Children's Emotions in Europe, 1500 - 1900 Jeroen J. H. Dekker,2024-04-04 This book gives you the historical sensation of coming face to face with the bodily expression and regulation of children s emotions over time The study does this by encouraging you to look through the eyes of well known artists like Albrecht D rer Domenico Ghirlandaio Jan Steen Antony van Dyck Rembrandt and Titian in early modern Europe and Jean Baptiste Sim on Chardin Thomas Lawrence Jean Honor Fragonard Philipp Otto Runge Willem Bartel van der Kooi Paul Gauguin Auguste Renoir and Jozef Isra ls in the late 18th and 19th centuries These sources are supplemented by works from less famous artists as well as popular emblem books child advice manuals observations from the emerging child sciences and personal documents Jeroen Dekker observes children s emotions mainly in the child s world and in the domestic emotional space and connects them with history s ongoing underlying discourse on education and the emotions This discourse was developed by theologians philosophers and moralists like Augustine Aquinas Erasmus Descartes Jacob Cats John Locke and Jean Jacques Rousseau by Romantic educationalists like Friedrich Fr bel and Ellen Key and by scientists like Charles Darwin and William James who emphasized the biological instead of the moral fundament of children s emotions The story of children s emotions is told in the context of cultural movements like the Renaissance Humanism the Reformation the Enlightenment Romanticism and the starting Age of Child Science Children s Emotions in Europe 1500 1900 crucially highlights the continuous co existence of regulation oriented and child oriented educational views on children s emotions      *Art and Children* Robin Works Davis,1996 Art and literature are

essential components of a child s education that encourage creativity self expression and abstract critical thinking These skills in turn help a child excel in math science reading and drama However traditional educational settings often destroy a child s innate self esteem and creativity Art and Children is an indispensable aid to educators and librarians interested in helping young children achieve their artistic and creative potential This teaching aid provides thematic unit based activities that use art and literature to develop skills such as interpretation self expression critical thinking experiential learning and problem solving Accompanied by numerous examples it offers step by step suggestions on how to plan implement and present these units and their related activities Addresses of art suppliers are also provided      *Reaching Standards and Beyond in Kindergarten* Gera Jacobs,Kathy Crowley,2010 Focusing on research based developmentally appropriate practices this book shows teachers how to help young children reach standards through creative play activities that ignite their

enthusiasm to learn     **The Philosophy of Imagination** Galit Wellner,Geoffrey Dierckxsens,Marco Arienti,2024-04-18  
Combining perspectives from both continental and analytic philosophy this timely volume explores how imagination today both shapes and is shaped by technology art and ethics Imagination is one of the most significant and broadly examined concepts in contemporary philosophy and is frequently understood as a basic human faculty that enables complex activities This book shows however that imagination is more than a mere enabler Whilst imagination shapes our experiences it is at the same time shaped by our environments Some of the most creative manifestations of imagination are the result of its two way interaction with art or technology or both In short imagination co shapes us Beyond the traditional perspectives of Kant and Heidegger The Philosophy of Imagination Technology Art and Ethics examines our dynamic relationship with imagination from contemporary technological advancements such as AI that transform the whole ecosystem to imagination in the context of videogames and literary fiction Analysing societal imagination it addresses the relationship between the racial imaginary and white ignorance as well as the effects that societal mechanisms such as lockdowns can have on our imagination Taking its cue from the here and now this volume brings together leading international scholars to investigate how the concept of co shaping allows us to see imagination and its crucial role in society in new and productive ways     [Accessing Series Science - 5 \(9-10\) - Teacher Book](#) Christine Moorcroft,2005-02 Contains a complete package of resources for teaching science and includes a separate Teacher resource book accompanied by a colour photobook The resource book also contains a range of photocopiable activity sheets
