**Messiah** Sami Sjöberg, 2015-08-17 In recent years the role of religion in the avant garde has begun to attract scholarly interest The present volume focuses on the work of the Romanian Jewish poet and visual artist Isidore Isou 1925 2007 who founded the lettrist movement in the 1940s The Jewish tradition played a critical part in the Western avant garde as represented by lettrism The links between lettrism and Judaism are substantial yet they have been largely unexplored until now The study investigates the works of a movement that explicitly emphasises its vanguard position while relying on a medieval religious tradition as a source of radical textual techniques It accounts for lettrism s renunciation of mainstream traditions in favour of a subversive tradition in this case Jewish mysticism The religious inclination of lettrism also affects the notion of the avant garde The elements of the Jewish tradition in Isou s theories and artistic production evoke a broader framework where religion and experimental art supplement each other Renewing the Covenant Leonora Leet, 1999-03-01

A guide to how meditations and principles from the Kabbalah can be used to profoundly renew spiritual practice Reveals transformational meditations and visualization exercises based on the profoundest truths concealed in the Kabbalah The covenant that bound God to the Patriarchs in a special relationship of obligation and empowerment was renewed by God with Israel at Sinai and Moab Each of these three Jewish covenants can be associated with a particular spiritual practice the Patriarchal Covenant with Father Isaac s practice of meditation The Sinai Covenant of Holiness with the observance of the Sabbath required in its Ten Commandments and the Moab Covenant of Love comprising the entire Mosaic Torah with the practice of prayer instituted there In Renewing the Covenant Leonora Leet shows how this ladder of increasingly demanding and potent covenantal practices can enable one to ascend to ever higher levels of mystical Judaism At this threshold of a new millennium increasing numbers of people are seeking a more direct connection with the Divine To aid such a process Renewing the Covenant provides new paths for entering the treasurehouse of Jewish spirituality and achieving higher consciousness paths that can deepen the devotions of both nonobservant and traditionally observant Jews This process of covenant renewal begins with effective kabbalistic techniques of meditation combining mantra with visualization proceeds through the return to a reconstructed Sinai Sabbath and arrives at the culminating practice of ritual prayer whose performance can fulfill the kabbalistic purpose of creation When undertaken in the steps laid out by Dr Leet this process can

help many to discover forms of spiritual practice precisely tailored for the modern world as well as a new appreciation for the rich spiritual heritage of Judaism      **Full Circle** Raymond Robert Fischer,2002      Inner Messiah, Divine Character Benjamin Yosef,2014-07-29 Inner Messiah Divine Character encourages readers to deploy their imaginations in describing their lives as a confluence of narrative constructs to identify analyze and overcome obstacles and destructive patterns in both their personal and professional lives The book promotes a three point strategy to empower and to improve readers attitudes about their personal and professional struggles Drawing on the scholarship of Ancient Jewish mysticism and its influence on Freudian and Jungian analysis Inner Messiah Divine Character helps readers discover the Be within their Being to create new opportunities in the present motivates readers to perceive Beyond their limitations and ordinary expectations and encourages readers to strive for the superlative in their endeavors to achieve their Best      **Let There Be Light** Howard Smith, Ph.D.,2010-10-04 In Let There Be Light Howard Smith a research astrophysicist and traditionally observant Jew explores how modern scientific understandings of the cosmos complement Judaism s ancient mystical theology the Kabbalah He argues that science and religion are not only compatible but that a healthy productive dialogue between the two sheds light on ethics free will and the nature of life while at the same time rejecting fundamentalist misinterpretation and the pseudoscience of creationism Written for a general audience yet supported by the most current and accurate scientific research the book discusses topics such as modern quantum mechanics and mystical notions of awareness how Kabbalah s ten sefirot mirror the developing phases of an inflationary universe and the surprising parallels that exist between the Big Bang theory and Kabbalah s origin theory Smith delves into complex ideas without resorting to jargon or mathematical equations creating an intelligent authoritative work accessible to all readers      Warriors of the Millennium Alfred Willowhawk,2017-08-28 Creating and maintaining balance in the 21st century can be difficult We are inundated with noise to distract us Warriors of the Millennium quiet this noise so that they can make choices that are in one s own interest Take back control of your life from those who would take it from you
