Mutibwa, 2019-02-13 Cultural Protest in Journalism Documentary Films and the Arts Between Protest and Professionalisation entails a comprehensive account of the history and trajectory of contemporary journalistic documentary film and arts and cultural actors rooted partially or wholly in radical alternative community voluntary participatory and independent movements primarily in Britain and Germany It focuses particularly on the examination of production and organisational contexts of selected case studies some of which date from the countercultural era The book takes a transnational and interdisciplinary approach encompassing a range of theoretical perspectives drawn from the political economy of communication tradition alternative media scholarship journalism studies critical sociological and cultural studies of media industries cultural industries research and critical and social theory in conjunction with extensive ethnographic fieldwork It does so to reveal the obscure nature of media and cultural production and organisation at seventeen media and cultural actors based in Britain and Germany including South Africa and Nigeria A particular focus is placed on how such actors balance competing imperatives of a civic socio political professional artistic and commercial nature as well as various systemic pressures and on how they navigate the resultant ambivalences paradoxes and tensions in their day to day work In essence the book highlights key insights into a changing nature and quality of engagement with social and political realities in protest cultures Joe Hill Franklin Rosemont, 2015-12-18 A monumental work expansive in scope covering the life times and culture of that most famous of the Wobblies songwriter poet hobo thinker humorist martyr Joe Hill It is a journey into the Wobbly culture that made Hill and the capitalist culture that killed him Many aspects of the life and lore of Joe Hill receive their first and only discussion in IWW historian Franklin Rosemont's opus In great detail the issues that Joe Hill raised and grappled with in his life capitalism white supremacy gender religion wilderness law prison and industrial unionism are shown in both the context of Hill's life and for their enduring relevance in the century since his death Collected too is Joe Hill's art plus scores of other images featuring Hill inspired art by IWW illustrators from Ralph Chaplin to Carlos Cortez as well as contributions from many other labor artists As Rosemont suggests in this remarkable book Joe Hill never really died He lives in the minds of young and old rebels as long as his songs are sung his ideas are circulated and his political descendants keep fighting for a better day **DIY Utopia** Amber Day, 2016-12-22 At first glance contemporary popular culture filled with bleak images of the future seems to have given up on the possibility of positive collective change Below the surface however alternative culture is rife with artist led projects activist movements and subcultural communities of interest that seek to spark the collective imagination and to encourage hunger for alternatives More playfully self conscious than past utopian movements today's are often whimsical or ironic but are still entirely earnest Artists invite us to

re author city maps or archive individual ideas for the future while maker collectives urge us to rethink our relationship to consumer goods All seem to have grown out of a similar do it yourself ethos and alternative culture One of the central conflicts informing these case studies is that while it remains immensely difficult to envision anything outside of the current system of consumer capitalism there is nevertheless a powerful desire to take it apart in piecemeal ways We see the longing for new social and political narratives new forms of communion and sociability and new imaginings of the possible longings that are currently unmet by mainstream culture but that are taking expression in myriad ways at the local level Taken as a whole this collection examines what our grand ideals and playful daydreams tell us about ourselves

Do It Yourself The Trapeze Collective, 2007-05-20 Do you really want to change the world If the answer is YES then this book shows you how Ethical consumerism is now big business But leading a sustainable and truly radical life encompasses a whole variety of things that challenge the mainstream This book shows how we can make real changes to the way we live In simple steps it describes how you can create sustainable and equitable ways of living that can help transform not just your own life but the culture around you The book weaves together analysis stories and experiences It combines in depth analytical chapters followed by easy to follow How to Guides with practical ideas for change Taken together these small steps can move us towards taking back control of our lives from governments and corporations
