Sectors of American Judaism Jacob Neusner, 1975      *Jewish Reform Movement in the US* Mara W. Cohen

Ioannides, 2017-11-20 This volume examines the development of the non liturgical parts of the Central Conference of American Rabbis Haggadah Through an understanding of the changes in American Jewish educational patterns and the CCAR's theology it explores how the CCAR Haggadah was changed over time to address the needs of the constituency While there have been many studies of the Haggadah and its development over the course of Jewish history there has been no such study of the non liturgical parts of the Haggadah that reflect the needs of the audience it reaches How the CCAR the first and largest of American born Judaism's addressed the changing needs of its members through its literature for the Passover Seder reveals much about the development of the movement This in turn provides for the readers of this book an understanding of how American Judaism has developed      *The New American Judaism* Rabbi Dr. Arthur Blecher, 2007-10-16

Popular Washington D C rabbi and psychotherapist Arthur Blecher believes that the American Jewish community is actually flourishing amidst fears of dying out He shows us that intermarriage strengthens Judaism a concept that many Jews continue to debate In straightforward and engaging chapters he provides a progressive and positive outline of how this religion has changed over the years and why American Jewish culture must be embraced and discussed in depth in Jewish families This is a fascinating exploration of the ways in which social and psychological forces created a new and quite different form of Judaism in America more than one hundred years ago      **The Documentary History of Judaism and Its Recent**

**Interpreters** Jacob Neusner, 2012-07-10 The result for the history of Judaism of a documentary reading of the Rabbinic canonical sources illustrates the working of that hypothesis It is the first major outcome of that hypothesis but there are other implications and a variety of new problems emerge from time to time as the work proceeds In the recent past Neusner has continued to explore special problems of the documentary hypothesis of the Rabbinic canon At the same time Neusner notes others join in the discussion that have produced important and ambitious analyses of the thesis and its implications Here Neuser has collected some of the more ambitious ventures into the hypothesis and its current recapitulations Neusner begins with the article written by Professor William Scott Green for the Encyclopaedia Judaica second edition as Green places the documentary hypothesis into the context of Neusner's entire oeuvre Neuser then reproduces what he regards as the single most successful venture of the documentary hypothesis contrasting between the Mishnah's and the Talmuds programs for the social order of Israel the doctrines of economics politics and philosophy set forth in those documents respectively Then come the two foci of discourse Halakhah or normative law and Aggadah or normative theology Professors Bernard Jackson of the University of Manchester England and Mayer Gruber of Ben Gurion University of the Negev treat the Halakhic program that Neusner has devised and Kevin Edgecomb of the University of California Berkeley has produced a remarkable summary of the theological system Neusner discerns in the Aggadic documents Neusner concludes with a review

of a book by a critic of the documentary hypothesis      Religion in America Julia Corbett Hemeyer,2016-02-19 Religion in America 7th Edition provides a comprehensive yet concise introduction to the changing religious landscape of the United States Extensively revised and updated to reflect current events and trends this new edition continues to engage students in reflection about religious diversity Julia Corbett Hemeyer presents the study of religion as a tool for developing appreciation of communities of faith other than one's own and for understanding the dynamics at work in religion in the United States today      *Three Questions of Formative Judaism* Jacob Neusner,2021-10-01 The academic study of Judaism requires a systematic inquiry into the history literature and religion and eventually the theology as revealed in the historical documents themselves Under this premise Three Questions of Formative Judaism encounters the canonical writings of Judaism in the context of their creation at a certain time and place How something is said thus becomes as important as what is said Bringing nearly fifty years of research to bear on these fundamental questions Jacob Neusner challenges his readers to face the difficult often unasked or neglected questions about the nature background and purposes of Rabbinic Judaism and rewards them with an enriched understanding and a stronger foundation for tackling the even more elusive questions concerning the theology of formative Judaism This publication has also been published in paperback please click here for details      **Religion and the Creation of Race and Ethnicity** Craig R Prentiss,2003-06-01 The original essays in this collection shed light on the role religion and myth have played in the creation of race and ethnic categories When scholars approach religion and race they tend to focus on such issues as how African Americans have expressed Christianity or how Japanese or Mexicans have lived religiously This volume meant specifically for those new to the field offers a different perspective Prominent scholars illuminate the role religious myths have played in shaping those very social boundaries that we call races and ethnicities It asks what part did Christianity play in creating Blackness To what extent was Japanese or Mexican identity itself the product of religious life The text comprised of all original material introduces readers to the social construction of race and ethnicity and the ways in which these concepts are shaped by religious narratives It offers examples from both the U S and around the world exploring these themes in the context of places as diverse as Bosnia India Japan Mexico Zimbabwe and the Middle East The volume helps make the case that any account of the social construction of race and ethnicity will be incomplete if it fails to consider the influence of religious traditions and myths      *Jewish Options* Arnold Dashefsky,Ira M. Sheskin,J.Alan Winter,2024-10-03 This book offers an examination of an expanding set of options for being Jewish in contemporary American society It examines the evolution of Jewish identity across five epochs of Jewish civilization as well as the transformation of the American Jewish experience across four centuries In addition an institutional history and a geographic demographic and religious profile of American Jews are presented including an outline of contemporary Jewish options to express Jewish identity in twenty first century America Readers will gain an understanding of how these options developed via the provision of a socio historical and a social scientific analysis of each option in one

integrated volume The book also discusses contemporary challenges to the continuity of American Jewish community and identity including the issues of education interfaith marriage and philanthropy *Encyclopedia of Judaism* Sara E.

American Jewish history and ethnomusicology and an insider's look at a profession that is also a vocation Week after week year after year Jews turn to sacred singers for spiritual and emotional support The job of the hazzan much more than the traditional messenger to God is deeply embedded in cultural social and religious symbolism negotiated between the congregation and its chosen voices Drawing on archival sources interviews with cantors and photographs Slobin traces the development of the American cantorate from the nebulous beginnings of the hazzan as a recognizable figure through the heyday of the superstar sacred singer in the early twentieth century to a diverse portrait of today's cantorate which now includes women as well as men Slobin's focus on the current nature of the profession includes careful consideration of the sacred singer's part in creating and maintaining the worship service the recent relationship between the rabbi and the hazzan within the synagogue and the music that contemporary cantors sing This first paperback edition features a new preface by the author A thirty five minute cassette for use with Chosen Voices is available separately from the University of

Kraemer, 2020-07-24 This book explores the history of Jewish eating and Jewish identity from the Bible to the present The lessons of this book rest squarely on the much quoted insight you are what you eat But this book goes beyond that simple truism to recognise that you are not only what you eat but also how when where and with whom you eat This book begins at the beginning with the Torah and then follows the history of Jewish eating until the modern age and even into our own day Along the way it travels from Jewish homes in the Holy Land and Babylonia Iraq to France and Spain and Italy then to Germany and Poland and finally to the United States of America It looks at significant developments in Jewish eating in all ages in the ancient Near East and Persia in the Classical age throughout the Middle Ages and into Modernity It pays careful attention to Jewish eating laws halakha in each time and place but it does not stop there it also looks for Jews who bend and break the law who eat like Romans or Christians regardless of the law and who develop their own hybrid customs according to their own laws whatever Jewish tradition might tell them In this colourful history of Jewish eating we get more than a taste of how expressive and crucial eating choices have always been
