**Seeker of Unity** Louis Jacobs, 1966      *Seeker of Unity* Louis Jacobs, Visiting Professor at University College London and Visiting Professor Louis Jacobs, 2006-06-01 Rabbi Aaron Horowitz is generally acknowledged to be the most outstanding systematic exponent of the profound Habad theory of Hasidism One of the most striking features of the book is the way it demonstrates that there is a close affinity between Habad thought and Far Eastern spirituality Dr Jacobs has succeeded in bringing a vanished world to life for the modern reader      **Kabbalah and the Rupture of Modernity** Eli Rubin, 2025-03-25 Kabbalah and the Rupture of Modernity provides a comprehensive intellectual and institutional history of Chabad Hasidism through the Kabbalistic concept of im um The onset of modernity Eli Rubin argues was heralded by this startling idea existence itself is predicated on a self inflicted rupture in the infinite assertion of divinity Centuries of theoretical disputations concerning im um ultimately morphed into religious and social schism These debates confronted the meaning of being and forged the animating ethos of Chabad the most dynamic movement in modern Judaism Chabad s distinctive character and self image Rubin shows emerged from its spirited defense of Hasidism s interpretation of im um as an act of love leading to rapturous reunion This interpretation ignited a literal conflagration complete with book burnings denunciations investigations and arrests Chabad s subsequent preoccupation with im um was equally significant for questions of legitimacy authority and succession as for existential questions of being and meaning Unfolding the story of Chabad from the early modern period to the twentieth century this book provides fresh portraits of the successive leaders of the movement Innovatively integrating history philosophy and literature Rubin shows how Kabbalistic ideas are crucially entangled in the experience of modernity and in the response to its ruptures      **Uniter of Heaven and Earth** Miles Krassen, 2012-02-01 Uniter of Heaven and Earth explores an important stage in the development of Hasidism the eighteenth century Jewish mystical movement The author presents a clear and penetrating account of the basis of Hasidic mysticism clarifying its basic beliefs and contemplative practices The underlying teachings of Hasidism are elucidated through translations of many authentic Hasidic texts previously unavailable in English Including a wide range of Hasidic texts the book focuses on the writings of a seminal figure in early Hasidic history Rabbi Meshullam Feibush Heller A disciple of Rabbi Yehiel Mikhel the Maggid of Zlotchov perhaps the prototype of the Hasidic Rebbe Heller formulated a version of Hasidic teachings that highly influenced later stages and schools of the movement including HaBaD Hasidism Central to these writings are an argument for faith in Hasidic masters and an account of radical spiritual approaches that enable the masters to transform negative thoughts and emotions into means of discovering God This book clearly explains Hasidic mysticism s use of the Kabbalah discusses the meaning of Jewish holidays in early Hasidism and provides an edifying and insightful account of the ethical basis upon which Hasidism s mystical aspirations depend What emerges is an essential understanding of the mystical experience and distinctiveness of the Hasidic Zaddiq and the controversial spiritual practices which he alone

could safely employ     The Oxford Handbook of Meditation Miguel Farias, David Brazier, Mansur Lalljee, 2021 A state of the art guide to meditation science and history its facts and myths Covers the development of meditation practices across the world exploring how the varieties of meditation techniques were created in different cultural and religious contexts Explores ethical social and religious implications and discusses controversial topics Book jacket     Kabbalah: Secrecy, Scandal and the Soul Harry Freedman, 2019-01-24 This book tells the story of the mystical Jewish system known as Kabbalah from its earliest origins until the present day We trace Kabbalah's development from the second century visionaries who visited the divine realms and brought back tales of their glories and splendours through the unexpected arrival of a book in Spain that appeared to have lain unconcealed for over a thousand years and on to the mystical city of Safed where souls could be read and the history of heaven was an open book Kabbalah's Christian counterpart Cabala emerged during the Renaissance becoming allied to magic alchemy and the occult sciences A Kabbalistic heresy tore apart seventeenth century Jewish communities while closer to our time Aleister Crowley hijacked it to proclaim Do What Thou Wilt Kabbalah became fashionable in the late 1960s in the wake of the hippy counter culture and with the approach of the new age and enjoyed its share of fame scandal and disrepute as the twenty first century approached This concise readable and thoughtful history of Kabbalah tells its story as it has never been told before It demands no knowledge of Kabbalah just an interest in asking the questions why and how     The Messiah of Brooklyn Avrum M. Traditions of Maimonideanism Carlos Fraenkel,2009-06-30 The goal of the present volume is to shed light on a number of traditions of Maimonideanism that have hitherto little been explored Maimonides 1138 1204 was the most important medieval Jewish philosopher and also made lasting contributions to many other fields The essays in the first part examine aspects of his work in medicine Jewish law and liturgy The essays in the second part look at how Maimonides was read misread and creatively reinvented in a wide range of contexts in the East and in the West from medieval Cairo to Crown Heights in Brooklyn Written by a group of leading scholars the essays illustrate the breadth of Maimonides work and the fascinating history of its reception from the 13th century to the present     **Martin Buber's Social and Religious Thought**

Laurence J. Silberstein,1990-12 Moore focuses on Buber s central message about what it means to be a human being a person of faith and what mankind can do to overcome the eclipse of God Shofar Solid well researched and sympathetic might well spur a person to go back and read Buber Commonwealth     **Transnature's God** Meir Ben-Horin,2004     Louis Jacobs

and the Quest for a Contemporary Jewish Theology Miri Freud-Kandel,2023-10-15 For Louis Jacobs the quest the process of engaging with and thinking about Jewish faith was a lifelong pursuit He offered a model in the 1960s a period characterized by general religious crisis of an observant committed but intellectually curious Judaism that empowered individual seekers to address challenges to faith In Orthodox Judaism at the time a battle was under way for religious control Generating a widespread controversy in British Jewry known as the Jacobs Affair his thought offers a lens for examining the trajectory of Orthodoxy In a contemporary context marked by the changing cultural and intellectual concerns of a post secular age the focus of some of these debates over religious control has shifted Yet Jacobs emphasis on a personal quest is as relevant as ever perhaps more so This first book length analysis of his theology unpacks the building blocks of his thought It argues that despite its particularities and limitations his approach can provide a powerful model for contemporary religious seekers in the context of a growing impetus away from established denominationally bound forms of religion Many orthodox believers across a range of faiths continue to prefer the certainty of unquestionable religious truth claims rather than pursuing a subjective search for religious meaning For those seeking alternative models for the contemporary Jewish quest a reconsideration of Jacobs theology can offer valuable tools     Untold Tales of the Hasidim David Assaf,2011-04-12 Reveals

the untold tale of shocking events and anomalous figures in the history of Hasidism     Literary Hasidism Jonatan Meir,2016-06-30 Michael Levi Rodkinson 1845 1904 was a journalist author and publisher whose literary projects spanned numerous countries and continents Hero to some and scoundrel to others Rodkinson was a polemical figure whose beliefs

underwent many transformations over the course of his life most significantly from Hasidism to combative Haskalah to eventually anticipating the neo Romantic trends of the early twentieth century Throughout his career Rodkinson s writing challenged the familiar genres of the literature of Hasidism and the Haskalah shaping the religious realities of his readers and articulating a spiritual and community life among Jews who took his ideas to heart in surprising ways Today Rodkinson is frequently referred to as a minor Hasidic author and publisher a characterization based on the criticism of his opponents rather than on his writings In Literary Hasidism Meir draws upon those writings and their reception to present a completely different picture of this colorful and influential writer Examining Rodkinson s lifelong role as a catalyzing agent of different cultural phenomena his diverse publishing activities and his writings in their respective stages Meir grants readers a provocative new vantage point from which to consider this divisive enigmatic figure
