Seeds of Liberty Max Savelle,1948

Empire of Fortune Francis Jennings,1988 A riveting massively documented epic that overturns textbook clichés This impassioned study throws valuable light on our history Publishers Weekly

American Credo Michael Foley,2007-09-13 If America has a claim to exceptionalism *American Credo* locates it in a little understood ability to engage in deep conflicts over political ideas while at the same time reducing adversarial positions to legitimate derivatives of American history and development

Constituting Empire Daniel J. Hulsebosch,2006-05-18 According to the traditional understanding of American constitutional law the Revolution produced a new conception of the constitution as a set of restrictions on the power of the state rather than a mere description of governmental roles Daniel J Hulsebosch complicates this viewpoint by arguing that American ideas of constitutions were based on British ones and that in New York those ideas evolved over the long eighteenth century as New York moved from the periphery of the British Atlantic empire to the center of a new continental empire Hulsebosch explains how colonists and administrators reconfigured British legal sources to suit their needs in an expanding empire In this story familiar characters such as Alexander Hamilton and James Kent appear in a new light as among the nation's most important framers and forgotten loyalists such as Superintendent of Indian Affairs Sir William Johnson and lawyer William Smith Jr are rightly returned to places of prominence In his paradigm shifting analysis Hulsebosch captures the essential paradox at the heart of American constitutional history the Revolution which brought political independence and substituted the people for the British crown as the source of legitimate authority also led to the establishment of a newly powerful constitution and a new postcolonial genre of constitutional law that would have been the envy of the British imperial agents who had struggled to govern the colonies before the Revolution

American Paintings at Harvard Theodore E. Stebbins,Melissa Renn,2008-01-01 This volume features nearly 500 paintings watercolors pastels and miniatures from Harvard University's storied yet little known collection of American art These works many unpublished are drawn from the Harvard Art Museums the University Portrait Collection the Peabody Museum of Archaeology and Ethnology and other entities and date from the early colonial years to the mid 19th century Highlights include a rare group of 17th century portraits along with important paintings by Robert Feke John Singleton Copley Charles Willson Peale Gilbert Stuart and Washington Allston in addition to works depicting western and Native American subjects by Alexandre de Batz Henry Inman and Alfred Jacob Miller among others Each work is accompanied by scholarly commentary that draws on extensive new research as well as a complete exhibition and reference history An introduction by Theodore E Stebbins Jr describes the history of the collection Lavishly illustrated in color this compendium is a testament to the nation's oldest collection of American art and an essential resource for scholars and collectors alike

Daily Life in the Colonial City Keith T. Krawczynski,2013-02-20 An exploration of day to

day urban life in colonial America The American city was an integral part of the colonial experience Although the five largest cities in colonial America Philadelphia New York Boston Charles Town and Newport held less than ten percent of the American population on the eve of the American Revolution they were particularly significant for a people who resided mostly in rural areas and wilderness These cities and other urban hubs contained and preserved the European traditions habits customs and institutions from which their residents had emerged They were also centers of commerce transportation and communication held seats of colonial government and were conduits for the transfer of Old World cultures With a focus on the five largest cities but also including life in smaller urban centers Krawczynski's nuanced treatment will fill a significant gap on the reference shelves and serve as an essential source for students of American history sociology and culture In depth thematic chapters explore many aspects of urban life in colonial America including working conditions for men women children free blacks and slaves as well as strikes and labor issues the class hierarchy and its purpose in urban society childbirth courtship family and death housing styles and urban diet and the threat of disease and the growth of poverty

The First Global War William Nester, 2000-02-28 By 1756 the wilderness war for control of North America that erupted two years earlier between France and England had expanded into a global struggle among all of Europe's Great Powers Its land and sea battles raged across the North American continent engulfed Europe and India and stretched from the Atlantic to the Mediterranean Indian and Pacific waters The new conflict now commonly known as the Seven Years War of 1756-1763 was a direct continuation of the last French and Indian War This study explores the North American campaigns in relation to events elsewhere in the world from the ministries of Whitehall and Versailles to the land and sea battles in Europe Africa South Asia and the Caribbean Few wars have had a more decisive effect on international relations and national development The French and Indian War resulted in France's expulsion from almost all of the Western Hemisphere except for some tiny islands in the Caribbean and St. Lawrence Britain emerged as the world's dominant sea power and would remain so for two centuries Finally within a generation or two the vast debts incurred by Whitehall and Versailles in waging this war would help to stimulate revolutions in America and France that would forever change world history

American Sexual Character Miriam G. Reumann, 2005-03-07 When Alfred Kinsey's massive studies *Sexual Behavior in the Human Male* and *Sexual Behavior in the Human Female* appeared in 1948 and 1953 their detailed data spurred an unprecedented public discussion of the nation's sexual practices and ideologies As they debated what behaviors were normal or average abnormal or deviant Cold War Americans also celebrated and scrutinized the state of their nation relating apparent changes in sexuality to shifts in its political structure economy and people *American Sexual Character* employs the studies and the myriad responses they evoked to examine national debates about sexuality gender and Americanness after World War II Focusing on the mutual construction of postwar ideas about national identity and sexual life this wide-ranging shrewd and lively analysis explores the many uses to which these sex surveys were put at a time of extreme anxiety about sexual behavior

and its effects on the nation Looking at real and perceived changes in masculinity female sexuality marriage and homosexuality Miriam G Reumann develops the notion of American sexual character sexual patterns and attitudes that were understood to be uniquely American and to reflect contemporary transformations in politics social life gender roles and culture She considers how apparent shifts in sexual behavior shaped the nation s workplaces homes and families and how these might be linked to racial and class differences

The British Empire Before the American Revolution: The triumphant empire: Part I, The empire beyond the storm, 1770-1776; Part II, A summary of the series; Part III, Historiography Lawrence Henry Gipson,1967

The Pillars of Freedom Pasquale De Marco,2025-07-19 In the heart of the American story beats the pulse of a nation founded on the unwavering belief in liberty equality and justice for all The Pillars of Freedom takes readers on a captivating journey through the rich tapestry of American history exploring the foundational principles that have shaped the nation from its humble beginnings to its rise as a global superpower Across ten engaging chapters this book delves into the crucible of liberty where the seeds of American independence were sown It brings to life the struggles sacrifices and triumphs of the Founding Fathers as they crafted a new nation based on Enlightenment ideals and unwavering faith in the power of self governance The book examines the intricate structure of the American government highlighting the delicate balance of powers among the three branches and the ingenious system of checks and balances that prevents tyranny and ensures the preservation of individual rights It explores the pivotal moments in American history that tested the nation s resolve from the Civil War to the Civil Rights Movement showcasing the resilience and determination of the American people in the face of adversity The Pillars of Freedom also delves into the complex relationship between America and the world tracing its evolution from a fledgling republic to a global leader It analyzes the nation s role in major conflicts its diplomatic triumphs and failures and its ongoing pursuit of peace and prosperity Furthermore this book sheds light on the challenges and opportunities that America faces in the 21st century It examines the impact of globalization technological advancements and shifting geopolitical dynamics on the nation s economy security and social fabric The Pillars of Freedom is not merely a historical narrative it is an exploration of the ideals that have shaped America and continue to inspire people worldwide It is a celebration of the nation s achievements and a thoughtful reflection on its ongoing journey towards a more perfect union If you like this book write a review

The British Atlantic Empire Before the American Revolution Glyndwr Williams,2005-07-08 First Published in 1980 The dynamism within the American colonies in the fifty years or so before the outbreak of the crisis of the 1760s that was to lead to the Revolution has never been in doubt The articles written included in this text suggest a number of ways in which the imperial factor was of real importance in colonial life and show that there was dynamism on the British side as well as in the colonies

A History of American Philosophy Herbert Wallace Schneider,1946-01-01 The present work treats of several aspects of American philosophy in their historical perspective The author has interpreted philosophically the revolutionary changes that recent

years have brought in the domain of education church politics natural sciences etc The reader will find herein that American Philosophy is the outgrowth of impacts of new life and new directions imported by waves of immigration More conspicuous are the recent intellectual imports from Cambridge Paris and Vienna The philosophical analysis that grew up in Cambridge under the leadership of Whitehead Russell and Moore the sophisticated modernized versions of Catholic scholasticism from Paris and the the schools of value theory existentialism phenomenology logical positivism psychoanalysis and socialism from Vienna these are now pervasive forces in American culture The author has ventured to predict that the types of philosophical thought described in this volume are being radically revised reviewed and reconstructed because of these new importations that a decidedly new chapter in American philosophy is being written The author has tried well to expound what American history teaches or what American philosophy stands for

The Frontier War for American Independence William R. Nester, 2004 The vicious war on the frontier significantly altered the course of the Revolution Regular troops volunteers and Indians clashed in large scale campaigns Bloody fights for land home and family Although the American Revolution is commonly associated with specific locations such as the heights above Boston or the frozen Delaware River important events took place in the wooded mountainous lands of the frontier

The American Colonies Richard C. Simmons, 1981 The American Colonies brings the burgeoning scholarship on early America under control and provides students with a graceful rigorous introduction to American colonial history Robert M Calhoun *Journal of American History*

The American Revolution, 1763-1783 Herbert Aptheker, 1960 This book offers a fresh and illuminating study of the period in American history from 1763 to 1783 The author interprets the War of Independence as a revolution considers its character and its sources the extent of popular support and the significance of class and regional conflicts He examines the philosophy of the revolution its military and world aspects and its relation to the emergence of nationhood Publisher

The World of the American Revolution Merril D. Smith, 2015-08-28 This two volume set brings to life the daily thoughts and routines of men and women rich and poor of various cultures religions races and beliefs during a time of great political social economic and legal turmoil What was life really like for ordinary people during the American Revolution What did they eat wear believe in and think about What did they do for fun This encyclopedia explores the lives of men women and children of European Native American and African descent through the window of social cultural and material history The two volume set spans the period from 1774 to 1800 drawing on the most current research to illuminate people's emotional lives interactions opinions views beliefs and intimate relationships as well as connections between the individual and the greater world The encyclopedia features more than 200 entries divided into topical sections each dealing with a different aspect of cultural life for example Arts Food and Drink and Politics and Warfare Each section opens with an introductory essay followed by A-Z entries on various aspects of the subject area Sidebars and primary documents enhance the learning experience Targeting high school and college students the title supports the American history core curriculum and the current emphasis on social

history Most importantly its focus on the realities of daily life rather than on dates and battles will help students identify with and learn about this formative period of American history *Seed of Liberty* Edward Keble Chatterton, 1929
