

3 A new regional development pattern is quickly taking shape.

In 2021, the GDP of the **Beijing-Tianjin-Hebei** region reached RMB **9.6 trillion**, with an average annual growth of 6.3% from 2013 to 2021 at constant prices.

The development of **Yangtze River Economic Belt** has achieved new results. In 2021, the regional GDP of Yangtze River Economic Belt reached **53.0 trillion** yuan, accounting for **46.6%** of China's total GDP.

The **Guangdong-Hong Kong-Macao Greater Bay Area** is progressing solidly, **major infrastructure projects** have been completed, the integration of **capital, technology, talents, information** and other elements has accelerated, and the interconnection between cities has been strengthened.

Sectoral Foundations Of Chinas Development

Shahid Javed Burki, Shahid Yusuf

Sectoral Foundations Of Chinas Development:

The Sectoral Foundations of China's Development Shahid Javed Burki, Shahid Yusuf, 1992 The Sectoral Foundations of China's Development Shahid Javed Burki, Shahid Yusuf, 1992 *Issues for Infrastructure Management in the 1990s* Arturo Israel, 1992-01-01 **Developing Effective Employment Services** David Fretwell, Susan Goldberg, 1993-01-01

Employment services promote the efficient allocation of labor by among other things promoting labor mobility and improving productivity This paper assesses the cost effectiveness of services designed to expedite the exchange of labor between job seekers and employers The authors find that the benefits of employment services are not uniform Benefits may be reduced in small countries with a large informal sector or when the economy is stagnant and the demand for labor is depressed even though the need for the services may be greater under such conditions The authors advocate a balance between public and private sector delivery of employment services They favor opening the private market for what they term support services which increase productivity and include income support and retraining Such support services are distinct from what the authors call core services provision of which they believe is properly left to the public sector Core services to assist job seekers include job placement services relocation assistance counseling and skills assessment The authors find that core services are cost effective and that public sector providers can ensure that such services are delivered to unemployed low skilled or semiskilled workers whose needs may not be met by the private sector The paper reviews the justification for and development of employment services over time and compares various approaches to the provision of such services It reviews the various types of employment services and examines the differences between public and private sector delivery

Proceedings of a Conference on Currency Substitution and Currency Boards Nissan Liviatan, 1993-01-01 Eighteen well known policymakers and economists discuss the rising use of currency substitution in Latin America They examine the effects of currency boards on substitute currencies and on national stabilization programs Latin American countries including Argentina Bolivia Peru and Uruguay increasingly use dollars as a substitute for domestic currency The experts debate whether the region should encourage or resist this trend Topics include the effects of substitution on inflation liquidity and exchange rates The discussions on Argentina Peru and Brazil focus on the ways in which currency boards have affected stabilization in these countries They consider whether such boards can strengthen fiscal discipline and speed economic adjustment A currency board issues money that is converted into a foreign reserve currency at a fixed exchange rate This independent institution takes over the central bank s role as the sole issuer of base money It also manages the exchange rate to keep the currency stable and convertible **Korean Industrial Policy** Danny M. Leipziger, Peter A. Petri, 1993 The World Bank is changing the way it does business in the energy sector This Policy Paper is one of two that outlines the Bank s new policies for the sector The review was prompted by concern about the effects of power generation on the environment and on populations that may be resettled to make way for projects Another stimulus was the macroeconomic reality of fewer

investment resources in many countries And many developing countries are becoming more receptive to reforming the way energy is produced and consumed This paper credits the public monopoly approach of the last 30 years with facilitating expansion of power supplies capturing technical economies of scale and making effective use of scarce managerial and technical skills Nonetheless it recommends several new policies to improve the performance of the electric power sector in developing countries These reforms will guide future Bank activities in the sector Bank loans for electric power will go first to countries clearly committed to improving the performance of their power sectors The Bank will also discourage subsidies on energy prices and will encourage private investment in utilities And it will provide financing to help the least developed countries import power where local generation is not practical The efficiency of production and use of electric power in developing countries is examined in a companion paper Energy Efficiency and Conservation in the Developing World The World Bank's Role The World Bank's Role in the Electric Power Sector is also available in Spanish La funcion del Banco Mundial en el sector de la electricidad Politicas para efectuar una reforma institucional regulatoria y financiera eficaz ISBN 0 8213 2451 9 Stock No 12451 7 95 Price code 007 Spanis

Education and Development in India Jandhyala B.G. Tilak, 2018-09-15 Drawing on empirical interdisciplinary research this book presents a critical review of some of the major issues that are of interest to researchers policymakers and planners in developing as well as advanced countries including specifically in India It provides an in depth review of some of the major development policy issues in education in general and in India in particular over the past 2 3 decades Besides presenting an overview of the educational developments in India that reflects issues such as growth equity efficiency foreign aid decentralization center state relations financing and cost recovery the book puts forward in depth analyses of education poverty interrelations between education and poverty low level of outcomes in elementary education effects of structural adjustment policies and approaches on education south south cooperation etc It also critically discusses changes in policies relating to financing higher education external assistance for education and how the growth of private higher education is affecting society at large The dichotomy between public policy and action is also highlighted in many chapters On the whole while the importance of education is being increasingly recognized the state does not seem to be as willing to foot the bill for education as the households and even the private sector Occasionally contrasting with international evidence on for example financing higher education private higher education or the effects of neo liberal policies the book offers an interesting read for a wider audience

Borrower Ownership of Adjustment Programs and the Political Economy of Reform John H. Johnson, Sulaiman S.

Wasty, 1993-01-01 China has done much to reform its price system achieve macroeconomic stability and restore growth Nevertheless price distortions remain in three key areas This study suggests further price reforms for the energy grain and transport sectors It explains why energy price adjustments should have only a modest effect on consumer prices but a highly positive effect on the economy It discusses why China may have to reduce consumer subsidies to achieve the necessary

reforms for grain prices The study describes what the government must do to strengthen commodity markets generate competition and make allowances for seasonal price variations China's transport sector has been a critical development bottleneck The paper reviews tariff adjustments and other reforms that would modernize the transport system and help it meet growing demand These reforms also would encourage energy conservation and help integrate the national economy

Participatory Development and the World Bank Bhuvan Bhatnagar, Aubrey C. Williams, 1992-01-01 Participatory development is an end and a means It is an end because participation builds skills and enhances people's capacity for action and for enriching their lives It is a means because participation contributes to better development policies and projects As a development agency the World Bank is primarily concerned with exploring how individuals communities and public and private institutions can contribute to making development prospects better and more lasting This report reflects the outcome of a workshop intended to explore some difficult issues such as whether the Bank is approaching the idea of participation in the right way how and to what extent external agencies can encourage participatory development This book is a guide to the learning process The main messages of the introductory chapter reflect further thinking of the learning groups since the workshop

Civil Service Reform and the World Bank Barbara Nunberg, John R. Nellis, 1995-01-01 Annotation Surveys the World Bank's experience in supporting developing country civil service reforms and begins to assess the progress made The World Bank recognizes the importance of the civil service to the general welfare of the 4.6 billion people in low and middle income countries Between 1981 and 1991 civil service reform was a prominent feature of 90 World Bank lending operations This paper surveys the Bank's experience in supporting this reform and assesses the progress made The lending operations concentrated on two separate dimensions 1 Shorter term emergency steps to reform public pay and employment policies which center on measures to contain the cost and the size of the civil service 2 longer term civil service strengthening efforts directed toward ongoing sustained management improvements After examining the record of these reforms the authors conclude that the results have been mixed at best They recommend greater emphasis on devising a coherent far reaching strategy for reform and on detailing the set of tactics by which these goals will be achieved

The Political Economy of the Chinese Coal Industry Tim Wright, 2012-03-12 Coal mining is one of China's largest industries and provides an excellent case study through which to consider the broader issues of China's transition from socialism to capitalism focussing on the shift to a market economy the rise of rural industry and the situation of China's working class Coal was one of the pillars of the planned economy but the author argues its shift to market based operations has been protracted and difficult particularly in moving from the artificially low prices of the planned economy to market prescribed prices a change that had a major impact on the industry's financial performance The book goes on to consider the growth of small rural coal mines as part of the Township and Village Enterprises (TVEs) programme these small mines have brought prosperity to areas where small manufacturing enterprises are not competitive but at the same time have been the cause of

many social and environmental problems It also examines the situation of coal miners arguably one the most vulnerable segments of the Chinese working class under socialism and under capitalism paying particular attention to the issue of work safety and coal mine disasters The book provides a comprehensive and coherent treatment of these issues from the establishment of the People s Republic up to 2010

Making Motherhood Safe Anne G. Tinker,1993-01-01 This collection reviews national policies that critically influence economic performance in developing countries It describes principles that shape good economic policy and illustrates them with case studies In an overview that draws together insights from the essays the volume editor explains why poor countries need sound government policies to offset unfavorable conditions including scant natural resources adverse problems that occur with monetary and exchange rate policies and financial sector reform The basic rules for monetary policy in an open economy are developed along with the different ways in which financial reform and financial repression affect an economy Practical ways to deal with foreign exchange markets are described They include such arrangements as multiple exchange rates for commercial transactions and dual rates that separate commercial and financial transactions Also examined are the ways in which trade liberalization and trade restrictions impede economic development Advice is given on developing a uniform structure that balances the administration of taxes with the efficiency of a tax structure The book examines the relationship between budget deficits and money creation and suggests management strategies for developing sound economic policy that include advice on inflation control international trade import restrictions income tax rates and price and wage controls Published for the World Bank by Oxford University Press

Information Technology in World Bank Lending Nagy Hanna,Sandor Boyson,1993-01-01 This study describes a strategy to reduce poverty by boosting labor productivity and economic growth It focuses on Uganda s two key sectors agriculture and industry The strategy seeks to make Uganda a self sufficient food producer and a major crop exporter It also advocates policies that would make the nation less dependent on imports and better at marketing its own products Some suggestions include ways to improve labor markets raise agricultural output and broaden the tax base Other recommendations discuss ways to develop the financial sector and spur savings and investment Also examined are the government s economic adjustment policies and their effects on the poor Analysts point out the different ways that poverty affects men and women The study also discusses how to increase public funds for social services that would improve the labor force It recommends policies that will help women become full partners in Uganda s development Tables and other illustrations throughout the text provide detailed statistics on Uganda s economic status Topics include crop yields poverty indicators gross domestic product and public sector expenses

Assessment of Carbon Footprint in Different Industrial Sectors, Volume 1 Subramanian Senthilkannan Muthu,2014-01-04 Carbon footprint is one of the important environmental impacts which has received greater attention from the public government and media It is one of the important topics of even any government s agenda as well and every nation is trying its best to reduce its carbon footprint to the

maximum possible extent Every company would like to reduce the carbon footprint of its products and consumers are looking for the products which emit lower carbon emissions in their entire life cycle Assessment of Carbon footprint for different products processes and services and also carbon labelling of products have become familiar topics in the recent past in various industrial sectors Every industry has its unique assessment and modelling techniques allocation procedures mitigation methods and labelling strategies for its carbon emissions With this background this book has been framed with dedicated chapters on carbon footprint assessment on various industrial sectors In each chapter details pertaining to the assessment methodologies of carbon footprint followed in a particular industry challenges in calculating the carbon footprint case studies of various products in that particular industry mitigation measures to be followed to trim down the carbon footprint recommendations for further research are discussed in detail This first volume includes the carbon footprint assessment methodology of agricultural sector telecommunication sector food sector ceramic industry packaging industry building and construction sector and solid waste sector

The Building Blocks of Participation Michael M. Cernea, 1992-01-01 Examines how a capacity for mobilizing community participation can be built into a project s design and staffing This paper answers that question by analyzing step by step one case rich in experience the decentralization project in Mexico and its predecessor the PIDER Programa Integral para el Desarrollo Rural program The time span of this series of projects stretches from the early 1970s to the early 1990s Handbook of Latin American Studies v 57

The Reformability of China's State Sector Guanzhong James Wen, Dianqing Xu, 1997 China has achieved alarming success in accelerating the economic growth rate since it started economic reform about 16 years ago However its state sector is still running severe deficits Even though its productivity might be improved since the reform started its financial situation nevertheless has been worsening mainly as a result of increased competition from the rapidly expanding non state sector Therefore the reform of this sector has become an urgent problem All the papers collected in this book are closely related to the various issues that the reform of the state sector has to solve Among the contributors are Professor Merton H Miller a Nobel laureate and expert on firm finance and governance Mr Ji Lin the vice president of the Chinese Academy of Social Sciences Dr Justin Y Lin the director of Center of China s Economic Research at Beijing University Professor Gang Fan the well known Chinese Economist and vice director of the Institute of Economic Research at the Chinese Academy of Social Sciences Professor Guoqiang Tian an expert on mechanism design at Texas A M University and many other researchers and professors from China and the North America s research institutes and universities Therefore this book will be extremely useful and relevant to those economists as well as government decision makers working in the field of the transitional economy

Charity with Chinese Characteristics Katja Levy, Knut B. Pissler, 2020-06-26 This thought provoking book explores the functions of charitable foundations in the People s Republic of China Using both empirical fieldwork and extensive textual analysis it examines the role of foundations in Chinese society and their relationship with the Chinese government and provides a new functional

perspective on the role of foundations complementing mainstream civil society and corporatist perspectives Exporting High-value Food Commodities Steven Jaffee, Peter Gordon, 1993-01-01 The economic integration of the European Community EC and its implications for Sub Saharan Africa are examined in this anthology **Natural Gas in Developing Countries** John Homer, 1993 Describes how to run a sound and efficient bank in a liberalized financial environment Also available Banking Institutions in Developing Markets Volume 2 Interpreting Financial Statements Chris J Barltrop and Diana McNaughton 152 pages ISBN 0 8213 2218 4 Stock No 12218 20 00 Price code S2 Chinese Economists on Economic Reform - Collected Works of Yu Guangyuan Yu Guangyuan, 2013-12-04 This book is part of a series which makes available to English speaking audiences the work of the individual Chinese economists who were the architects of China's economic reform The series provides an inside view of China's economic reform revealing the thinking of the reformers themselves unlike many other books on China's economic reform which are written by outside observers Yu Guangyuan 1915 is a famous Chinese philosopher and economist A member of the Chinese Communist Party from 1937 he has made significant contributions in the fields of Marxist theory and in state planning He was head of the Political Research Office of the State Council from 1975 and the first director of the Economic Research Institute of the State Planning Commission He has held many other important posts and was editor in chief of the Dictionary of Economics The book is published in association with China Development Research Foundation one of the leading economic and social think tanks in China where many of the theoretical foundations and policy details of economic reform were formulated
