in 1945 its officials tried to destroy the physical and documentary evidence about the Nazis monstrous crimes about their murder of millions Great Britain already had some of the evidence however for its intelligence services had for years been intercepting decoding and analyzing German police radio messages and SS ones too Yet these important papers were sealed away as Most Secret Never to Be Removed from This Office and they have only now reappeared Integrating this new evidence with other sources Richard Breitman reconsiders how Germany s leaders brought about the Holocaust and when and reassesses Britain s and America s suppression of information about the Nazi killings His absorbing account of the tensions between the two powers and the consequences of keeping this information secret for so long shows us the danger of continued government secrecy which serves none of us well and the failure to punish many known war criminals

**Shadow Warriors of World War II** Gordon Thomas,Greg Lewis,2017-01-01 They were told that the only crime they must never commit was to be caught Women of enormous cunning and strength of will the Shadow Warriors stories have remained largely untold until now In a dramatic tale of espionage and conspiracy in World War II Shadow Warriors of World War II The Daring Women of the OSS and SOE unveils the history of the courageous women who volunteered to work behind enemy lines Sent into Nazi occupied Europe by the United States Office of Strategic Services OSS and Britain s Special Operations Executive SOE these women helped establish a web of resistance groups across the continent Their extraordinary heroism initiative and resourcefulness contributed to the Allied breakout of the Normandy beachheads and to the eventual victory over Hitler Young and daring the female agents accepted that they could be captured tortured or killed but others were always readied to take their place So effective did the female agents become in their efforts the Germans placed a price of a million francs on the heads of operatives who were successfully disrupting their troops

**Secrets of the Second World War** Григорий Абрамович Деборин, 1971

**Secret City** James Kirchick, 2022-05-31 The New York Times Bestseller A New York Times Notable Book of 2022 Named one of Vanity Fair's Best Books of 2022 Not since Robert Caro's *Years of Lyndon Johnson* have I been so riveted by a work of history *Secret City* is not gay history It is American history George Stephanopoulos Washington D.C. has always been a city of secrets Few have been more dramatic than the ones revealed in James Kirchick's *Secret City* For decades the specter of homosexuality haunted Washington The mere suggestion that a person might be gay destroyed reputations ended careers and ruined lives At the height of the Cold War fear of homosexuality became intertwined with the growing threat of international communism leading to a purge of gay men

and lesbians from the federal government In the fevered atmosphere of political Washington the secret too loathsome to mention held enormous terrifying power Utilizing thousands of pages of declassified documents interviews with over one hundred people and material unearthed from presidential libraries and archives around the country Secret City is a chronicle of American politics like no other Beginning with the tragic story of Sumner Welles Franklin Delano Roosevelt s brilliant diplomatic advisor and the man at the center of the greatest national scandal since the existence of the United States James Kirchick illuminates how homosexuality shaped each successive presidential administration through the end of the twentieth century Cultural and political anxiety over gay people sparked a decades long witch hunt impacting everything from the rivalry between the CIA and the FBI to the ascent of Joseph McCarthy the struggle for Black civil rights and the rise of the conservative movement Among other revelations Kirchick tells of the World War II era gay spymaster who pioneered seduction as a tool of American espionage the devoted aide whom Lyndon Johnson treated as a son yet abandoned once his homosexuality was discovered and how allegations of a homosexual ring controlling Ronald Reagan nearly derailed his 1980 election victory Magisterial in scope and intimate in detail Secret City will forever transform our understanding of American history

**The Secret State** Richard C. Thurlow, 1995-01-09 This is a history of the secret activities of the British government in response to threats to the nation s well being and stability during the twentieth century It is based on intensive and widespread research in private and public archives and on documents many of which have only recently come to light or been made available The dangers perceived by the state have been manifold and various coming from within and from abroad Anarchists fascists socialists communists the IRA trades unionists and animal activists as well as spies terrorists and saboteurs have been the subject of undercover investigation along with almost every large scale movement from suffragettes to campaigners for peace and nuclear disarmament The author describes the methods and people employed and the mixed nature of their results The British state has always seen itself as civil and liberal but as Dr Thurlow shows it has sometimes been far from open The government has had many weapons at its disposal from public order acts censorship internment and proscription on the one hand to covert operations infiltration and manipulation on the other Yet when examined in the light of new evidence the activities of the state are fully comprehensible only in terms of those who comprised it The author shows the tensions among the departments between MI5 MI6 SIS and the Special Branch for example and the crucial part played by individuals whose motives were often far from what the government supposed them to be This is an at times disturbing at others almost comical but always fascinating account It throws light on the inmost workings of the state as well as on the movements and people subject to investigation and action

*The Oxford Handbook of National Security Intelligence* Loch K. Johnson, 2010-03-12 The Oxford Handbook of National Security Intelligence is a state of the art work on intelligence and national security Edited by Loch Johnson one of the world s leading authorities on the subject the handbook examines the topic in full beginning with an examination of the major theories of intelligence It

then shifts its focus to how intelligence agencies operate how they collect information from around the world the problems that come with transforming raw information into credible analysis and the difficulties in disseminating intelligence to policymakers It also considers the balance between secrecy and public accountability and the ethical dilemmas that covert and counterintelligence operations routinely present to intelligence agencies Throughout contributors factor in broader historical and political contexts that are integral to understanding how intelligence agencies function in our information dominated age

Government Secrets and Cover-ups John P. Hunter III, 2014-07-30 GOVERNMENT COVER UPS Why on earth would I dare write a shocking book as this one The simplest explanations people ALL over the world are na ve and ignorant to what conspires within their own government or of religion for that matter These two words dominate people s thoughts everywhere What it boils down to is the nature of the human race believes that what they do not know will not hurt them I have to disagree with this philosophy because it can hurt you and even kill you This is what MOST governments rely on for people to disbelieve what is the real truth Lies are more profitable and who will believe the truth anyway The truth seems to come out of a science fiction novel Propaganda rules because the public refuses to believe that this is not the ninetieth or twentieth century anymore There are new inventions of warfare that most have never heard of A large amount of ground troops and bombings are becoming obsolete because of laser cannons robots and the High Frequency Active Auroral Research Program HAARP project What better ways to exterminate the over population then blame it on the weather so the government gets away with legalized MURDER WHY is it so hard to understand or believe when in reality people believe in sasquatches Big Foot Yeti abdominal snowman UFO s ghost or even living zombies because of panic but they deny government conspiracies More advanced countries in technology consider Oriental Countries as being expendable to be used as human guinea pigs Everybody just witnessed this from the typhoon Yolanda in the Philippines November 8 2013 before that an Indonesia earthquake followed by a large tidal wave and then a Japan catastrophe WAKE UP before you become the casualty or of your own family It is getting worse every day It is getting worse every year most do not care or are oblivious to the facts so get educated to reality

**The Secret History of MI6** Keith Jeffery, 2011-09-27 The authorized history of the world s oldest and most storied foreign intelligence service drawing extensively on hitherto secret documents Britain s Special Intelligence Service commonly called MI6 is not only the oldest and most storied foreign intelligence unit in the world it is also the only one to open its archives to an outside researcher The result in this authorized history is an unprecedented and revelatory look at an organization that essentially created over the course of two world wars the modern craft of spying Here are the true stories that inspired Ian Fleming s James Bond s novels and John le Carr George Smiley novels Examining innovations from invisible ink and industrial scale cryptography to dramatic setbacks like the Nazi sting operations to bag British operatives this groundbreaking history is as engrossing as any thriller and much more revealing Perhaps the most authentic account one will ever read about how intelligence really works The Washington Times
