Hot Shot Running Back Stephanie Queen,2023-11-20 George I thought I was a hot shit on campus until I met Jack Hunter He was a demi god a black hole on campus sucking up every girl in his orbit until they may as well be invisible Or until I may as well be invisible In spite of that he s my best friend and I

spend four years making do with his leftovers consoling girl after girl once he's rejected them. It was a tough job but I didn't mind it. Rich sarcasm here. But I didn't mind until it came to Izzy. She's my achilles heel, the one girl I never let out of my sights, no matter if she sees me or not, but she got sucked into Jack's orbit too and he doesn't let go of her easily. Worse, she doesn't want to let go of him. She clings to his ghost even as I console her, even when she'll let me be no more than a friend. I want to be okay with that. I don't want to hate my best friend. I don't want to see Izzy's heart broken. But I also fucking *lutely* do not want to be nothing more than a friend to her. I need Izzy to choose me. But how can I ever be sure I'm nothing more than leftovers? *Hot Shot Running Back* is in the Big Men on Campus world and can be read as a stand-alone George Izzy story, is a steamy college/new adult football romance where the hot friend finally wins the girl in a sizzling happy ever after ending. Contains sex and language for a mature audience.

Don't Call It a Comeback Keira D'Amato, 2025-09-09. Don't Call It a Comeback is fireworks in a crowded field of athlete memoirs. With a knack for hilariously vulnerable storytelling, Keira unspools a fascinating tale of her unconventional running career. Shelby Van Pelt, New York Times bestselling author of *Remarkably Bright Creatures*, a victorious tale of coming back in middle age to topple marathon records from the running world's most beloved underdog mom of two, and a woman voted most fun to follow on Strava. Keira D'Amato was an all-American runner who used to chase success. But after being injured in her early twenties, she assumed her running career was over and settled into life as a military spouse and mother of two young children. In her early thirties, she found herself overweight, out of shape, and battling postpartum depression. She knew that improving her fitness would make her feel better and told herself to just get out and run ninety seconds down her street and back. To her dismay, she couldn't do it. But two days later, she tried again. And six years after that, she broke the American women's record in the marathon at the age of thirty-seven. Keira has created a buzz in the world of professional athletics by taking the road less traveled. The normal trajectory for an elite female athlete has been to focus on sport first, then get a real job and finally have a family. Keira upended that: she married her high school sweetheart, had two babies in quick succession, began her career in real estate, and only then returned to running. But it's not just her relatable background that makes Keira so popular amongst fellow runners. We assume that to be successful, one must be serious and humorless with an all-or-nothing approach to ambition. But what if the opposite were true, that cultivating more fun and more variety in your life could actually help you reach your biggest goals? At an age when most athletes consider retirement, Keira is just getting started. And she's determined to share the secrets of her success to help readers to start chasing their own happiness, to dream a big scary dream, and ultimately to find their way back to themselves.
