Fraser,2020-07-21 As bearers of the divine image all of us are storytellers and artists However few people today believe in truth that is not empirically knowable or verifiable the sort of truth often trafficked through direct forms of communication Drawing on the works of Soren Kierkegaard Benson P Fraser challenges this penchant for direct forms of knowledge by introducing the indirect approach which he argues conveys more than mere knowledge but the capability to live out what one takes to be true Dr Fraser suggests that stories aimed at the heart are powerful instruments for personal and social change because they are not focused directly on the individual listener rather they give the individual room or distance to reconsider old meanings or ways of understanding Indirect communication fosters human transformation by awaking an individual to attend to images or words that carry deep symbolic force and that modify or replace one s present ways of knowing and ultimately make one capable of embodying what he or she believes Through an examination of the indirect approach in Kierkegaard Jesus C S Lewis and Flannery O Connor Fraser makes a strong case for the recovery of indirect strategies for communicating truth in our time      **Hide & Seek** Karri Bruntz,2014-01-29 Playing games is an age old pastime that never loses its appeal But what about this game of life we play every day Is it possible to ever master it For professional coach and speaker Karri Bruntz the answer is a resounding yes Woven cleverly into the framework of the world s most popular childhood game Karri s remarkably powerful system for finding your authentic self is revealed step by step in this awe inspiring guide Generously sprinkled with thought provoking insights and result igniting action steps Hide Seek will help you rediscover your innocence while becoming your most successful authentic and inspired self Personal growth has never been so much fun      *Find the Zoo Animals Seek and Find Fun!* JaymDesign Books,2021-02 The FIND THE Seek and Find Series is perfect for Preschoolers just starting out with their memory and recognition development Here they ll develop these necessary skills important in their early years of growing With large lettering and colourfully pictured designs they re sure to have great fun along the way first with the help of a grown up and later by themselves as they learn and grow Featuring a
