Production Diary Des Lyver, 2013-01-25 Video production requires a high degree of organization to be a success Good organization will require a proper diary to be kept of your production It is the understanding of the paperwork and its organization that will make your production either a success or a failure Explained in accessible terms and assuming little prior knowledge of the subject this book will help you to plan successful procedures for all stages of a video production produce paperwork logically to get professional results understand the basic principles of setting up and running your own business avoid common and costly pitfalls If you are a student who wishes to learn about all aspects of planning and documenting a video production from conceptualization right through to final screening this book is for you It is particularly

suitable for the City and Guilds Media Techniques Certificate Television and Video Production Competences This book complements the other three titles in the series which allow you to understand the overall process of video production and then look in more detail at sound and lighting Music/Video Gina Arnold, Daniel Cookney, Kirsty Fairclough, Michael Goddard, 2017-08-30 This book is a lively comprehensive and timely reader on the music video capitalising on cross disciplinary research expertise which represents a substantial academic engagement with the music video a mediated form and practice that still remains relatively under explored in a 21st century context The music video has remained suspended between two distinct poles On the one hand the music video as the visual sheen of late capitalism at the intersection of celebrity studies and postmodernism On the other hand the music video as art looking to a prehistory of avant garde film making while perpetually pushing forward the digital frontier with a taste for anarchy controversy and the integration of special effects into a form designed to be disseminated across digital platforms In this way the music video virally re engenders debates about high art and low culture This collection presents a comprehensive account of the music video from a contemporary 21st century perspective This entails revisiting key moments in the canonical history of the music video exploring its articulations of sexuality and gender examining its functioning as a form of artistic expression between music film and video art and following the music video s dissemination into the digital domain considering how digital media and social media have come to re invent the forms and functions of the music video well beyond the limits of music television

Seeing Through the Eighties Jane Feuer, 1995-10-26 The 1980s saw the rise of Ronald Reagan and the New Right in American politics the popularity of programs such as thirtysomething and Dynasty on network television and the increasingly widespread use of VCRs cable TV and remote control in American living rooms In *Seeing Through the Eighties* Jane Feuer critically examines this most aesthetically complex and politically significant period in the history of American television in the context of the prevailing conservative ideological climate With wit humor and an undisguised appreciation of TV she demonstrates the richness of this often slighted medium as a source of significance for cultural criticism and delivers a compelling decade defining analysis of our most recent past With a cast of characters including Michael Hope Elliot Nancy Melissa and Gary Alexis Krystle Blake and all the other Carringtons not to mention Maddie and David even Crockett and Tubbs Feuer smoothly blends close readings of well known programs and analysis of television s commercial apparatus with a thorough going theoretical perspective engaged with the work of Baudrillard Fiske and others Her comparative look at Yuppie TV Prime Time Soaps and made for TV movie Trauma Dramas reveals the contradictions and tensions at work in much prime time programming and in the frustrations of the American popular consciousness *Seeing Through the Eighties* also addresses the increased commodification of both the producers and consumers of television as a result of technological innovations and the introduction of new marketing techniques Claiming a close relationship between television and the cultures that create and view it Jane Feuer sees the eighties through television while seeing through television in every sense

of the word British Music Videos 1966 - 2016 Emily Caston, 2020-07-31 Based on new archival evidence and interviews and setting out a new theoretical framework for music video analysis Emily Caston presents a major new analysis of music videos from 1966 2016 identifying not only their distinctive British traits but their parallels with British film genres and styles By analysing the genre craft and authorial voice of music video within the context of film and popular music the book sheds new light on existing theoretical and historical questions about audiences authorship art and the creative industries Far from being an American cultural form the book reveals music video's roots in British and European film traditions and suggests significant ways in which British video has impacted popular film and music culture **Experimental British television**

Laura Mulvey, Jamie Sexton, 2015-07-01 Throughout its history British television has found a place if only in its margins for programmes that consciously worked to expand the boundaries of television aesthetics Even in the present climate of increased academic interest in television history its experimental tradition has generally either been approached generically or been lost within the assumption that television is simply a mass medium Available for the first time in paperback

Experimental British television uncovers the history of experimental television bringing back forgotten programmes in addition to looking at relatively more privileged artists or programme strands from fresh perspectives The book therefore goes against the grain of dominant television studies which tends to place the medium within the flow of the everyday in order to scrutinise those productions that attempted to make more serious interventions within the medium **Popular**
