The Laughing Monsters Denis Johnson,2014-11-04 Denis Johnson s New York Times bestseller The Laughing Monsters is a high suspense tale of kaleidoscoping loyalties in the post 9 11 world that shows one of our great novelists at the top of his game Roland Nair calls himself Scandinavian but travels on a U S passport After ten years absence he returns to Freetown Sierra Leone to reunite with his friend Michael Adriko They once made a lot of money here during the country s civil war and curious to see whether good luck will strike twice in the same place Nair has allowed himself to be drawn back to a region he considers hopeless Adriko is an African who styles himself a soldier of fortune and who claims to have served at various times the Ghanaian army the Kuwaiti Emiri Guard and the American Green Berets He s probably broke now but he remains at thirty six as stirred by his own doubtful schemes as he was a decade ago Although Nair believes some kind of money making plan lies at the back of it all Adriko s stated reason for inviting his friend to Freetown is for Nair to meet Adriko s fianc e a grad student from Colorado named Davidia Together the three set out to visit Adriko s clan in the Uganda Congo borderland but each of these travelers is keeping secrets from the others Their journey through a land abandoned by the future leads Nair Adriko and Davidia to meet themselves not in a new light but rather in a new darkness *None Dare Call it Masculinity*

McCourt,2024-09-03 After the Cold War America s leaders hoped Russia and China could be integrated into the rules based international order and might even become more like the West By the late 2010s their optimism was dead In The End of Engagement David M McCourt traces the intense personal professional and policy struggles over China and Russia in U S foreign policy since 1989 Drawing on 170 original interviews with America s China and Russia experts from former policymakers and diplomats to prominent think tankers and academics McCourt chronicles the rise and recent fall of engagement with Beijing and Moscow While there are numerous explanations for why America moved away from engagement with China and Russia in the last decade McCourt shows that none consider how important foreign policy knowledge communities have been in impacting policy Adopting a unique sociological perspective this book offers an intimate look into the world of America s national security experts as they have struggled to make sense of changes in China and Russia and the remaining question of what comes next **Report of the President's Water Resources**

cultural historians Robert Cottrell and Blaine T Browne provide a well informed up to date synthesis of the events that rocked the world emphasizing the revolutionary possibilities more fully than previous books For a time it seemed as if anything were possible that utopian visions could be borne out in the political cultural racial or gender spheres It was the year of the Tet Offensive the Resistance the Ultra Resistance the New Politics Chavez and RFK breaking bread LBJ s withdrawal student revolt barricades in Paris the Prague Spring SDS sharp turn leftward communes the American Indian Movement the Beatles Revolution the Stones Street Fighting Man The Population Bomb protest at the Miss America pageant and Black Power at the Mexico City Olympics 1968 was also the year of My Lai the assassinations of Martin Luther King Jr and Robert F Kennedy Warsaw Pact tanks in Czechoslovakia the police riot in Chicago the Tlatelolco massacre Reagan s belated bid Wallace s American Independent Party campaign Love It or Leave It and the backlash that set the stage at year s end for Richard Milhous Nixon s ascendancy to the White House For those readers reliving 1968 or exploring it for the first time Cottrell and Browne serve as insightful guides weaving the events together into a powerful narrative of an America and a world on the brink
